

TALK OF SEIZING BIG INCOMES SPREADING

Senator Kenyon Announces Intent to Press Measure for Conscription.

WAR PROFITS PUT HIGH

Commandeering by Government of All Yearly Profits in Excess of \$100,000 Is to Be Advocated by Iowa Senator.

OREGONIAN NEWS BUREAU, Washington, May 3.—The conservation of all individual incomes above \$100,000 a year is going to be proposed and discussed in the Senate, and probably in the House, when the bill for financing the war comes up for action. Notice of this fight has already been served by Senator Kenyon, of Iowa, and it is being discussed quite freely in Senate and House cloakrooms; if not in the committees which are shaping up the revenue bill.

Senator Kenyon announced his purpose during consideration of the selective, or conscription Army bill, in part saying:

"While I am voting for conscription of these men, I am going to vote later on the commandeering of the excess incomes of this country to help pay the expenses of this war. Conscription of incomes above the amount of any ordinary demands of life needs is just as logical as the conscription of men."

INCREASE OF MILLIONAIRES BIG.

"I want to show the great profits that have come largely out of the war. The increase of millionaires in this country has been tremendous. I shall give the net profits after deducting for labor, material, interest, depreciation and all other charges—in short, the amount available for dividends to stockholders."

"In 1914 the net profits of the American Smelting & Refining Company was \$9,271,575; in 1916 they were \$23,252,248. Armour & Co., in 1914 had net profits of \$7,569,988; in 1916 the net profits were \$20,191,099. Bethlehem Steel Corporation, in 1914 the net profits were \$5,559,029; in 1916 \$14,522,968; Central Leather Company, in 1914, \$6,715,131; in 1916, \$17,324,249; Crucible Steel Company, in 1914, \$6,029,039; in 1916, \$12,221,657. The E. I. Du Pont de Nemours Company, in 1914, \$4,831,792; in 1916, \$82,107,632."

PROTECTION OF POOR DESIRED.

"The poor people of this country and the people of moderate salary ought not to be burdened with any of the expenses of this war. They are standing all they can stand, but the people whose incomes are well above the average—practically 500 per cent in two years—ought to be compelled to bear a large portion of the expense of this war. In my judgment, every income above \$100,000 should be commanded or compelled to contribute to the war effort and to carry on this war. That proposition is going to come before we get through the tax bill, and we might as well commence to think about it."

"I desire to lay down the proposition that conscription will be in order as to incomes over \$100,000."

CHANCELLOR IS TARGET

CONSERVATIVES ATTACK BETHMANN-HOLLWEG.

GERMAN GOVERNMENT CHARGED WITH WEAKNESS AND VACILLATION ON QUESTION OF PEACE.

COPENHAGEN, via London, May 3.—German newspapers indicate that the campaign against Chancellor von Bethmann-Hollweg is again in full swing. The conservatives have adopted resolutions attacking the Chancellor and censuring the government for weakness and vacillation on the peace question and calling for the辞职 resignation. The resolutions express concern at the growing influence of the Socialists, whose peace-making efforts are declared to be leading Germans to the path of ruin. The Premier is accused of sailing a course prescribed by Socialists.

The Berlin correspondent of the Hamburg Fremdenblatt, in a long survey of the situation, declares that the future of the government's policy is growing in all directions and that its reticence on peace terms is being used to sharpen mutual suspicions and the antagonism of the party. The Socialist leaders, he continues, do not neglect to explain and justify the latest strike movement on the grounds of the delay in reforming the Prussian franchise.

On the other hand, the Pan-German reactionaries stop at nothing to prevent the formation of a majority party capable of realizing the needed reforms in the body politic.
