Defenses of London Improved.

Apart from the loss in material, the casualties of the last two raids, it is believed, will have a depressing effect on the morale of the Zeppelin crews in the future.

The fact that the airships were both last night and September 3, shows the care with which the defenses have been developed. 30 Harney Children Arrive in City.

SAGEBRUSH JUVENILES AMAZED

Symphony Orchestra Goes On to Fair at Salem.

RETURN TO BE CELEBRATED

Junior Chamber of Commerce Arranges Big Entertainment for Downstate Visitors Wednesday and Thursday.

BY BEN HUR LAMPMAN. Just suppose you had been born away

back there, where the buff-and-gray coyote slips like a shadow through the sagebrush, and the miles stretch out forever and forever, even beyond the buttes. Suppose that you were 12 again and had never been anywhere until, ne day, the kindly fairy of good little children made a pass or two with her property wand, and, presto! you had actually traveled on the cars and were in a big city.

And that is what happened to many of the 30 children who came to Porttial.)-Three years ago George Bon land yesterday morning as talent of juvenile joy that has awakened Eastern Oregon to musical appreciation and moved on to fresh conquest.

Sounds of City Delight.

Thirty children, from 5 to 13 years, detraining at the North Bank Depot, with the sleepy Sunday morning noises of the city booming in their delighted ears, each child clasping a musical instrument and clambering eagerly into the big white buses that are to transport them to the Imperial Hotel, where they will be the guests of the management for the day in Portland,

Now, thoroughly to appreciate this, you must be still marveling at the novelty of one night in a Pullman sleeping car, and be prepared to voice the "Ah!" that gasped in startled delight from two-score of Harney County's reddest tons, was brought safely into port to- lips, when the elevator whinks you to the third floor of the hotel. For an elevator is a strange genie, and, in the name of Aladdin-

The Children's Sagebrush Symphony Orchestra, of Harney County, with Mrs M. V. Returning to Portland on Tuesday night, they will appear at the Eleventh-street Theater on Wednesday and Thursday evenings. During their stay in the city they will

ble and clusive as so many Harney County jackrabbits. Boys and girls alike, they are dressed in light brown khaki, with red ribbons about their outing hats, and red stockings on scurrying limbs. At the threats of their blouses the girls wear bows of
