HOP PRICE CLIMBS

Twelve Cents Is Offered in This State for Choice.

YAKIMA BIDS OVER 13 CENTS

Western Washington Blocked by Refusal of Growers to Sell—Heavy Business in California on 15-Cent Basis.

The hop market is steady gaining in strength, with enlargement of the Eastern demand. Buying is still confined chiefly to California for some reason that the dealers here do not understand, but they believe that the inquiry will soon be turned this way.

It was reported yesterday that two Eugene lots, those of Anderson, 65 bales, and Hardy, 80 bales, had been bought by T. A. Livesley & Co. at 11½ and 11 cents. There were also reports of 12 cents being offered in this state.

Twelve cents was freely bid in Western Washington, but growers would not sell. In the Yakima section better than 13 cents was offered during the day. The Shadbolt lot of 150 bales of Yakimas was sold.

The California market held strong at 15 cents for the best hops and buying was heavy. Proctor purchased 1200 bales and Wolf 300 bales at this price.

Among the Sonoma and Mendocino lots sold at 15 cents were: McCutcheon, 140 bales; Dick Hall, 250 bales; Peterson, 80 bales; Williamson, 100 bales; Siemer Bros., 250 bales; Stovey, 150 bales. Wolf purchased 300 bales of Yolos at 11½ cents and 100 bales of Buttes. Buyers offered 12-cent options on Sacramentos.

In New York there has been a further advance. Buyers yesterday paid 55 cents, and there were later offers of 56 cents.

BARLEY BIDS SHARPLY ADVANCED

For Feed Grade $35 Is Offered on Local Board.

Barley was the strong feature of the local grain market yesterday. At the Merchants Exchange bids for feed barley were advanced $2 to $35. In the country blue brewing barley was sold at $33 to $34 f. o. b. It was reported that one exporter has the barley supply closely bought up here.

The wheat market was rather weak. Bids in the interior were generally reduced a cent from Saturday. The car shortage is keeping buyers out of the market. They figure that they have all the wheat bought that they can ship by the first of the year.

Foreign crop conditions, as reported by Broomhall are as follows:

United Kingdom—Weather is now more favorable, and about five-sevenths of the wheat has been harvested. In the southern districts ploughing has a fair start.

France—Weather has been unfavorable, but wheat is all harvested and threshing is slow, owing to scarcity of labor. Early samples show fair quality, and movement of new wheat is increasing, but still very moderate. Foreign arrivals are good and meeting ready absorption. Stocks moderate.

Germany—Crop prospects are considered favorable. Loss of Danubian supplies further increases the food difficulty.

Russia—Rains are general and hindering completion of harvest and ploughing. Estimates of yields are being reduced, and it is believed that official figures are much too high. Old reserves are abundant of all grain, but the quality is unsatisfactory, as much of the good wheat has already been consumed locally and for seed. Prices are advancing. Stocks at north ports and also the Black Sea are moderate, as it is not believed that straits will be reopened to enable shipments this season, and therefore movement is light everywhere.

Argentine—Drouth continues over a wide area, but there are no damage claims of importance. Some rain has fallen in parts. Wheat offers are very light.

Australia—Weather fine and crop continues to improve on largely reduced acreage. Government steamers are commencing to load, and there is some chartering of new steamers, and shipments are estimated to increase moderately.

India—Weather favorable. Punjab reports good rains. Wheat offers larger.

Balkan States—Crop prospects generally favorable for wheat.

Terminal receipts in cars were reported by the Merchants Exchange as follows:

Fruit Stocks Not Heavy.

Fruit stocks were not heavy yesterday, and prices generally were firm. Receipts of peaches are gradually declining, and the cantaloupe season is also reaching an end.

Concord grapes from Eastern Washington were on sale at 40 cents per full basket. Local concords were quoted at 20 cents per half basket.

BUTTER FIRM WITH LARGER DEMAND

Five Cars Bought in This City for Shipment to Date.

The decrease in the make of butter and the outside demand are causing a firmer market. It is said that five cars have been bought to date for shipment. It is believed this butter is going to Europe.

At the produce exchange 30 cents was bid for extras and 31 cents asked. Firsts sold at 28 cents. Seconds were offered at 28 cents, with 25 cents bid. Dairy butter sold at 24 cents.

The egg market was firm, with 33 cents bid for current receipts and 34½ cents asked.

