priation of \$1,800,000 allotted to Oregon.

The good roads committee, or at least those members of it who are in the lobby here, are opposed to the Barrett-Bean bill. They are attempting how to have it held in the Senate committee until their own bill is disposed of. Their bill, they say, will provide amply for Oregon's participation in the Federal road programme without a bond issue.

The most important provision in the committee bill, which probably will be introduced in the House by Roy Ritner tomorrow, is an increase in the present state-wide tax from one-quarter mill to one-half mill.
