PARKING IS LIMITED

District Provided Where Only 15-Minute Stop Allowed.

REAR TO TOUCH CURB

Measure for Traffic Regulation Is Revised and Will Be Brought Up for Passage Wednesday. Youngsters to Be Tested.

Fifteen minutes parking restrictions for all classes of vehicles is to be established in the main part of the West Side business district, with no parking on Washington street from Third to Broadway and Broadway from Washington to Old Dock according to a decision reached yesterday by the City Council.

The Council, at a special meeting, disposed of all pending questions regarding provisions of the new traffic ordinance and sent the measure to City Attorney LaRoche for preparation of the amendments. Wednesday the measure as changed will be passed and the time set for commencement of enforcement.

The district in which parking is to be limited to 15 minutes is bounded by Third, Yamhill, Tenth, Stark, Broadway, Oak and back to Third. The marketmaster will have authority to control streets within 100 feet south of Yamhill street and in Yamhill street between second and Fifth streets.

Rear End of Car to Curb. Trailers are to be allowed on the streets from 7 A. M. to 7 P. M., instead of from 7 A. M. to 8 P. M. as at present. The provision in the new ordinance as originally adopted required a space of six feet between cars lined up waiting for a signal from a traffic policeman. This was cut out and the distance specified as a "safe distance." In the original ordinance the system of parking cars along the curb was changed so that the front end instead of the rear end shall be against the curb. This was changed back again yesterday, so that parking now is to be the same as heretofore, the

rear end of the car being against the curb.

Bicycle Lights Required.

Bicycles are to be required to have red reflex mirrors on the rear end as warning lights. The provision in the former ordinance prohibiting autos from passing either to the left or right of a streetcar stopped to take on or discharge passengers was changed to provide that cars shall not be passed in this way within restricted parking districts or on the bridge approaches or on Morrison street between Front and Third.

A provision was inserted prohibiting any person under 17 years of age from driving an automobile except that children between 14 and 17 years of age may drive if they pass an examination given by the city jitney inspector and are accompanied by parents or guardian in the front seat of the automobile.

The original new ordinance was to have gone into effect October 1, but was deferred until the amendments were settled. It is probable now that the measure as finally decided upon will be enforced commencing November 1.

INDIA HAS REVOLT

San Francisco Publisher Says Many Are Executed.

2 EX-OREGONIANS VICTIMS

Ram Chandra, Editor of Revolutionary Publication, Says Effort Is General to Overthrow British Rule—Censorship Strict.

FORMER O. A. C. STUDENT AND RESIDENT OF ST. JOHNS REPORTED EXECUTED IN INDIA.

Sohann Lal Hanshi Ram (John Hiral)

allowed scarcely a word to pass, were reported in Portland yesterday by Ram Chandra, editor of the Hindustan Gadar, published in San Francisco. Evidence that many executions had been performed in India were produced by Mr. Chandra, among the victims being a student of the Hindustan Gadar, which was well known in this part of the United States.

Sohann Lal, once a student at the Oregon Agricultural College, according to Mr. Chandra, was arrested by British troops in Burma and hanged on May 12, 1916. The charge against him was preaching sedition and having in his possession a copy of the Hindustan Gadar, the paper edited by Mr. Chandra. Lal had been second master in the high school at Lahore, Punjab, and was one of 13 who were hanged at Fort William, in Mandalay, Burma.

Kanshi Ram, who resided at St. Johns for eight years, and was known as John Kim, is mentioned as another who paid the death penalty. While living in Oregon he engaged in the contracting business. He was charged with having paid \$100 to the funds of the Hindustan Gadar which were used for revolutionary purposes. He is said to have taken \$10,000 to India to aid in the revolution, all of which was seized by the British government, along with the rest of his estate. He was hanged in 1915, according to the statement of Mr. Chandra.

Sohann Singh, who lived in Linnton, and Kesar Singh, formerly at Astoria, were also victims of the British measures of suppression, the former having been hanged and the latter imprisoned for life.

The number of Indians who have given their lives in the attempt to free India from British rule are legion," said Mr. Chandra yesterday. "While India has never submitted with resignation to foreign rule, never has there been a time in India so stirring as the present."

