

MULTNOMAH READY FOR MILITARY POLL

Sheriff Hurlburt Says That 24 Hours' Notice Is All He Needs Now.

CITY VOTING PLACES USED

Road Supervisors Called in to Get Supplies for Use of Census Marshals in the Rural Precincts of County.

"I could begin taking the war census in Multnomah County within 24 hours if I should receive orders to that effect today from Governor Withycombe, through Adjutant-General George A. White," said Sheriff Hurlburt yesterday.

The Sheriff and his men have the machinery for taking the war census in this county virtually ready for operation. He has appointed a War Census Marshal in each precinct to be in direct charge of the work in that precinct, and in co-operation with Mayor Albee has completed arrangements for using the regular polling places in Portland as centers for the registration of men between the ages of 21 and 30 years.

Census Blanks Received.

The blanks to be used for the registration have been received in quantities from the War Department. They will be distributed to the various War Census Marshals before the day to be set by proclamation of the President for the census enumeration.

Sheriff Hurlburt, Mayor Albee and Adjutant-General White held a conference in General White's office late yesterday at which further details of the census in Portland were discussed.

In order that final preparations for the census might be made in the rural precincts of the county, Sheriff Hurlburt requested that Road Supervisors, who have charge of election paraphernalia for those districts, be required to call at the Sheriff's office to receive instructions relative to the establishment of centers for taking the census. This request was granted at the regular meeting of the Board of County Commissioners yesterday and the matter was referred to Roadmaster Yeom. The plan is to use the regular polling places in those precincts also.

Road Supervisors Called.

Sheriff Hurlburt's communication to the Board of County Commissioners says in part:

"I wish to advise you at this time that I have been directed by the Adjutant-General of the state to secure necessary registration places in each precinct for the purpose of taking the war census at a time to be decided upon later.

"This order has been complied with as far as the city is concerned. In regard to the country precincts, I believe that if you would require the different Road Supervisors to call at my office I could give them the necessary blanks and they could have them filled out and return to me.

INSPECTORS ASK BACK PAY

Claim Made Civil Service Reinstated Men After Dismissal.

M. L. Dowling, C. D. Jameson and Richard Walsh, sewer inspectors, who were discharged by City Commissioner Dieck for having taken part in a strike of the Montavilla trunk sewer, filed demands yesterday for a year's back pay. They claim that the Civil Service Board, in asking the Council to call for bids for insurance yesterday, asked that such a provision be included in the specifications.

INSURANCE BIDS ASKED

City Will Not Patronize Companies From Enemy Countries.

No insurance company having a home office in a country or a possession of any alien enemy of the United States is to get any part of the insurance on city property after the present policies expire, May 28. City Commissioner Higlow, in asking the Council to call for bids for insurance yesterday, asked that such a provision be included in the specifications.

Bend Census Put Above 6200.

BEND, Or., May 10.—(Special).—That the population of Bend at present is more than 6200 is stated by W. W. Woodbeck, of Vancouver, Wash., who is compiling names for a new directory of Crook, Deschutes and Jefferson counties.

CORNS HURT TODAY?

Lift your corns or calluses off with fingers and it won't pain you one bit.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes as well as hardened calluses on bottom of feet without one bit of pain. A genius in Cincinnati discovered frezone. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents. Apply several drops of this frezone upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callus shriveled and loose that you lift it off with the fingers. You feel no pain while applying frezone or afterwards. Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. You will call frezone the magic drug and it really is. Genuine frezone has a yellow label. Look for yellow label.

ELIGIBILITY AT ISSUE

Disqualification of Laurgaard as Candidate Is Question.

VOTE IN 1914 IS FACTOR

Aspirant to Commissionership Admits Casting Ballot at Laidlaw, Or., in State Election, but Denies Change of Residence.

Does the fact that O. Laurgaard voted in a state election at Laidlaw, Or., in November, 1914, disqualify him now as a candidate for City Commissioner of Portland, or does it not?

City Attorney La Roche, giving an off-hand and not an official opinion, says it does. Attorneys Mr. Laurgaard has consulted say that on his statement of facts, it does not.

The city charter requires that a candidate for Commissioner, or for any office, must have been a resident of the city for three years preceding the beginning of his term.

Mr. Laurgaard admits he registered at Laidlaw, where he was stationed as engineer in charge of the construction of the Tumalo irrigation project. He registered in February as a Republican and again in March, of 1914, as a Democrat. He says also that he voted in November, 1914, but declares he did so under circumstances that do not at all affect his residence in Portland.

Capt. W.H. Jordan

Lieutenant-Colonel Fred W. Sladen, U. S. A., who has been detailed to command the Officers' Reserve Corps training camp at the Presidio, is well known in Portland and has many friends here. He is the son of the late Major Joseph L. Sladen, U. S. A., who was for many years in the Fourteenth United States Infantry. Major Sladen died in Portland about five years ago.

His son also was with the famous Fourteenth for many years while it was stationed at Vancouver Barracks. He joined it on his graduation from West Point in the late '90s as Second Lieutenant.

GOLDEN RULE IS MOTTO

B. S. JOSSELYN, MAYORALTY CANDIDATE, GIVES PLATFORM.

drafting into her service officials who will be fair, firm and humane—not swayed by personal ambition, selfish interest or class prejudice. It is no time for misfits. Prejudice and passion must not prevail. We must not welcome flatterers, encourage intrigue or condone dishonesty. Progress must not be thwarted by incompetence. Courage, knowledge of detail and practical operation are demanded. Sounding promises should not be made. To preclude any other purpose than to serve the public interest is to discount what the future may bring forth in the way of situations that must be met with unflinching judgment. I am sure that thoughtful voters of Portland prefer to pass on the reputation of a candidate for honesty, integrity and business ability, rather than to entertain glittering promises which, as events prove, are made impossible of fulfillment by changing conditions. If elected I will go into the Mayor's office unsharpened by any promise or obligation except to serve the whole public and to do the right thing at the right time, irrespective of what situation may arise. "We are not here to play, to dream, to drift; "We have hard work to do, and leads to such as Portland's position, and such her need. If I shoulder official responsibility and by so doing save some of the loads being carried by the people I will feel that I am rounding out my career by devoting my accumulated experience to the public good.
