

INSTRUCTION TRAIN AT SALEM FOR DAY

Morning Meetings Held at Jefferson, Where Intense Interest is Apparent.

COUNTY SEEMS THRIVING

Sessions in Afternoon and Evening Are Well Attended—Woodburn and Canby Are on Programme for Today.

BY ADDISON BENNETT.
SALEM, Or., May 4.—(Special.)—The Southern Pacific Railroad-Oregon Agricultural College demonstration party put in the morning at Jefferson, where we found the citizens practically a unit in furthering the movement. A committee had been practically formed before our arrival, consisting of the following persons: Mrs. C. M. Smith, chairman; J. T. Jones, superintendent of gardens; Rose Mason, secretary; Ruth Reid, Mrs. David H. Looney, J. H. Poland, J. G. Fountaine, B. F. Ford, S. R. Tandy, E. D. Smith, Editor Humphrey and Mrs. Humphrey.

All of the interest was done in the cars, the programme beginning at 10 o'clock and closing about noon, during which the lectures were each filled twice. The lectures were as follows: "Food Preparedness," by Miss Turley; "Vegetable Growing," by Professor Brown; "Poultry Raising," by Professor Lamb, and canning demonstrations by Miss Cowgill.

Y. M. C. A. DAY MAY 13

WASHINGTON ASSOCIATION TO SEEK FUNDS FOR ARMY-NAVY.

Acting Governor Hart Calls Attention of Citizens to Need of Money for Good Work.

OLYMPIA, Wash., May 4.—(Special.)—Acting Governor Louis F. Hart today calls attention to "Army and Navy Y. M. C. A. Day," Sunday, May 13, and also calls attention to the association's efforts to finance its work in the Army soon to be raised for the war with Germany, in the following statement issued today:

One of the outstanding features of every recent war has been the work of the Young Men's Christian Association among the enlisted men. On the Mexican border last Summer, even before the war was declared, were pitched, the association had its quarters up and ready for occupancy. In the loneliness and the worst conditions of living into which men from all walks of life were suddenly thrown, the association injected a touch of home influences and of comforting advice which the officers of the Army have pronounced as the greatest help.

IDAHO PLUMS AWARDED

L. F. SMITH, REPUBLICAN, NAMED SEVENTH DISTRICT JUDGE.

J. B. Lippincott is Appointed to Board of Education Despite Agitation for Woman.

BOISE, Idaho, May 4.—(Special.)—Governor Alexander has named Isaac F. Smith, a well-known attorney of Weiser, as the additional judge of the Seventh Judicial District. Judge Smith is a Republican. The judicial plum did not fall to a Democrat in this instance, although it was originally offered to one, A. J. Frechafer, a member of the Public Utility Commission, who refused it. Judge Smith has accepted the appointment.

Judge Edward L. Bryan is the other and senior judge of the district. He is a Democrat. In making the appointment, Governor Alexander evidently had in mind the non-partisan feature of the election and recognized it in naming the second judge of the district.

The new member of the State Board of Education will not be a woman, as many of the club women of the state desire. The Governor has named J. B. Lippincott, of Idaho City, to succeed Robert M. Terrell, of Pocatello, who in turn was appointed by the Governor as the new judge for the Fifth Judicial District.

Idaho now has a war secretary in Joseph Hansen, of Dayton.

W. H. Hatt was named State Insurance Commissioner. He is an insurance man of Rupert. No action has as yet been taken by the Governor in the appointment of a Public Utility Commissioner.

\$135,000 PAID ON INCOME

Appeal to Meet Government Needs by Paying in Advance Answered.

Although the Federal Income and corporation taxes have been doubled since last year and are not due for a month, returns are coming in rapidly at the office of Milton A. Miller, collector of internal revenue for Oregon.

Collector Miller in a letter to those required to pay the income or corporation taxes, called attention to the fact that although the taxes are not due until June, the Government needs the money and asked them to remit as soon as they conveniently could. The response was surprising even to the patriotic collector.

The letter went out on a Wednesday. By the following Saturday, three days later, approximately \$135,000 had been received in tax returns, more than whose income taxes amount to about \$8000 each called on the collector in person and paid their taxes in cash.

CAR SHORTAGE IS 909

Shipper Complains Agent Jeers at His Request for Carriers.

SALEM, Or., May 4.—(Special.)—While Southern Pacific reports indicate a steady decline in the car shortage from April 28, when the late peak of 1157 was reached, to 909, that reported today, the Public Service Commission still is besieged with complaints.

The Hammond Lumber Company is 175 cars short.