Mr. Chandra is an exponent of revolutionary doctrine. The Hindustan Gadar has been closely watched by British censors in India, who are active in running down and punishing all revolutionary propagandists.

Logging Accident Fatal Near Kelson. KELSON, Wash., Oct. 20.—(Special.)—Otto Lindbloom, a logger, was killed by a logging company camp at Midway, a few miles west of Kelson, was instantly killed Tuesday when he was caught by a rolling log. Lindbloom, who was a Scandinavian, had no known relatives. The remains were taken to Portland for interment and the authorities are trying to locate any relatives in his native country.

BAKERS FACING LOSS

Cost of Making Five-Cent Loaf Is Almost Prohibitive.

LARGER SIZE IS FORECAST

Prices of Cookies, Rolls and Doughnuts Are Advanced by Some Manufacturers to Make Up for Losses on Breads.

The present period of rising prices is imposing serious difficulties on the bakeries, according to H. H. Haynes, president of the Oregon State Master Bakers' Association. The cost of manufacture of the five-cent loaf has grown almost prohibitive, material advances in the price of flour often occurring overnight, while other important ingredients in breadmaking are advancing on the same scale.

"Four quotations are growing more disconcerting every day," said Mr. Haynes yesterday, "another advance of 20 cents per barrel having been reported today. The cheapest flour that can be obtained is quoted at \$6.30 a barrel. But the Dakota flour that is used in breadmaking costs \$9.60 a barrel, Montana flour \$8.50 and Bluestem \$7.40.

"These quotations can be compared with the prices current in the market a year ago, when flour was listed at \$4.30 a barrel for the cheaper grades. Even in 1914, when prices were higher than last year, the cost of a barrel of flour was only \$5.40.

"There is only one way to make bread cheaper for the consumer," said Mr. Haynes, "and that is to cut manufacturing costs. The larger loaf would be produced at a greater advantage and it will only be a short time before the bakeries will be financially unable to continue the old size.

"One solution that has been presented for the bread problem is to make penny change. Instead of cutting down the size of a loaf when four ad-

vances we could sell a loaf according to the current price of flour. But people here refuse to make penny change."

The present losses to all bakers is entailed by the unwillingness of each one to make the initial price advance, it is said.

In other cities have recently changed the scales of prices and the opinion of Portland bakers is that the same thing will shortly take place here.

ALLEGED SWINDLER JAILED

Four Detectives Arrest Edward Miller on Fraud Charge.

Edward Miller, 23 years of age, was arrested yesterday afternoon by City Detectives LaSalle, Leonard, Swennes and Maloney, on a charge of obtaining money by false pretenses.

It is alleged that Miller, with an accomplice, had 500 tickets printed representing them as being for a dance to be given by the Messenger Boys' Club, at Modern Woodmen Hall, Beyerboth and Burnside streets, on October 28. Both club and dance were fictitious, but the swindle was not nipped until numerous persons had bought tickets from the solicitor.

HIGH FORESTER IN CITY

Raphael Zon Addresses Members of Portland District.

Raphael Zon, chief of forest investigations, with headquarters at Washington, D. C., is in Portland, and is getting in touch with the Government forest work here. He expects to be here several days before proceeding south.

Mr. Zon spoke last night before the Portland section of the Society of American Foresters at the home of T. E. Munger, 655 Kearney street, taking as his subject, "The Forest and Human Progress."

Old Settler Dies at Roseburg. ROSEBURG, Or., Oct. 20.—(Special.)—Mrs. Sarah Brewer, aged 82 years, died at the home of her daughter here yesterday after a brief illness. Mrs. Brewer was born in England and came to Canada when 13 years of age. She later located in West Virginia and afterward took up her home in Iowa. Mrs. Brewer made the trip across the plains by ox team following her marriage. Mrs. Brewer is survived by the following children: J. W. Brewer, of Iowa; W. H. Brewer, of Kansas; W. E. Brewer, of Montana; Mrs. J. Fabinger, of

North Dakota, and Mrs. Krenmeyer and Edward Brewer, of Roseburg.
