son has passed a similar resolution of support for the President. Senator Vinton replied that he thought such a resolution ought to be adopted. "But," he added, "as worded this is a very broad resolution. It undertakes to set out reasons why the break occurred with Germany, and to say that country has conducted a 'ruthless' warfare. Now, I do not see that it is necessary to go into all that." At the suggestion of Senator Houston, the Garland resolution was made a special order for 10:30 o'clock tomorrow morning.

Shortly after this had been settled a resolution introduced in the House by Kuhl, and adopted unanimously, came to the Senate. This resolution expresses confidence in the President and calls on all citizens to support him, without saying anything about the Germans. It also was made a special order for 10:30 tomorrow.

There survive four brothers, G. C. Goodrich, Ralph B. Goodrich, Morris M. Goodrich, all of Yamhill, and Luke L. Goodrich, of Eugene; Mrs. Mary E. Peary, of Yamhill, and Mrs. O. D. Ireland, of Portland.

Mr. Goodrich attended Oregon Agricultural College, the University of Oregon, from which he was graduated in 1894, and the University of Washington law school. After graduation at Seattle he was admitted to the bar, but in 1897 he took a position with the First National Bank of Eugene and in a few years was elected to the board of directors. He had been an assistant cashier for four or five years, and at the recent election of the bank was elected vice-president.

While in the University of Oregon Mr. Goodrich was active in football and other student enterprises, and in 1916 he was appointed a regent of the university.

Mr. Goodrich was married October 21, 1908, to Miss Ruby Hendricks, daughter of William and Christiana Hendricks. Besides his wife he leaves one daughter, Martha, aged 4 years.

Mr. Goodrich was a native of Oregon, born on the Goodrich farm in Yamhill County, where his mother, Mrs. Rosa Ann Goodrich, now almost 80 years of age, still resides. He was the youngest of a family of seven.

Mr. Goodrich was the second member of the board of regents of the University of Oregon to die within the last two years. He was appointed by Governor James Withycombe to succeed the late Samuel H. Friendly early in 1916.

Mr. Goodrich, who accompanied her husband East, was detained at Rochester, Minn., by illness and could not go with him.

He did— Once Too Often

Two pairs of Tire Chains were in the car, but he did not stop to put them on.

An evil impulse tempted him to continue over the wet pavements with bare tires. He ventured on for a few blocks, and then, in a flash, came the frightful skid leaving death in its wake.

How strange it is that some motorists are sometimes tempted to take a chance. They carry Tire Chains, but they do not put them on at the first indication of slippery going. They wait too long once too often and disastrous skidding accidents result.

"Put on Tire Chains at the First Indication of Wet and Slippery Streets"

is a Safety First Commandment of vital importance. It should always be obeyed by all motorists for the protection of all road users.
