Astoria Yards Asked to Build Four Chasers at \$35,000 Each, When Own Figures Were \$32,000. Work Later Is Expected.

Offer of sub-contracts by an Eastern firm to Wilson Bros., of Astoria, to build four wooden patrol boats or submarine chasers at a price reported to be \$35,000 each has caused speculation in shipbullding circles. When proposals were first called, Wilson Bros. filed a tender of about \$32,000 each, yet all contracts were let on the Atlantic Const, \$45,000 each being the price for some.

It was learned yesterday that Wilson Bros. were not keen to take on the sub-contracts and during the past few days information has been received that

due to the fact delivery would have had to ze made via the Pansma Canal, the vessels being 110 feet long, and rail-road transporation was not depended on. On the other hand, it was under-

DELLA TO FISH IN DEEP SEA

Schooner to Make Two-Day Trip in

TILLAMOOK, Or., May &—(Special.)

Deep-sea fishing in the halibut beds of fthis coast will be undertaken by the schooner Della, which left port today. It is expected that the fastest trip will take two days. The new venture is Cloverdale; F. D. Small, of the Tillamook Ice & Cold Storage Company, and W. G. Dwight, of this city. Captain Emmett Jenkins is in command of the craft.

The Della for some years has beoperating as a freighter between Portland and Nestucca Bay. The promoters of the new undertaking are confider of success, as extensive investigation of the halibut bed has been recently and its size and location have been determined. On this trip the Della car-ries three hallbut lines. Three more have been ordered for future operations. Each line carries 150 hooks

ABERDEEN, Wash. May 8.—(Special.)—Grays Harbor longshoremen, starting May 1, will receive a 5-centstarting May 1, will receive a 5-cent-an-bour increase in wages, according to announcement made today. Under the new schedunic loaders will receive 55 cents an hour instead of 50 cents, and side runners, batch tenders and donkey engine men will receive 65 cents an hour instead of 60 cents. The increase was voluntarily granted by the em-ployers.

Two keels have been laid at the Albina Engine & Machine Works, each for a 3300-ton steel ship, and considerable material has arrived for 3500-ton steel steamors, four of which are to be constructed there. In the service of the North Pacific Steamship Company the steamer Breakwater arrived last night and sails on the return temorrow night. Though the line was sold at San Francisco yesterday the understanding is that the ships will be maintained on the run.

ASTORIA, Or., May 8.—(Special.)—Bringing a good catch of hallbut link cod black cod and red snappers, the deep sea fishing schooner Margaret came into port this morning from the fishing banks off the mouth of the Columbia River. The Margaret is a new vessel operated by an Astoria company, and is one of a fleet of several crafts that will engage in deep sea fishing out of this port this Summer.

Fishing boats and other motor craft are cautioned by the customs authorities not to approach closer than 200 feet to any naval vessel that is in the harbor. Under the war time regulations any craft approaching too close to a naval vessel is liable to be fired upon.

Why Have Bad Teeth?

Let the Union Painless Dentists examine your teeth and tell you free of charge what is best for your case. Don't wait. Come in right away.

If people would do just a little investigating when they go hunting for dental work, they are apt to get their work done a great deal more reasonable than they think they can.

The Union Painless Dentists are incorporated under the laws of the state of Oregon, and the company is responsible for the guarantee that goes with all work leaving its office. This affords the public absolute protection against inferior workmanship and materials.

The work, all of it, is high class in every respect, and, best of all, costs a great deal less of your hard-earned money.

Marine Notes.

the contracting company that made the offer has arranged to build all of the vessels accepted in the East.

One reason for low bids on the Pacific Coast having been disregarded by the Navy Department is said to have been due to the fact delivery would have had

on. On the other hand, it was understood here that the Navy Department desired the boats completed as rapidly as possible and at the most convenient points, so they could be hurried into commission on the Atlantic.

While the Pacific Coast did not draw any of the first chasers provided for, it is expected, should there be a ball for more of the type, many of them will be contracted for on this side. One erroneous report, to the effect Douglas fir could not be utilized in building the
