James J. asks: "For several months I have not been feeling well. My skin is sallow, my tongue is coated, have headache, am sieepiess, nervous and bothered with chronic constipation. Please help me." Answer: You need a laxative blood cleansing treatment in the form of three-grain sulpherb tablets (not sul-phur). Overcome the tendency to con-stipation and gradually your good health and pure blood will return.

"W. Z." writes: "I have such a very severe cough and cold and have not been able to get anything to help me. It is weaktoning my system." Answer: Use the following and your cold and cough will vanish and you will soon be strong again. Get a 246 or hottle of concentrated essence mentho-iarene and take every hour or two. Foley Kidney Pills Highly **Recommended** For This Condition

Dropsy, with all its signs and symptoms, including weak heart, general debility, swollen joints, ankles and limbs; headache, sleeplessness and nervousness, are all evidence of a certain kind of kidney trouble. Irregular bladder action, too frequent passage of water, and rising time after time at night, are also proof that the kidneys are not in a healthy state.
