LIFE'S LESSON TOLD

"Experience," Morality Play at Heilig, Memorable.

CHARACTERS WELL ACTED

Story Shows Youth as He Travels Down Many Ways of Life—Condar Nagel, Who Takes Leading Part, Finished Actor.

Mighty in its strength, inspiring in the hope it brings, dreadful in its warnings, rich in its truths is the great morality play, "Experience," that opened last night at the Heilig Theater.

"Experience" is the story of Youth's travels down the many ways of life. It begins in a garden of love, "the land where dreams begin."

Condar Nagel, who is the Youth of the play, is well fitted for the part. He is good-looking, young, an accomplished actor, who never overdoes and who lives his experiences convincingly.

As for the lines, with the splendid interpretation they receive, they carry messages that grip the soul. They are rich in wit and the audience is given many a good laugh.

Well Youth leaves Love behind, promising to return, and he enters first the Street of Vacillation where he meets Pleasure, a bright, beautiful woman, wonderfully gowned, maneuverously alluring.

Part of Chance Well Played. This brings us to the fourth episode—there are ten in all—and Youth is seen in the "Corridors of Chance."

So, along the way goes Youth, falling into the street of Remorse and into the House of Lost Souls, where dope is king, dogged continually by Poverty.

The final scene, in the Land Where the Dreamer Awakes, provides a happy finale, and Hope, Youth and Love are reunited and join forces with Ambition.

Experience will be presented tonight and tomorrow night and at tomorrow's matinee. A special train has been engaged to take the company South, so that the Saturday night performance could be given.

RHEUMATISM PAIN. The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultze expresses the opinion of thousands of practitioners when he says that anti-kamnia tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed for headaches, neuralgias and all pain. Ask for A-K Tablets.
