NEW YORK, Nov. 3 .- Aside from a 20 per-cent reduction in the trading today's market was in most respects a duplicate of the preceding session. affiliated, industrials, the metals and equipments, with a liberal admixture of non-dividend rails.

The usual number of new records was registered, among them Pethichem Sicel at 678; Utah Copper at 13%, Ray Copper at 26%, American Locomotive at 92%, Ajax Rubber at 77 and Acme Leather at 54%. Utah Coppers advance of 4%, much of which was accomplished in the final hour, was attended by rumors of an extra dividend.

Central Leather's rise to 90%, also a record, and American Locomotive's further gain of 5%, revived reports of increased disbursements to holders of the stocks.

Motors were under restraint, despite the higher prices attained by their subsidiaries. The shipping group, fertilizers, paper issues and Industrial Alcohol yielded I to 2 points. Chicago & Alton Common rose 7%, and the Preferred 8%, with 1 to 2 points for Ontario & Western and Chicago-Great Western Preferred Rock Island was again reactionary with Wabash. Togal sales were 1.186.000 shares.

The success of the new British loan was confitmed in the announcement that the entire amount had been fully subscribed.

New York Central & Chicago, Burlington & Guicov submitted very favorable September statements of earnings, and forecasts of the weekly money movement indicate another large cash gain by local banks.

Bonds were unchanged on call.
