The increase in interest in Oregon hops was not unexpected, as fuller lines of sam-ples have now reached the East, and the en-tire trade has been made acquainted with

the good quality of this year's Oregon crop. It is true that the mold attack in the yards was severe, but the growers wisely left the moldy hops unpicked, and the crop that is now going on the market compares favorably with any that Oregon WEEK'S WHEAT SHIPMENTS LARGER

Baying by Grocers.

There will be an advance of 15 cents a hundred in all grades of refined sugar this morning. The new price on Standard came granulated will be \$7.65, a total advance of 65 cents in the past 30 days.

Commenting on the Eastern situation, Wilhest's sugar builetin says:

"The time appears now to have been reached which we looked forward to, when and the result is distinctly seen in the withdrawal from the market of three refiners and the oversold position of the others. In spite of repeated advances, orders for the most prompt shipment of sugar come in rapidly and continue to be received by all refiners, and everything indicates that many grocers are unable to supply their customers with sugar upon request. The heavy buying has had a somewhat like effect upon the refiners, who haturally not having laid in a supply or raws at the high prices previously prevailing, now wish to cover sales of refined with raws as fast as made, and which requires such rapid buying in the raw market that support is given to rapid continued advances."

ROSEBURG, Or., Oct. 2.—(Special.)—
"With proper advertising the Umpqua Valley broccoll can be made one of the best
known articles on the European market," according to Austin Holcomb, representative
of the Chicago Produce News, who spent
Saturday in Roseburg. Mr. Holcomb passed
today conferring with a number of broccoll
growers regarding their crops for this year
and the prospects of increased acreage next
season.

season.

Mr. Holcomb said the Umpqua Valley broccoll was considered the best product of its kind on the market by the leading produce men, and meets with ready sale in the Eastern cities. To get the best prices Mr. Holcomb believes the growers should adopt a label, and follow it with advertising. Nearly 100 cars of broccoll will be shipped from Doublas County this season, and much acreage will be added next year.

KLAMATH HORSES ARE BOUGHT Last of 214 Purchased by Express Company

KLAMATH FALLS, Or., Oct. 2.—(Special.) — When two carloads of Klamath County horses leave in a few days for Dallas, Tex., 214 head of fine horses from this county will have been shipped by Wells-Fargo & Company Express since March 20. George Manning, of this city, is buyer for the express company, and today closed a deal for the last of the 214 head taken.

Every one of these horses has been a perfect specimen. The inspector for the company rejects any animal bearing the slightest blemish, but, of 224 purchased by Mr. Manning, only 10 have been rejected, The shipment of two carloads soon to leave contains 12 head of fine blacks, considered as fine stock as can be had anywhere.

CROP NEWS FROM ARGENTINA 18 MORE BULLISH.

Drouth ravages in Argentina began to lift the wheat market right from the outset, and there was no radical setback at any time during the wession. Diminishing geeelpts at Minneapolls and Duluth counted also against the bears and so, too, did Liverpool advices of a scarcity of offerings from Winnipeg.

Notwithstanding that the United States visible supply total showed an increase of 740,000 bushels, the effect on the market was of but little if any advantage to the bears. The reason seemed to be that the enlargement was less than one-sixth as great as at the corresponding time last year.

NEW YORK, Oct. 2—The stock market today entered upon the fourth quarter of the year with every indication of a continuance of the remarkable activity of the preceding month, although quotations suggested an accession of bearish aggressiveness. Dealings egain attained the impressive total of 1,050,000 shares, but a very large proportion of the turnover occurred in the first and final hours, the intermediate stage being marked by relative duliness and uncertainty.

Shares of the coal roads, especially Norfolk & Western and Lehigh Valley, gave the market its stability at the opening, Norfolk & Western soon advancing to the new maximum of 140. Illinois Central increased last Saturday's gain and minor lines were represented by the Wabash issues and Western Maryland at material advances.

Realizing sales exerted their usual influence in this quarter and trading shifted to industrials, equipments and marines with gross advances of 2 to 5 points in Baidwin and American Locomotive, American Car, Pressed Steel Car, New York Airbrake and Marine preferred, these beeing retained in large part. Smaller Crop.

NEW YORK, Oct. 2.—One of the most sensational advances in the history of the cotton market attended the publication of the two Government reports here today. The demand was stimulated by the condition figures of 56.3, or the lowest on record, indicating a crop of only 11.637,000 bales. Within a few minutes after these figures were issued January contracts sold at 17.03c or \$4.00 a bale above the closing price of last week.

The census report showing a 4.062,961 bales ginned prior to September 25 established a new high record, but the trade had been looking for even larger figures. The cotton futures market closed steady at a net advance of 57 to 55 points.

Spot cotton—Steady; middling uplands, 6,60c; sales, 1400 bales.

WASHINGTON, Oct. 2.—Storms and in-

WASHINGTON, Oct. 2.—Storms and insects have wrought havor with the cotton crop this year and caused a loss of almost 3,000,000 bales throughout the growing senson. The crop will be approximately 11,637,000, equivalent to 500-pound bales, according to the Department of Agriculture's forecast made today, basing its estimate on the condition of the crop on September 25, which was 56.3 per cent. Cotton this year was planted on the fourth largest acreage ever recorded—\$55,994,000 acres.

Ginning of the cotton crop is breaking all records. Announcement today by the Census Bureau that 4,062,991 bales had been ginned
