ARE CONSIDERING MOVE.

Methodist Episcopal Institution Is Associated With Willamette University at Salem.

A. M. Smith and Dr. Richmond Kelly, Portland members of the board of trustees of Kimball College, both denied yesterday having been advised of any such contemplated move. If such a step were taken they said it would be necessary for it to be acted on by the board of trustees. The regular meeting of the trustees will be held, they said, during June commencement.

While not directly connected with Willamette University, Kimball College, which is a Methodist Episcopal school, has been associated with that university for a number of years, occupying a building on the campus at Salem. Harold Eller, 19-year-old elevator operator, was instantly killed at noon yesterday in the Meier & Frank store, when caught between his car and the shaft. The body was released from its tightly wedged position by Deputy Coroner Smith an hour later.

Eller had died instantly, his chest being terribly crashed. The body was taken to the public morgue. It is not thought an inquest will be held.
