Flashy Portland Boy Will Try to Lift Lightweight Title From Seattle Boxer.

### OTHER GOOD BOUTS BILLED

Six Events Are Down on Card at Rose City Athletic Club-Gossip of Ring and Mat Is Set Forth.

Flashy 'Muff' Bronson will pit his boxing skill against the right hand of Eddie Brewster Pinkman at the Rose City Athletic Club tomorrow night, and will make an earnest endeavor to regain his title as lightweight champion of the Northwest, and add the Canadian crown at the same time.

Pinkman is the king of the Northwester 132 nounders by virtue of his

western 132-pounders by virtue of his recent victory over Lloyd Madden at Seattle, and claims the Canadian belt as a result of knocking out Johnny O'Leary in three rounds. Bronsen, awhile back, won and lost the Northwest lightweight championship to Madden, beating him here, and having a questionable decision rendered against him in the Sound City.

Besides the main event there are five other finished performances on the bill-of-fare. Pete Mitchle takes on a hard-hitting 140-pounder in Cliff Reed, of Los Angeles, who has beaten Walter South. Battling Rudy and other good boys, and who held Dick Kendall to a draw. Frank Kendall will attempt to bother

Dick Burke with his left jab, while Jack Wagner and Billy Williams, a newcomer, who is one of four making their debut tomorrow night, will furnish another set-to. Red-headed Joe Farrell will meet a shifty performer in

Farrell will meet a Freddie Lough.
Winston Gower, Eddie Pinkman's sparring partner, takes on Carl Martin, Adolph Schacht, of Seattle, will referee all of the bouts.

Somebody should put Leslie James Darcy wise to the fact that he is pulling old stuff. R. E. Robinson, manager of a boxing club at Youngstown, O., has sent out a circular letter that Les Darcy likes Youngstown so well he has decided to make his home there. Telling the natives of a town that he likes them so well he intended to spend the remainder of his days there was a stunt used by Norman Selby (Kid Me-Coy) to obtain publicity when Darcy was toddling around in Australia mak-ing mud pies. The home of the aver-age star boxer is the town where the matches are most plentiful and biggest.

It's a quiet day when Eddie Pinkman It's a quiet day when Eddie Pinkman doesn't say something. He is now saying, following his decisive defeat of Johnny O'Leary, that when he meets Muff Bronson tomorrow night he's going to knock Muff down as fast as he can get up. They can say what they want about Pinkman, but he has plenty of conceit, and that's something every young boxer should have if he ever intends to amount to anything. Pink-man's fault is that he doesn't try to hide his conceit. But this can hardly be called a fault, for he gets himself a barrel of publicity by making rash

"Farmer" Stanton, a giant grappler, meets Ad Santel at Dreamland Pa-villon, San Francisco, tomorrow night.

Jack Taylor will wrestle Ivan Micha-loff, the "Russian Cossack," in a finish match at Lincoln, Neb., tonight. Everything is again going along in good shape in the boxing line in Seattle. It seems that the sheriff was ill-advised and gave speech before he had investigated his source of information. Four-round bouts will continue to flourish in the Sound City, where the people want them, . . is judged by the

big attendance.

Mike and Tommy Glbbons will both show in Seattle prior to coming here May 8 and May 18, respectively. Mike Gibbons meets Al Sommers in Portland

A real surprise was tendered the members of the Portland Hunt Club yesterday, when, on arriving at the new Garden Home clubhouse for break-

Game by 9-4 Score. The John S. Beall Armco baseball team started the 1917 season with a rush yesterday by defeating the O.-W. R. & N. aggregation, 9 to 4, on the East Twelfth and East Davis streets grounds. The stars for the winner were Doran and Gage, Doran not only twirl-

Dangerous and insanitary conditions at the Oregon State Penitentiary building were shown in a stereopticon lecture last night by L. G. "This building, as you can see, with its insufficient exits, wooden walls, ceilings and floors, is a fire trap. You can count the men on your fingers who would escape were the chapel, with its stove, ever to catch fire," said Mr. Mc-Donald.
"Not only that but the conditions are
