Money for Prosecution of Action Against Pacific Livestock Company on Fraud Charge Is Not Provided.

SALEM, Or., May 28 .- (Special.)-The Emergency Board today passed back to the State Land Board and the Attorney-General the Pacific Live-

stock land fraud case. The Emergency Board did not fiftly refuse to grant the deficiency appropriation asked by the Attorney-General to carry on further investigations into the merits of the prosecution of the case, but a resolution was adopted declaring that there is no necessity for authorizing any deficiency "at this time" and "the application of the Attorney-General for this specific purpose be and the same is hereby denied." be and the same is hereby denied."

Deficiency Fund Promised.

The resolution further provided that the State Land Board shall direct the State Land Board shall direct the Attorney-General to proceed with his investigation and the litigation against the Pacific Livestock Company, and if the \$6000 shall become exhausted the Board pledges itself to authorize such deficiency as may be necessary.

The resolution was finally adopted after one of the stormiest sessions in the history of the Emergency Board. With the lie passing freely back and forth among various ones who had appeared to show their interest in the question of the livestock company's Harney County News, of Burns, some the Attorney-General Brown appeared in the interest in the question of the livestock company's Harney County News, of Burns, some the Attorney-General Brown appeared in the case against the company.

Senator Moser declared that the Legislature had provided \$6000 in the Attorney-General's regular appropriation bill for investigations and litigations and that the case before the Emergency Board came squarely under the appropriation. He said that the Attorney-General should exhaust that sum before asking for a deficiency appropriation.

Liability Is Feared.

The Attorney-General, in response, declared he would be making himself possibly liable to the criminal section of the Emergency Board statute if he deliberately exhausted the fund and had none left with which to carry on the other business of his office.

Senator Wood, who was author of the emergency board act, asserted that it was not the intention in passing that act to provide for appropriations such as the Attorney-General wanted, and that the intention was to care for deficiencies after regular appropriations

When Senator Mosier put it up to the Attorney-General to use the balance of his \$6000 appropriation in making of his \$6000 appropriation in making the investigations desired the Attorney-General resented the suggestion.

"I won't spend a cent for that purpose," he asserted. "You have no business to tell me to exhaust my appropriation. Why don't you say whether these cases should be prosecuted or not by either denying the deficiency appropriation or providing for it?"

"That is a matter up to the Attorney-General and the State Land Board. All we are here for is to determine whether a deficiency exists and whether we should make an appropriation providing for it.

The exact status of the case and its future is a difficult matter to determine from the present angle. Whether Attorney-General Brown will call for another meeting of the State Land Board and put it up to that board again as to whether the case should

when senator Moser introduced his resolution, and the first vote on it was taken, it was found that Governor Withycombe, State Treasurer Kay and Secretary Olcott, all members of the State Land Board, had voted against the resolution, while President Moser, Speaker Stanfield, Senator Wood and Representative Kubil had voted for it. "That resolution throws the matter right back at the State Land Board," said the Governor.

When it became apparent, however, that the resolution would have no par-ticular effect unless it had five votes in favor of it, Treasurer Kay changed his vote from "no" to "aye," and the reso-lution stands as adopted. Course Not Yet Determined.

State Treasurer Kay declared that
portions of the article were malicious
faisehoods, that they were written for
the express purpose of villifying members of the Land Board and of the
Legislature, and declared that the assertions constituted a cowardly attack.

Mr. McConnell declared they were not

brought. He asked the Attorney-Gen-eral if he did not make such a state-ment, but Mr. Brown did not respond to the question.

Mr. McConnell Is Rebuked.

After much discussion between Mr. Kay and Mr. McConnell, Speaker Stanfield moved that Mr. McConnell's statement be expunged from the record. "One thing that entered into the action of the last Legislature in refusing to make an appropriation to prosecute further this suit was the activity of Mr. McConnell for his own personal gain," declared Mr. Stanfield. "It was the general opinion that he was active day; against persons who stood in the way of his own financial benefit. The attacks in this record on the members of the Legislature are almost malicious, and I move that the entire statement be expunged from the record."

This motion carried unanimously.

Nervous Periodical Headaches

This trouble commonly called "sick-headache," is said to be due to the retention of urea in the system. Often it is stated that a poor condition of the blood is a cause of these headaches, or that it is a nervous condition; and in certain cases, no doubt this

dition; and in certain cases, no doubt this is true.

Where treatment is demanded, it is more for the pain than anything else, and Dr. A. F. Schellschmidt of Louisyille, has found anti-kammia tablets to give prompt and satisfactory relief. "Rest should be insisted upon," he says, "and the patient should go to bed, darken the room, and all the attendants and family should be as quiet as possible. An emetic will sometimes shorten the attack. The bowels should be kept open and a hot bath and a thorough rub-down with a coarse towel, often give grateful relief. Two anti-kammin tablets when the drst signs appear, will usually prevent the attack. During an attack, one tablet every hour or two will shorten the attack and relieve the usual nausea and vomiting." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for nervous headaches, neuralgia and all pains.