Oregon triplets were offered at 17½ cents and Oregon Young Americas at 19 cents, with no bid. Eastern cream brick was offered at 24 cents without bidders. For Oregon cream brick 19 cents was bid and 20 cents asked. Block Swiss was offered at 27½ cents and 27 cents was bid. Tillamook triplets were offered at 18½ cents, with 18 cents bid.

The poultry and dressed meat markets were steady and unchanged.

Clover Seed Yields Large.

M'MINNVILLE, Or., Sept. 25.—(Special.)—Unusually large yields of red clover seed are reported from Yamhill County fields this year, the farm of Dave Kirby, of Bellevue, producing 90 bushels from nine acres, and Duncan Ross, east of McMinnville, threshing an average of nine bushels to the acre. By a strict adherence to the plan of clipping the first crop at a given stage of its growth, as suggested by the Oregon Agricultural College, the farmers successfully have combated the ravages of the clover seed midge, which a few years ago threatened the destruction of the clover seed industry in the Willamette Valley.

STOCK SALES HUGE

Biggest Day's Trading in Wall Street for Nearly Decade.

NEW RECORDS NUMEROUS

Steel Soars to 120, but Does Not Retain Its Gain—Other Advances Largely Sacrificed in Closing Minutes of Session.

NEW YORK, Sept. 25.—All records in point of activity for nearly a decade were surpassed on the Stock Exchange today, when 2,250,000 shares, exclusive of countless "odd lots," changed hands to the accompaniment of numerous new high records. Many of these gains were sacrificed in the last hour, more particularly the last 15 minutes, when a selling movement as vast as it was unexpected caused a shrinkage of almost six points.

United States Steel, in which dealings again were on an almost incredible scale, dropped from 120, its new maximum achieved in the forenoon, to 114⅝, closing at 115, a net loss of two points after a gross gain of three points.

Coppers, which rivaled Steel in prominence and strength, with new records for Anaconda, Utah, Inspiration and several lesser issues, also broke abruptly, though, in some instances, retaining a part of their advance.

Reading, also included in the list of important stocks that found a new high level at 115¼, yielded two-thirds of its rise in the closing price of 113. Other rails, which had manifested strength, notably Union Pacific, St. Paul, New York Central and the coalers, fell away in the receding movement.

Motor shares, like Maxwell and Stutz, and Central Leather, all of which had broken into new high ground, capitulated to the weight of the selling.

General news lost none of its recent favorable tenor, money rates showing an even greater ease. Western freight movements were ahead of last year and that section seems to have recovered from the effects of threatened labor troubles.

Bonds were firm on an expansion of dealings. Total sales, par value, $4,850,000. United States bonds were unchanged on call.

COFFEE FUTURES CLOSE AT DECLINE

New York Market Loses Most of Recent Rally.

NEW YORK, Sept. 25.—The market for coffee futures lost most of its recent rally during today's trading, with March contracts selling off to $8.75, or within a point of the lowest level reached in the decline of last week. Trading was comparatively quiet at the start, but first prices showed a decline of 1 to 5 points and offerings increased slightly during the day, owing to reports of lower cost and freight offers and the absence of any important support. The more active positions sold 10 to 18 points net lower late in the afternoon and the market closed at a net decline of 12 to 20 points. Sales were reported of 32,750. September, $8.85; October, $8.85; November, $8.75; December, $8.72; January, $8.73; February, $8.73; March, $8.74; April, $8.79; May, $8.84; June, $8.86; July, $8.89; August, $8.93.

Spot coffee dull. Rio 7s, 9⅝c; Santos 4s, 11½c.

Some of the cost and freight offers were 5 to 10 points lower, sales of well-described 3s being reported at $10.80, while 4s were offered at 10⅝c, London credits.

A private cable from Brazil said it was understood that most of the commissaries in Santos were withdrawing from the market, and also it was reported that the Government might still further restrict Santos receipts.

The official cables reported an advance of 75 reis at Rio, while Santos spots were nominal and futures 50 reis higher.

REACTION IN WHEAT

Early Advance Lost When Visible Statement Appears.

AMERICAN STOCKS GROWING

Strength in First Part of Session Due to News of Threatened Failure of Crop in Argentina, Unless Rain Comes Soon.

CHICAGO, Sept. 25.—Although wheat advanced to the highest prices yet this season today, the market afterward receded, owing largely to an increase in the United State visible supply total. Prices closed weak at $1.55 to $1.55¼ for December and $1.54⅝ for May, with the market as a whole ¼c off to ⅝c up, compared with Saturday's finish. Corn lost ¼c to 1c net and oats ¼@⅜c to ⅜c. In provisions the outcome ranged from 5c decline to a like advance.

