For 30 days more Portland's traffic ordinance will be a muddle of confusion, almost impossible of enforcement by the police and practically unenforceable by drivers. Amendments aimed to clear up the muddle were adopted by the Council yesterday, but cannot go into effect for 30 days because Commissioner Daly voted against them. His opposition was based on a provision in the amendments to limit stops of jitneys, taxicabs and for-hire vehicles in front of business places for 15 minutes during the daytime. All the Commissioners except Mr. Daly were for the amendments. A few minutes before the traffic amendments came up a permit for vacation of part of River street, on the East Side, for a shipbuilding plant was considered, and although Mr. Daly opposed this, he waived his objections on the ground that the rest of the Commissioners were going to vote for it and that his opposition would merely hold up the proposition for 30 days. "Why not the same course in connection with the traffic ordinance?" asked Mayor Albee. "The rest of us have voted to pass it and your opposition merely holds it up for 30 days." "That's a different proposition," said Mr. Daly. "It isn't tying up anything." "It's tying the hands of the police so that they cannot enforce the traffic laws of the city," said the Mayor. "Isn't that important?" "The amendment I object to is that which would not allow the for-hire machines to stand on the streets for longer than 15 minutes," said Mr. Daly. "They pay a license and are entitled at least to partial use of the streets." "We'll refund the license to them," said the Mayor. But Commissioner Daly could not be induced and the amendments, after being passed, went over until December 31 to become effective. Business houses throughout the West Side business district have been complaining against the jitneys, taxicabs and for-hire cars

standing in front of their business places for long periods. PUBLIC TO DISCUSS BUDGET Hearing on Demands for Increases Will Be Held Thursday. The public will get its whack at the city budget estimates for 1917 at a public hearing next Thursday at 3 o'clock. The hearing was arranged for Tuesday by the City Council. It is expected several delegations will be on hand to demand increases in the budget to provide certain improvements in which they are interested, but no demand for a reduction in the budget is anticipated, because of the figures already having been trimmed down to the bone. VANCOUVER RESIDENT GOING INTO ARMY AS LIEUTENANT. Winfield S. Eberle, VANCOUVER, Wash., Nov. 10. (Special.)—Winfield S. Eberle, of this city, has been notified by the War Department that he has passed the examinations of candidates for commission in the United States Army as Second Lieutenant, and he will receive his appointment soon after November 15. Mr. Eberle, a son of Mrs. J. H. Jager, of this city, is a post-graduate of the University of Washington and a member of the Delta Tau Delta fraternity. He recently resigned his position as professor and athletic coach of the Centralia High School. He is well known and one of the most popular young men in the county.

fers, there is every prospect of their being forced to quit operating on Wednesday under the terms of the ordinance of Commissioner Daly passed July 19, requiring that the jitneys shall have a franchise to continue in operation after November 15. The question of obtaining a franchise has been up to the jitneys and not up to the Council. As yet the jitneys have made no definite application for a franchise. In asking for the meeting Tuesday afternoon Commissioner Baker said yesterday that in view of the prospect of the jitneys being ousted Wednesday, he wants to have an absolutely definite proposition before that time so as to give the jitneys a chance to stand or fall on a definite basis with no misunderstanding, uncertainty or indefiniteness as to what the Council demands that the jitneys give in the way of service and protection to their passengers. CITY VAULTS OVERFLOWING Effort Will Be Made to Destroy Useless Memoranda Stored. Another attempt is to be made to get rid of a lot of the ancient records in the vaults at the City Hall to make room for storage of present-day records which are accumulating at such a rate that the city is unable to find storage space. Commissioner Dick yesterday submitted a list of large bundles of old stuff which he says are not really in the form of official records, but are memoranda and can be disposed of legally. Several months ago two truckloads of old stuff had been placed on trucks for removal to the city incinerator when City Attorney LaRoche advised against it, and all the papers were put back in the vaults. ROBBERY TRIAL IS HALTED Four Plead Guilty to Simple Assault and Will Be Sentenced Monday. Trial of Jack Campbell, Tom Murphy, Jim Ryan, Jim Mangers and Jim Conroy for assault and robbery opened before Circuit Judge Davis yesterday morning. During the afternoon session Attorney W. C. Campbell interrupted proceedings with an offer of the defense to plead guilty to simple assault. Deputy District Attorneys Collier and Hindman consented and the other charges were dismissed. The young men will be sentenced by Judge Davis Monday. In company with LeRoy Forbes, who was found guilty last month of assault and robbery, the young men attacked Edward E. Smith last September, stole his watch and severely beat him. Johnson's Plurality at 17,676. HOQUIAM, Wash., Nov. 10.—(Special.)—Representative Johnson's plurality is still growing rapidly. Revised returns bring it to 17,676.

near Men's Club and the Industries and manufactures bureau of the Chamber of Commerce. John Tait, chairman of the bureau, declared yesterday that all business men of the city, appreciating the establishment of the necessity of supporting and maintaining industrial development in the state, should arrange to see the plant. "Such a trip as this may appear to be a small matter," he said, "but it shows the spirit of the community and leads up to a closer and more intense reciprocity that is all-important in the establishment of new industries here." Two Women Hit by Truck. Mrs. Emma Prior, 131 Grand avenue, sustained a compound fracture of the left ankle early last night when she was knocked down at Grand avenue and East Street by a motor-truck driven by Herman Meyer, 4636 East Sixty-third street Southeast. Miss Mabel McKay, 948 Tibbets street, was knocked down by the machine, but was unharmed. Mrs. Prior was taken to Good Samaritan Hospital. She works for the Troy Laundry. She is 44 years old and married.