At Valle Vista a wood sawer reports that his plea for cars has been met with jeers from the station agent, with advice to "go ask President Wilson."

The O.-W. R. & N. shortage today amounted to 961.

EX-BANK HEAD GIVES UP

M. L. Collier, Alleged Embezzler, Admitted to Bail at Seattle.

SEATTLE, May 4.—After deputy sheriffs had reported they had been unable to locate him, William L. Collier, former president of the Northern Bank & Trust Company, charged with embezzling \$53,000 of the bank's funds, walked into the office of Prosecuting Attorney Maudin this afternoon and surrendered.

Presiding Judge Everett Smith, who last March sentenced Collier to the penitentiary for making a false statement to the State Bank Examiner, approved the bond of \$15,000, and Collier was released pending his arraignment, which probably will be set for Tuesday.

GIRLS TO LEARN TO RIDE

Corvallis Honor Guard to Begin Its Training Today.

CORVALLIS, Or., May 4.—(Special.)—The Girls' Honor Guard will start its training in horseback riding tomorrow at the stock-judging pavilion.

Ede Richards, of the animal husbandry department of the college, will act as instructor, and sportsmen are donating their horses.

Today—beginning of a new era in our Sport Clothes Shop for Women

"If the Cap Fits, Wear It!"

At Last! Relief for Women Who Have Been Affected by Recent Rising Costs in All Lines—and Especially in Ladies' Suits, Coats and Dresses

WHEN we introduced our new "Power of Efficiency" sales policy two weeks ago in selling Men's Chesterfield clothes, we had in mind adopting the same policy in our Sport Shop for Women—but not until the coming Autumn. One of the rules by which our grandmothers lived was: "If the Cap Fits, Wear It." The "cap" in this instance fits so well—the policy of Reducing High Selling Costs through the small-profit-on-each-sale-but-many-many-of-them-system was received so favorably and works out so well for the men, that we were compelled to reconsider the date for introducing the new saving-policy to the ladies. Another thing: We soon found that "no man can serve two masters," which in this case means that the inconsistency of reducing high costs of selling in one department and continuing it in another is, to us, intolerable. Therefore, beginning today, Saturday, May 5, 1917, we propose to prove to you that "blessings seldom come singly," by applying the same "Power of Efficiency" sales-policy to every woman's garment in the store, as follows:

Today and every-day-in-the-year, we will sell all women's outer garments regularly sold for \$30.00 to \$45.00, at	Today and every-day-in-the-year we will sell all women's garments heretofore sold for \$65.00 and up to \$85.00, at	Today and every-day-in-the-year, we will sell all women's garments heretofore sold for \$55.00 to \$65.00, at

Under this new policy we will naturally have to sell for cash only. Thus you secure efficiency and enjoy economy procurable in no other way.

WATCHMEN FIRED ON

Three Intruders Frightened From Bend Sawmill.

I. W. W. ARE SUSPECTED

Men Carrying Suitcase Jump Into Waiting Automobile and Escape, After Exchanging Four Shots With Mill Guard.

BEND, Or., May 4.—(Special.)—After exchanging shots with the night watchman at the Shevlin-Hixon Company plant early this morning, three men carrying a suitcase escaped in an automobile. City and county officials are now engaged in a search for them.

An arrest in the case was made this afternoon by Deputy Sheriff Houston, but the name of the prisoner and the evidence against him is kept secret.

The trio was discovered by Night Watchman C. S. Tigar emerging from under the north end of the bridge over the log pond dam used by the Brooks-Scanlon Lumber Company and the Shevlin-Hixon Company. As the watchman ran toward them his footsteps spurned them and they came out from their hiding place and fired two shots at him as they hastened to their car standing nearby. Tigar fired two shots, but neither took effect.

What the purpose of the men under the bridge was and what was contained in the suitcase is not known, but it is believed that they may have been engaged in an attempt to blow up the dam.

The affair is believed to be the work of members of the Industrial Workers of the World rather than that of alien enemies.

Had the plot not been frustrated and the dam blown up, great damage would have been done to the mill companies, turning loose two mill ponds full of logs in the Deschutes River, and would have caused suspension of operations for some months.

U. S. AID IS BELITTLED

ENTENTE MISSION FAILS, SAYS BERLIN NEWSPAPER.

Intimation Is That America Should Be Feared Only in Commercial Field After War.

AMSTERDAM, May 4, via London.—The Berlin Zeitung Am Mittag, under the caption, "Embarrassment at the Capital," discusses the results of the Anglo-French mission to Washington.

It says that after beautiful speeches and general promises, the members of the missions have come down to hard facts to find that the United States cannot produce ships by magic and, besides the ocean, is ruled by German submarines.

