Salt Lake Games Played Despite Threat of Snow, and Next Week, When Los Angeles Arrives, Only Four Are Possible.

Ollie Kirmayer, who whitewashed the Beavers in the first game of the season at Salt Lake and beat them in another game during the week, almost joined the Angels two years ago.

It was in 1915 that the Angels were looking for new players. Jackson was touted to the Angels, and Owner Powers started corresponding with the Bloomington owners.

Outside of Joe Jackson, of the White Sox, the name Jackson does not stand for much in the baseball world, at least not in the Western country.

FATIMAS

A Sensible Cigarette.

Such men want comfort AFTER smoking

IT'S NOTICEABLE that more and more substantial men are choosing Fatimas for their steady smoke. There must be some reason for it.

That is just it. No other cigarette can quite give what Fatimas give.

Some other cigarettes taste good, yes. But Fatimas do more—they are comfortable. Not only are they comfortable to the throat and tongue while you smoke them, but, much more important, they leave a man feeling keen and "fit" AFTER smoking, even though he smokes more than usual.

DON'T EXPERIMENT WITH CATARRH; IT OFTEN LEADS TO DREAD CONSUMPTION

You Will Never Be Cured by Local Treatment With Sprays and Douches.

Catarrh is a condition of the blood and cannot be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated and finally reaches down into the lungs, and everyone recognizes the alarming condition that results when the lungs are affected.

No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases.

Who Needs New Clothes?

If every man in town who needs a new suit held up his right hand, it would take the rest of the month to count them. This is the time of year when tens of thousands of men need new clothes, but by no means all of them can buy them at once.

Now, the point is this: Every man who needs new clothes and hasn't the money can open a Cherrys Smart Shop and outfit himself for Summer RIGHT AWAY.

Instead of figuring on paying the full amount when you buy your suit, wouldn't it be a hundred times more convenient to pay just a fraction now and the rest in weekly or monthly installments? We know it would, because thousands of men use the credit privilege at CHERRY'S.
