PLAN MEETS APPROVAL

Secretary Prepares Method Whereby Funds May Be Raised and Members' Council Gives Its Indorsement.

Subscriptions will be started at once to procure the necessary stock for the industry-financing company which the Chamber of Commerce has authorized under a plan formulated by the Bureau of Industries and Manufactures, which was outlined by Secretary W. D. B. Dodson at the luncheon of the Members' Council at noon yesterday.

Mr. Dodson's presentation of the plan for financing promising new industries in Portland was unanimously approved by the Council after it was completed and the remarks of the various speakers who followed him were extremely enthusiastic.

Mr. Dodson in his outline said in part:

"It is the purpose to raise a fund of \$250,000 for industrial financing. This fund will be under the control of the Board of Directors and manager selected to handle the same, and will be used as any private business operates. The Chamber of Commerce nor any other public body will have any voice as to how the fund shall be used, or be able to exercise any control that will impair the security of the fund. This fund is to be used strictly as a private business.

"When a plan for organizing a financing company was presented at an earlier date, a great many of the people who approached the investment viewpoint declared that it would be seriously impaired if the Chamber of Commerce or any other public body undertook to exercise its control over the company. No organization was formed that in whatever measure this control were exercised, it would prevent that efficient, careful, thorough work which would be necessary to safeguard this industrial fund and which would be also essential to guarantee that it went into enterprises of the highest quality. Its use by those industries which were sufficiently strong and well organized to warrant their continuance. In preparing the present plan, the Bureau of Industries and Manufactures Bureau has purposely eliminated this control to meet the objections advanced.

"All phases of the work that will be conducted by this company, when organized, are to be left to the actual agreement of the subscribers. The subscribers to the fund, the directors and the manager that may be chosen. The industries and manufactures bureau will do nothing to interfere with the campaign to raise the fund and aid in whatever way it may have the company organized in an efficient manner.

interest Portland capital in industrial development.

"If we can only have a system perfected here which will get sound industrial institutions established and get the facts covering the operation of such companies and their prospects before our local capitalists, we believe that we can secure a larger measure of support from our own investors in the matter of industrial expansion than has ever been secured in the past, or was possible prior to the present time."

SLANDER SUIT DROPPED

DR. EHRENSTROM RECALLS \$20,000 CASE AGAINST W. G. MACLAREN

Divorce Proceedings Started by Mrs. Ehrenstrom Also Stopped, and Connection Is Traced.

Dr. Gustave Phillip von Braun Ehrenstrom, an exile from Oregon, yesterday dropped the \$20,000 slander suit which he decided he would prosecute against Rev. W. G. MacLaren, of the Portland Commons, despite the order of banishment against him in this state.

Circuit Judge Gartenbein entered an order of dismissal on the demurrer of Attorney Roscoe P. Hurst, without protest or showing by the plaintiff.

At the same time, on motion of Attorney Hurst for the plaintiff, the divorce action of Mrs. Ivy Ehrenstrom against Dr. Ehrenstrom was also dismissed. A connection between the two cases, which led to a dismissal of one upon the abandonment of the other, is hinted.

Dr. Ehrenstrom was banished from Oregon by District Judge Bell on July 11, 1916, for threats against his wife's life shortly after she had filed suit for divorce.

Dr. Ehrenstrom established himself at Vancouver, Wash. On October 25, 1916, he filed suit for \$20,000 damages against Mr. MacLaren, charging undue interest in the prosecution of the criminal case and slanderous assertions, which led to the divorce proceedings.

ROSARIANS WILL ELECT

ALL OFFICERS BUT HIGH CHANCELLOR RENOMINATED.

F. C. Riggs Forced to Decline Nomination as He Will Be Out of City.

W. J. Hofmann Named.

Officials of the Royal Rosarians were renominated by the members at the meeting yesterday at the Chamber of Commerce and the annual election will be held the first Monday in March.

Prime Minister Dean Vincent appointed the following committee to prepare for the coming election, and, if considered necessary, to make additional nominations before the time for the election: W. E. Finzer, E. C. Peck, C. L. Loveland, S. J. McCormick and R. H. Thomas.

Only one change was made in the present official organization by the nominations yesterday. F. C. Riggs, the lord high chancellor, was obliged to decline the nomination because he will be out of the city, and W. J. Hofmann was nominated as his successor.

Besides the nominations preparations were made for co-operation by the Rosarians in the entertainment of live delegates to the National Education Association in July, and plans for an informal dance, to be given in connection with the concert next month, were announced.

The monthly concert for February will be held next Monday at the Chamber of Commerce.

CURB ON SPEECH URGED

CUSTOMS COLLECTOR BURKE SAYS PUBLIC SHOULD USE CARE.

