line; we are one people and Germany B. Waller in his address yesterday before the Portland Ministerial Association. Dr. Waller, who recently arrived from Asheville, N. C., to take charge of the pulpit of the First Baptist Church, spoke to his brother preachers on "A Message From the Southland." His talk breathed patriotism and oneness of spirit between North and South.

In response to the telegram sent March 5, upholding the President of the United States and expressing the Wish

that he be given power in the existing crisis, the Ministerial Association received a message thanking them cordially for their good will "which has helped to reaszure the President and keep him in heart."

President Wilson's telegram was read during the business against An im-

The address was discussed by several ministers who formerly resided in the South. Dr. A. F. Bishop, of Central Presbyterial Church, declared that "the most law-abiding county in the country is Jeff Davis County, Texas." He stated, regarding the negro, "Treat any human being as a brother and he has a heart that will respond and appreci-

## Warning as to Our Waning Vitality

(BY LEE HERBERT SMITH, M. D.) In urging upon the country the ob-servance of last December 6 as "Mediservance of last December 8 as "Medical Examination Day," the Life Extension Institute issued a circular in which
it called attention to the reasons why
every man should take stock of his
physical condition just as frequently
as he takes stock of his financial condition, thereby learning his weak spots
and taking measures to receive them.

In the Spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a Spring tonic. One that will do the Spring housecleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago, is still safe and sane because it contains no alcohol or narcotics. It is made up of blood root, Golden Seal root, Oregon grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggist does not keep this in tablet form, send \$1.00 to Dr. V. M. Pierce, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse, pain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent after meals for a while, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every

Dear Sir—The President's first call for troops for service in the present emergency, as issued March 25, 1917, requires that a total of 1102 men be provided by the city of Porthand. At the present time the Portland companies of the Third Infantry have a total of 982 men, fully 40 per cent of which number was procured from small outlying towns. A total of 220 men is needed to fill the Portland companies to full war strength, as shown by a report of Colonel May, It is requested that you arouse civic and commercial bodies and patriotic citizens to the necessity of supplying these additional men at once. It is regretted that the response from this city has not been in proportion to its population. Recruits are being received at the National Guard recruiting station, 106 Fourth street. Transportation to Vancouver will be furnished them and arrangements made for their care.

Letters from the Mayor urging assistance in the enlistment campaign were sent to the Progressive Business Men's Club, the Rotary Club, the East Side Business Men's Club, the Ad Club, Clyle Club, Realty Board, Greater Portland Association, Transportation Club, Clyle Club, Sons of American Revolution, Lincoln Memorial Society, Grand Army of the Republic and Women's Relief Corps.