Wheat values had a decided upward list during the first half of the session. News of a probable crop failure in Argentina, unless rain came soon, tended to stimulate purchasing, and so, too, did a material falling off in world shipments. As soon, however, as the United States visible supply figures began to indicate that the total this week would be materially bigger than was the case a week ago, the market showed a disposition to react.

Profit-taking by holders of wheat assumed large proportions in the last part of the day and left the market in the end at virtually the lowest level of the session.

Corn swayed with wheat, but oats were steadier to some extent by export sales of 500,000 bushels.

Provisions were rather slow. Packers sold distant futures and appeared to be backing away from high-priced hogs.

Leading futures ranged as follows:

TUMALO SHOW IS HELD

ATTORNEY-GENERAL AMONG VISITORS AT PROJECT EXHIBIT.

Mr. Brown Makes Address Denouncing Brewers' Amendment and Single Tax Measure.

BEND, Or., Sept. 25.—(Special.)—The sixth annual exhibition of the West Side Agricultural Fair Association, held at Tumalo Saturday, was one of the most successful in its history. Large numbers from Prineville, Redmond and Bend were present, in addition to one or more representatives from every family on the Tumalo project.

Attorney-General Brown, who was the speaker of the day, devoted the greater part of his time to a discussion of some of the initiative measures which will appear on the ballot at the coming election. He was especially vehement in his argument against the so-called brewers' amendment and the single-tax measure. In Mr. Brown's opinion the productivity of the irrigation project, coupled with the market furnished by the mill workers at Bend, means certain success for the settlers. In the afternoon he made a trip over the project with Manager Fred N. Wallace, returning even more enthusiastic over its possibilities than when he had seen the fair exhibits.

Luncheon was served by the West Side woman's organization at noon, after which there were races and bucking contests. There was a dance in the evening.

WATER MASTER WINS SUIT

Crook County Official to Get Pay After Long Fight.

PRINEVILLE, Or., Sept. 25. — (Special.) — The decision of the Supreme Court Tuesday in the suit of George H. Brewster against Crook County for $332, unpaid salary, has finally disposed of a matter which has been a source of contention and dispute for years over who was liable for the pay and control of the water master.

The decision reached Judge Duffy today, and his decision of the controversy has been completely sustained and the County Court has lost its battle which has lasted for two years.

Water masters in counties where there is considerable irrigation have important duties, as the right to use water is most jealously guarded, and the importance of this decision is far-reaching and finally determines a question that has been a source of much dispute.

CORN SHOW IS SCHEDULED

Coquille Expects to Exceed Success of 1915.

MARSHFIELD, Or., Sept. 25.—(Special.)—The city of Coquille has concluded to make its successful corn show of last year an annual affair, and will stage the festival this year on November 10 and 11.

The Coquille Valley, at the time of the 1915 corn show, produced surprises in exhibitions of corn, and the affair was a big aid in developing a new line of agriculture for all sections of the county. Minnesota corn won the highest awards, and was declared by visiting experts and judges to be the best adapted for culture in this territory. The large acreage of last year was increased this season, and the exhibits are expected to be better and more numerous.

WEATHER CONDITIONS.

A large high-pressure area is advancing inland over the Northwest. The pressure is high also over most of the Appalachian Highland. Low pressure obtains over the central portion of the country from the Mexican border to Central Canada and a moderate disturbance is central near the coast of British Columbia. Precipitation has occurred in Western Oregon, Washington, Western Canada and adjacent states, Missouri and Texas. The weather is warmer in Southeastern Idaho, the Southern Rocky Mountain district, Upper Mississippi and Ohio valleys and lake region. It is cooler in most other sections, especially Southern and Eastern Oregon, Alberta and Saskatchewan.

The conditions are favorable for generally fair weather in this district Tuesday, except in extreme Northwestern Washington, where showers may be expected. Frost will form in the early morning in Eastern Oregon and Idaho. It will be warmer in interior Southwestern and Eastern Oregon by afternoon. The winds will be mostly southwesterly.

FORECASTS.

Portland and vicinity—Fair; southwesterly winds.

Oregon—Fair, light frost east portion, warmer interior southwest and east portions in afternoon; southwesterly winds.

Washington—Generally fair except showers extreme northwest portion; southwesterly winds.

Idaho—Fair, light frost in early morning.

T. FRANCIS DRAKE, Assistant Forecaster.
