ARMOR HEARINGS CLOSE

125 SITES OFFERED NAVY FOR LOCATION OF PLANT.

Experts Widely Divided as to Place That Would Be Safest in Event of America Having War.

WASHINGTON, Sept. 14.—Hearings before Secretary Daniels and the General Board of the Navy on the question of a suitable location for the projected Government armor factory closed today with approximately 125 cities and rural districts asking for the plant. A selection probably will not be made for more than two months.
All possibility of purchasing a ready-built plant was disposed of during the hearings. Only two such factories were mentioned as possible purchases. The General Board considers neither satisfactory. Secretary Daniels said today that every proposal would be given careful consideration. The law provides that the factory, which will have an annual capacity of not less than 20,000 tons of armor, shall be located with special reference to safety in time of war. Naval experts are widely divided as to the best locality, some declaring Philadelphia the logical place, others preferring Birmingham because of its

19 COUNTIES TAKE SPACE

STATE FAIR EXHIBITS FAR OUT-NUMBER THOSE OF LAST YEAR.

Several Others Considering Entry Into Competition, More Individual Farmers Sign Up, Also.

SALEM, Or., Sept. 14.—(Special.)—With 19 counties having reserved space for exhibits and five farmers of different parts of the state entered in the individual farm products class, and several more counties and individuals in correspondence, to say nothing of the great number of entries in the agricultural and horticultural exhibition in the new pavilion this year will, beyond doubt, surpass that of any previous Oregon State Fair.
Last year only 14 counties exhibited, and the competition was so keen and close that there was but a fraction of a point's difference between the scoring of Union County, the winner of first prize, and Lane County, a close second. With five more entered this year the competition promises to be just as keen and the exhibits, in the aggregate, will be far more representative of the state's resources.
The counties which have thus far reserved space for exhibits are Baker, Benton, Clackamas, Coos, Douglas, Grant, Harney, Linn, Jackson, Josephine, Malheur, Marion, Polk, Multnomah, Umatilla, Union, Wallowa, Wasco and Tillamook.
The farmers who have reserved space are James Stewart, of Fossil; D. M. Lowe, of Ashland; Burton H. Peck, of Heppner; Leonard Gilkey, of Thomas, and C. E. Donaldson, of Tillamook.

CRUELTY TO COWS COSTLY

Three Men Plead Guilty and Are Fined at Oswego.

OSWEGO, Or., Sept. 14.—(Special.)—Gus Quady, Dave Black and Joe Neillist, employees at the Portland Union stockyards, pleaded before Justice of the Peace Haines at Oswego Tuesday charges of cruelty to animals, filed by Humane Officer L. W. Pitts, of Portland, and were fined \$10 each.
The trio had difficulty in driving some wild Eastern Oregon cattle in the company pasture west of Oswego, and decided to lessen their task by punching holes through the nostrils of the animals and passing a rope through the openings to lead them by.
Bend Brick Plant Finishes.
BEND, Or., Sept. 14.—(Special.)—The plant of the Bend Brick & Lumber Company shut down this week after the

QUALITY WINS!

We sell Hanan Shoes because we believe in point of artistic designing, correct style, high quality of materials and expert workmanship, THEY HAVE NO EQUAL.

Our customers have found it true economy to wear Hanan Shoes. Cheaper shoes offer far less value in comfort, wearing qualities and style. That a multitude of men and women appreciate this fact, is the reason why 1,000,000 HANAN SHOES ARE SOLD EVERY YEAR.
There is nothing which more certainly denotes the well-dressed man or woman than shoes. Wear Hanan's and your feet will be well dressed.

TUALATIN CHURCH BURNS

TUALATIN, Or., Sept. 14.—(Special.)—Fire today destroyed the old Congregational Church at this place. Mrs. Crin, Southern Pacific agent, discovered the blaze first under the front steps of the church. A bucket brigade was formed but could not save the building. The brigade did, however, succeed in saving adjoining buildings. Will Schamoni, employed in the golf links, was overcome by the heat and smoke while working at the fire. The church building has not been used for several years and was valued at about \$1200.

BEND DOGS UNMUZZLED

BEND, Or., Sept. 14.—(Special.)—In view of the apparent abatement of the rabies epidemic which prevailed here a few weeks ago, the City Council has suspended the dog-muzzling law. Although a number of domestic animals and two persons were bitten by rabid animals during the prevalence of the disease, no serious consequences resulted.

BEND MAY HOLD RACE MEET.

BEND, Or., Sept. 14.—(Special.)—At a meeting of stockholders in the Bend Fair and Track Association this week officers were elected as follows: President, C. W. Thornwaite; vice-president, A. L. French; secretary-treasurer, A. Whisenant; directors, C. M. McKay, John Steidl, Charles Boyd, J. N. Hunter and J. H. Stanley. Arrangements will be made, if possible, for an exhibition and races this Fall.
