Farmers Ignore Drop in Wheat and Will Only Sell at Old Quotations-Milling Grain Now 26 Cents Under Top.

The unity effect of the big alump in wheat at Chicago yesterday was the lowering of nominal prices in this market. All trading came to a stop several days ago. As for the farmers, they are apparently paying no attention whatever to the market, for since the decline began they have not been offering wheat for sale. On the basis of yester-day's bid prices, wheat is worth about 36 cents less than it was last month, when the market to decline be of a cent or two always brought offerings, but this year the farmers evidently are forgetting the market.

Should the decline be of a lasting sort, it will not cause such losses in this section as in some other parts of the country. So far as known the dealers are not carrying much wheat, and farmers' holdings have been reduced to a tenth of the crop or less. Kerosene Saves Apple Shippers.

On account of the shortage of properly insulated freight cars, the railroads are furnishing to shippers of produce ordinary boxcars lined with paper and equipped with kerosene heaters.

The Standard Oil Company announces that shippers of apples and potatoes, apples particularly, have approved the idea and are now taking ordinary cars from the rail-roads and equipping them with heaters. The company's main station at Tacoma, the report says, sold out its entire stock of heaters in a week, to men in the fruit-packing districts of the Northwest, and still the cry is "more heaters!" Most of these heaters will go East and never come back but the fruit crop is moving. London Wool Prices Stay High.

PRICES TEND UPWARD

ALL CLASSES OF LIVESTOCK ON FIRM BASIS.

Arrivals Are Limited and Demand Increasing - Mutton Is About Quarter Higher.

The creamery butter market was half a cent lower with extras selling on the exchange at \$4½ cents. Print quotations sold as formerly.

Poultry receipts were of good size, but there was also a good demand and prices were steady. Dressed meats were unchanged.

GREEN PRODUCE TRADE IS BETTER

Livestock receipts continue below requirements and prices in all divisions of the market are on a firm basis. Advances are quoted on sheep and lambs and hog prices ere also tending upward, although the bulk of the sales yesterday were again made at \$0.60. Among the cattle sales were half a dozen head of show steers at \$0.20.

Receipts were 231 cattle, 4 caives, 1135 hogs and 121 sheep. Shippers were: M. M. Hoctor, Lyle, 1 car cattle, hogs; C. E. Lucke Moialls, 2 cars caives, hogs, sheep; F. E. Decker, Silverton, 1 car cattle, hogs, sheep; City and Country Demand Has Broadened
Out Considerably.

The latter half of the week has seen a material improvement in the fruit and vegetable trade. Not only are country orders larger, but the city demand has also broadened out and there is less complaint of the full prices quoted in many lines. Jobbers are confident that the increase in business will be maintained up to the holi-

themselves have adopted different and better methods of marketing thir wool.

This was the prediction made by W. B. Barratt, president of the Oregon Weolgrowers' Association, which opened its two-day session in this city today. President Barratt made a strong appeal to woolmen of Oregon to work together for a better marketing system. He advised against the sale of wool by contract while still upon the sheep's backs and stated that wool should be sold entirely upon its merits, instead of upon classification of the range upon which the sheep graze. In his annual address President Barratt said:

"Present prosperity has created a fool's paradise for the woolgrower. But he must look well to the future, for by the law of average there are bound to be years in the future which will not hold forth such abundant prosperity."

Other speakers at the morning session were: Mayor S. E. Notson, who delivered the address of welcome, and Senator J. N. Burgess, of Pendieton, who responded to Mr. Notson. This afternoon Thomas Ross, of Echo, spoke on "Wool Prices, Past, Present and Future"; R. N. Stanfield, of Stanfield, addressed the growers on the subject of "Shipping of Sheep," and J. H. Dobbin, of Enterprise, gave a talk on "Better Methods of Preparing Wool for Market."

Dr. W. H. Lytie, of Salem, gave a demonstration this morning showing the direct result of lupine poisoning on sheep.

Speakers for tomorrow will be O. M. Plummer and Dr. David N. Roberg, of Portland, and Dr. W. H. Lytle, of Salem.

The Western Logging Company, Ltd. To be Sold by the Liquidator

OFFERS are hereby requested by the undersigned for the purchase of the business and assets of the Western Logging Co., Limited, in liquidation, of Vancouver, B. C., consisting of timber holdings and logging outfits.

The Company has been operating two logging camps at Cracroft Island, B. C., and has two complete legging outfits in first-class condition, mostly new material. The outfits consist roughly of 7 logging engines with necessary wire rope and rigging, 2 blacksmith shops, 2 camp outfits, bunk-houses, etc., appraised by the liquidator at \$34,068.34.

The timber of the Company is held under British Columbia timber licenses, crown grants, and timber sales and is estimated by the liquidator at \$7,250,000 feet, consisting of cedar, hemlock and fir, principally cedar. Timber is well situated for logging, and camps and roads have been constructed and about 750,000 feet of timber is cut and bucked in the woods ready for hauling.

DEMAND FOR FLOUR HEAVY

Mill at Prairie City Can't Fill Orders; John Day to Have One.

BAKER, Or., Dec. 15 .- (Special.) -- So great has been the demand for flour in Grant County that the Prairie City Mill has been running 24 hours a day, seven days a week, and is so far behind orders that a second mill will be opened at John Day, according to O. G. Trester, proprietor of the Prairie Milling Corporaty.

The John Day mill has been leased by the Prairie City Company for five years and, after a thorough reconstruction, will be placed in operation by February 15. Most of the output of the mill is taken for local consumption. The two mills will have nearly 100 barrels a
