ROUTE OF CIRCUS PARADE. The Barnum & Bailey circus parade will leave the grounds at Twenty-fifth and Raleigh streets at 10 o'clock this morning.

There's only one direction today in Portland - that toward the circus grounds at Twenty-fifth and Raleigh streets.

The circus comes here from Centralia upon its own four special trains of six cars, the first train bringing the commissary department, stables and preliminary essentials to the circus camp.

Wild Animals Arrive. The elephants are here, the clowns, the gaudy chariots, the horses, animals and all the other things that for the past week have stimulated the small boy to a fever of youthful enthusiasm.

The parade this morning will leave the grounds at 10 o'clock, and will be a two-mile-long gaudy and colorful argosy.

Big Top Will Have Wonder. But it is under the "big top," the largest spread of canvas ever hoisted to the top of center-poles, that the main feast of circus days will be spread.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that.