Action Toward Interned Vessels Taken Only as Precaution and Does Not Involve Germans.

Collector of Customs Burke, who is decidedly busy these days in conducting the ordinary affairs of his office, and in special matters that have arisen as a result of the termination of diplomatic relations with Germany, finds time to check the public pulse and to think that needless utterances are made and discussions entered into that should be curbed.

In that connection he gave out the following yesterday:

"This is a time for us to hold our impulses in check and refrain with resolute calm from any ill-considered utterances that might turn to bitterness the natural grief of some of our best citizens. Whatever action has been taken here with respect to interned German vessels is in accordance with general precautionary orders to all ports of the country, and there is no cause for local excitement, or any feeling involving our German friends, who declare in every way possible that under the war cloud that has come near to the ground they are standing firmly beside us. Just now we can mutually be of most service by keeping only our eyes and ears open and watching for signals from the 'man at the wheel.'

I refuse to believe that the German government, forgetful of the ancient friendship between her people and ours, will carry into effect the ruthless naval programme she has adopted for the destruction of American ships and American citizens. And already there is a rift in the cloud through which light is beginning to appear.

MAN ALONE IN CABIN DIES

W. W. Whittington's Death Believed Due to Natural Causes.

MARSHFIELD, Or., Feb. 5.—(Special.)—W. W. Whittington, a Myrtle Point resident, who went to the vicinity of Eckley to care for cattle on the Joe Knight ranch, was found in a lonely cabin, where he had died one or two days ago.

Coroner Fred Wilson said he had sufficient news to determine the death was from natural causes, and it was believed Mr. Whittington died of pneumonia, since he complained of illness while on the Myrtle Point.

There were reports, however, reaching Myrtle Point that he had been shot accidentally, or had committed suicide. Mr. Whittington leaves a widow and a 5-year-old daughter.

The banquet to be given in honor of Alfred Reeves, general manager of the National Automobile Chamber of Commerce, originally scheduled for tonight, will be held tomorrow night in the city dining-rooms of the Hotel Hamilton at 8:30. The change in the date was made necessary by Mr. Reeves' delay in arriving from the East.

RED HEADS ARE TREAT

BILL AT PANTAGES OFFERS NO END OF VARIETY.

Acrobatic Treat Novelty in Dancing. With Music and Chery Patter, Found to Liking.

Variety is the stamp sterling on Pantages' new bill—full of mirth and melody and entertainment. The Red Heads top the list with William T. Saxton featuring among a bevy of lovely girls with titian tresses and temperament to match. There's a bona fide plot to the story, set to rollicking music and made particularly gay with dance diversions.

An attractive girl, Vivian Allen, dressed smartly and acts likewise as a woman detective. The cast is completed by Laurence Akerlind as a buyer, with Mr. Saxton as the proprietor of the store in which the saucy girl is selling red heads are models.

An interesting, artistic number is offered by Verna Mercereau and George McCormick, both unusual dancing exponents of the esthetic school.

A pair of funsters who steal home with lots of laughter are Herbert and Dennis. One of the duo is a Melville food lad, and together they make great sport over the plumpness.

The Exposition Jubilee Four are negro singers, each of whom has "red-horns" for his middle name.

The Sisters Grace are a pair of red-haired girls, who dress smartly and dash merrily into much song and dance.

Opening the bill is Hip Raymond, too funny for words, in a clowning acrobatic act.

The "Lass of the Lumberlands" is the picture.

Ata essayed the role of peacemaker.

Weato was taken to the police emergency hospital for treatment and Ata is at St. Vincent's hospital. Drasco is said also to bear knife wounds. The row is said to have been the outcome of a drinking bout.

NIGHT ATTACK IS RELATED

F. W. Sharon, Claimant of Rich Estate, Reports to Tacoma Police.

TACOMA, Wash., Feb. 5.—(Special.)—Mystery surrounding a shooting on the street here late one night two weeks ago was cleared up today when Frederick Wallace Sharon, one of the claimants to the millions left by the late Frederick William Sharon of San Francisco, declared that an attempt had been made on his life by two men who fired four shots at him. Mr. Sharon carried an automatic revolver at his assailants, two of the shots finding their mark, he believes.

Mr. Sharon was returning from the

home of a friend when the attack was made, he says. He armed himself because of threats which had been made against his life, he told the police. He fired eight shots in all.

Mr. Sharon declared that an unidentified man, representing himself to be a claim agent for the Wells-Fargo Express Company, tried to connect him up with the theft of an express package from Spokane and an investigation proved that no such package had been sent.

"An unidentified detective has been working here trying to turn something up on me," he charged also.

The greatest of all remedies for women's ills, Lydia E. Pinkham's Vegetable Compound, has been freeing women from such ailments for forty years.
