President Says He Is "Mad" Over Attitude of Senators Who Defeated Bill.

PARTISANSHIP IS DECRIED

Informal Talk Made at White House Luncheon to Members of National Democratic Committee. Text Not Made Public.

WASHINGTON, March 6.—President Wilson expressed in forceful language his disappointment over the Senate's failure to pass his armed neutrality bill, and discussed at length his conception of the underlying basis of personner peace, in an informal talk tomanent peace, in an informal talk to-day at a White House luncheon to the members of the Democratic National Committee.

The President declared he was "mad" over the attitude of the little group of Senators who held up the armed neu-trality bill and indicated that he hoped for better results if he tried again to secure its passage. The present, he said, is no time for partisan or fac-tional considerations in International affairs, because the need that America prove united in efforts to safeguard its interests is imperative. He decried bitterness in public discussions of the

Permanent Peace Desired.

The underlying principles of democracy were declared by Mr. Wilson as the only principles on which governments can endure and on which permanent world peace can be maintained. He said the consent of the governed must be behind governments. The President referred to the condi-

tion of Alsace-Lorraine as typical of causes of war which must be avoided if permanent peace is to be achieved. Reiterating his hope that the United States will play a part in building up a structure for the maintenance of permanent peace after the present war, he declared that such a peace can be founded only on just principles meeting the aspirations of the people of the world.

No stenographer was present during the President's speech, and its text was not made public. The luncheon was given in honor of Vance C. McCormick, chairman of the Democratic National Committee, and the other members who assisted in Mr. Wilson's re-election.

The assertion was made that in the last election Republican victories in the East were reported to Western states before the closing of the polls, and that as a result many Democrats gave up hope and did not vote. Dynamiter of Bridge Fails to Ger Habeas Corpus Writ.

WASHINGTON, March 6.—Werner Horn, the German reservist Lieutenant who dynamited the international bridge near Vanceboro, Me. in 1915, today lost his habeas corpus suit in the Supremo Court in which he sought to avoid be ing tried at Boston for alleged transortation of explosives on passenger

The court did not decide Horn's contentions that, in a belligerent act against Canada, his German army com-mission exempted him from American prosecution and made him punishable only by the State Department. The court said Horn's appeal was not authorized and dismissed it.

Government Impends.

STOCKHOLM, via London, March 6.—
Fear that the Swedish Cabinet crisis was only postponed, and not removed, by the promise of the Ministers to make another attempt to solve the "difficulties" referred to by King Gustave in his request that their resignations be reconsidered, can be read between the lines of the press comment today. Even in the newspapers supporting the government is this apparent, while the opposition press is openly skeptical of the ability of the present Cabinet to cope with the situation. The Dagens Nyheter says:

"The King demands an initiative and deeds from the Ministers. They answer with passivity, crossed arms and skeptical wonder as to whether the miracle will come to pass of itself.

"It is apparent that Premier Hammarskiploid neither will, nor can, overcome the difficulty which one is justified in believing the King had in mind."

The next meeting of the Commission probably will be in Portland to con-sult with representatives of the Federal Government regarding co-opera-tion under the Shackleford act. Attor-ney-General Brown was instructed today to prepare a form for an applica tion for an extension to time to meet the provisions of that act, and it is hoped to be able to get the full benefit of the moneys under that act for this

The Commissioners, under the plan which was adopted of dividing the state into districts for the purpose of visiting each section where there is desire for an allotment of moneys, divided the state or follows: To look at Mr. David T. Remington, of Springfield, Mass., one would say, "he is as sound as a nut."

And so he is, thanks to the new combination of purifying and building-up treatment embodied in Hood's Sarsaparilia and Peptiron Pilis.

Mr. Remington is one of the best-known men in the state, having been for 21 years in the Statehouse in Boston as Senate doorkeeper and sergeant-

about his heart, stomach and digestive organs. His old friend, Senator George E. Putnam, of Lowell, urged him to take a course of Hood's Sarsaparilla and Peptiron Pills, which he did, and now—"I never feit better in all my life. I can walk from my house down town and back, it miles each way."
