Prices on Standards Are 27% to 35 Cents Over Last Year's. Prices on future canned corn, which have een expected by the local trade for some

time, have been announced. Packers de-clare that the cost of cans is higher than they anticipated, and largely on this account future standards opened at prices

Most Sales Are Reported at 35 Cents-Butter Is Holding Steady,

Eggs sold at a wide range of prices yesterday, with evident efforts by dealers to get prices up or down, according to their interest. On the street the general market eppeared to be about 35 cents, though there were sales in a limited way at 35 % and 36 cents, and also some trading at 34 and 341/2 cents. Offers to sell at Scattle brought back the response that that market was on g. 33-cent basis.

Butter was steady and stocks cleaned up readily, extras bringing 34% and 35 cents. The cheese market was also steady. Poultry receipts continue on a liberal scale and 17 cents was quoted as the top on hens and Springs. There was a good demand for ducks, which were very scarce, Dressed veal sold for the most part at 1416 cents, with only an occasional sale a 15 cents. Pork was firm.

Chicago Market Has Lift of Three to Four Cents.

Reply of Entente Allies Expected to Have Bullish Effect-Purchases for Shipment to Europe Heavy. Coarse Grains Advance.

incerning the reply of the entents allies gave a substantial lift today to wheat prices here. The market closed strong, S to 4 cents net Migher, with May at \$1.57% to \$1.57% and July at \$1.51 to \$1.51%. Corn gained % to 1% cents and oats % to % cent. In provisions the outcome was a setback of 10 to 25 cents.

It was not until the last half of the day that the buils obtained firm control of the wheat market. During the earlier trading the declines and upturns alternated rapidly, the bears at times getting the advantage, owing to renewal of peace hopes and to continued fear of submarine activity in the Atlantic.

Estimates were current that 700,000 bushels not heretofore reported had been taken for shipment to Europe, exclusive of the clearances, which amounted to 2,140,000 bushels, as against 376,000 bushels a year ago. cents net Migher, with May at \$1.87% to

ago.

Corn advanced, owing mainly to word of increased drouth damage in Argentina.

Cats hardened with other grain. For the most part buniness was local.

Absence of support weakened provisions. After a general decline, however, packers turned to the buying side and effected something of a rally.

corporation is to be formed, probably taking over the interests of the Puyal-lup and Sumner Fruitgrowers' Association, which now employs 800 men in factories on the Coast. Two of the plants will be built in Wenatchee and North Yakima, according to present plans, and a third is to be in an Oregon fruit district.

W. H. Baulhamus, of Puyallup, probably will hold the controlling interest in the corporation and it is understood Spokane capital is interested.

These announcements were made to day by Mr. Paulhamus over the long-distance telephone.

The plant proposed for Spokane will provide employment for 400 or 500 men, the number depending upon the extent of business for the first season. The plan is to use electric power so as to make the location of a site an easier matter. No definite plans have been formed yet.

Zion Lutheran Church at Chapman and Salmon streets, and Miss Louise Pan-nier will be married early next week at the parsonage, 570 Main street. The Rev. Mr. Koppelmann is a widower, and Miss Pannier is a trained nurse. She has been his housekeeper since the death of his wife. There are six littue children, and they have so endeared themselves to Miss Pannier that she decided to accept the post as "mother" to the little ones.

Miss Pannier is a member of a well-known family of Randon Lake, Wis. The Rev. L. Steube, of Cornellus, Or., will perform the wedding ceremony.

HUSBAND UNTRUE CHARGE Woman-Divorce Applicant Cites Alleged Unfaithful Conduct.

Helen Richter on one occasion saw her husband, Frank O. Richter, hugging another woman in one of the public parks of Portland, according to a complaint in a suit for divorce which she filed in the Circuit Court yesterday. She declares that she often saw him making love to young women and that he spent his money on joy rides. She said that on one occasion he showed her a picture of a woman and told her that he was living with the woman at that time, thereby being untrue to his lawful wife. She asks a divorce and the custody of the minor child.
