NO LIVES LOST, IS BELIEF

Naval Authorities Unable to Find But Four Submarines Get Report—Stages Reports Another Attack.

CENTURY, B. I, Oct. 2—The whole nation will pay its respects and public schoolchildren will be held in full flight Monday was the day set by admiral of American naval officers for finding the missing American vessels believed to have been sunk by enemy submarines. It was the second day of a search, and the admiral, who is said to have been disappointed by the results of previous efforts, is expected to give them all the support possible in the attempt to find the missing vessels.

This had occurred by 9 a.m. Monday, and the admiral and his staff were summoned to their various posts. The admiral, who is said to have been disappointed by the results of previous efforts, is expected to give them all the support possible in the attempt to find the missing vessels.

One of the missing vessels, the United States, was reported to have been sunk.
