Remnants! Remnants! From All Over the Store, Greatly Reduced, in Basement

PHYSICIAN ANSWERS SUIT

Dr. Holcomb Says He Signed Commitment Only as Official.

In his answer to the \$10,000 damage suit of Winnie Springer, brought

against officials of the State Insane Asylum and relatives. Dr. Curtis Holcomb, one of the examining physicians who ordered the commitment of the woman, asks that he be released from responsibility and awarded his costs in the action. He admits signing the commitment order to the asylum with Dr. Sanford Whiting, but said that

he merely acted in an official capacity. Mrs. Springer alleges she was wrongfully incarcerated. The record against her was expunged by County Judge Taxwell early this month.

Senate Passes Leprosarium Bill. WASHINGTON, Jan. 26.—A bill ap-

propriating \$250,000 for a National sanitarium for lepers, already passed by the House, was passed by the Senate today. The institution is to be administered by the public health service and officers engaged in the work will be given pay and a half.

PARK BIDS TO BE ASKED

Proposals to Be Made for Music, Supplies and Concessions.

Preparatory to the opening of the 1917 park and playground season bids

are to be asked for the furnishing of music, playground supplies and for park concessions. An ordinance authorizing bids will be submitted to the Council this morning.

Concessions will be given in the parks to the highest bidders. Band leaders will submit bids on furnishing concerts during the Summer months.

Specifications for a supply of pipe and fittings have been filed with the municipal purchasing bureau.

Dr. Conrado Granell, of Spain, has recently been calling public attention to his experiments in obtaining a potassium compound from sea water. He calls his compound "marine kalin."