The newspaper adds that the loans to France and Italy so far amount to a mere tip, to keep those countries quiet.

"We do not underestimate the American danger where it really exists, namely, after the war on commercial questions, says the Zeitung Am Mittag. "But for the present momentary needs, America has nothing to offer but a blown eggshell."

"Therefore, the whole fury of the party assembled at Washington burst over the neutrals. Food that cannot be shipped to Scandinavia, Holland and Switzerland. The alleged reason is light crops, but more proba. It is political revenge for the refusal of the neutrals to come under the heel."

"Neutrals should be unduly alarmed. It is an empty threat, for if the American farmer has grain to sell, he will sell it to neutrals if he cannot sell it to England."

Elsewhere the Zeitung Am Mittag runs a column of heavy jokes on the

GRANGEVILLE, IDAHO, MAY 4

(Special.)—Discovery of a huge body of gold copper ore, which assays more than \$180 to the ton, was made at the Dewey Mine a few miles east of Grangeville this week.

The installation of new mills and machinery has been rushed at the mine the past month, and only a small crew of men has been taking out ore.

This discovery will probably mean greater activity in mining operations. The new strike has caused a sensation in Grangeville. Already the owners of the mine, Hamshaw Brothers, of Seattle, have spent thousands at the mine and Grangeville for supplies. The new mill will be ready for operation next month.

BRASS THIEVES SENTENCED

Chehalis Judge Sends One to Monroe and One to Walla Walla.

CHEHALIS, Wash., May 4.—(Special.)—Today Judge Reynolds sentenced Harry Thomas to from two to four years at Walla Walla, and John Forbes to from two to four years at Monroe. They broke into the old flax factory here March 29, and were caught in the act of stealing brass.

They were charged with second degree burglary, and pleaded guilty.

GOLD ORE IS DISCOVERED

Dewey Mine Reveals Vein Assaying More Than \$130 a Ton.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood to Get Rid of It Permanently.

You have probably been in the habit of applying external treatments, trying to cure your Catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will get it out of your system. S. S. S., which has been in constant use for over fifty years, will drive the catarrhal poison out of your blood, purifying and strengthening it, so it will carry vigor and health to the mucous membranes on its journeys through your body and nature will soon restore you to health. You will be relieved of the droppings of mucus in your throat, sores in nostrils, bad breath, hawking and spitting. All reputable druggists carry S. S. S. in stock and we recommend you to give it a trial immediately.

The chief medical adviser of the Company will cheerfully answer all letters on the subject. There is no charge for the medical advice. Address Swift Specific Company, 40 Swift Laboratory, Atlanta, Ga.

MANAGERIAL GOVERNMENT ADVOCATED

ABERDEEN, Wash., May 4.—(Special.)—Roy Sargent, Aberdeen's new

Mayor, wants Aberdeen to adopt a managerial form of government some time in the next two years. He will ask the Council to have a census taken of the city in order that the next Legislature may be convinced that Aberdeen has 21,000 population and therefore is entitled to draft its own charter. He believes the city should adopt such a charter to eliminate ward politics.

RED CROSS TO CAMPAIGN MONDAY

SALEM, Or., May 4.—(Special.)—Next Monday has been set as the day when a whirlwind campaign will be inaugurated to bring the membership of the Willamette chapter of the Red Cross up to 2500 at least in Salem. Volunteers are enlisting for the work, and every district of the city will be combed over for members.

CASUALTY COMPANY INVOLVED

NEW YORK, May 4.—An order was granted in the Supreme Court late today directing Jesse S. Phillips, State Superintendent of Insurance, to take possession of the assets and property of the Casualty Company of America for the purpose of liquidating its business and winding up its affairs. The premium income of the company for the first nine months of 1916 was approximately \$2,000,000.

ANNOUNCING THE RETURN OF BUSTER BROWN AND HIS DOG "TIGE" TO THE COMIC SECTION OF THE SUNDAY OREGONIAN

The amazing adventures of Outcult's dear little lad and his dog will appear regularly hereafter in the Sunday gallery of "good ones."

"THAT SON-IN-LAW OF PA'S"

Pictorially presenting that jolly chappie, with his don't-cher-know accent, as a newly-arrived comic character in the Sunday funny section. You'll feel sorry for the "poor fish"—and like him, too. Lots of laughs.

"OLD DOC YAK," he of motor-mania, many trials, and unquenched optimism, with "POLLY, PA AND NEEWAH," will remain as ever, ours—for the laughter of little, medium and grown-up folk.
