'GIVE CHIEFS HELL" FIREMEN'S SLOGAN

Confidential Circular Distributed Among Supporters of Two-Platoon Measure.

LABOR AGITATORS BLAMED

Stand of Some Bureau Employes in Chicago Against Similar Measure Cited Because Unions Would Be Real Director.

"We see by the papers Chief Stev-ens has quit the job. We regret this exceedingly, as we were doing very nicely with him. However, give them hell from here to the finish, then they will all quit." Such is the attitude of firemen cam-maigning for the firemen's two-plattoop

paigning for the firemen's two-platoon bill. The quotation is from a circular sent Thursday night to all the fire stations by the firemen's two-platoon committee. It shows the feeling in the department as a result of the fight the chiefs are making against the twoplatoon bill on the ground that it is a vicious measure, full of jokers which have nothing whatever to do with a lastituate to be a set of the set of the

have nothing whatever to do with a legitimate two-platoon system such as some other cities have adopted. The circular as distributed among the firemen is signed by James Irving, sec-retary of the two-platoon committee. Copies were given to Fire Chief Dow-ell by firemen who resent the labor agitation now stirring the Fire Bu-

Labor Agitators Blamed.

That the two-platoon fight is purely one due to organized labor agitators having got a hand in the fire service is the opinion of the fire chiefs. They cite similar campaigns in other cities, principally Chicago. It came to the attention of the fire

chiefs recently that the firemen have been organized into a strong labor union with a charter from the Ameri-can Federation of Labor. Announce-ment to this effect was made recently by a newspaper supporting the union ization programme now stirring the

city. During the two-platoon fight in Chi-cago which was lost by a vote of two to one last year, labor leaders distributto one last year, labor leaders distribut-ed circulars to all unions in which the statement was made: "The two-platoon is not a political issue, but strictly a labor question and a defeat at the polls would mean not a defeat slone for the firemen, but a defeat for union labor. We do not ask any finan-cial assistance, but we do ask you to go to the polls and help us to win by getting your wives, sisters and friends to vote 'yes' on the double-platoon.

to vote 'yes' on the double-platoon. This is the first labor question ever put on the little ballot." Some Firemen Opposed.

THE MORNING OREGONIAN, SATURDAY, JUNE 2. 1917.

Mark your ballots carefully! Choose your Mayor, your Commissioners and your Grocer for their ability. Every candidate and every grocer is willing and anxious to do his best, but that is not enough. The man and the concern you select must have the ability -must be able to give you what you need at the price you can afford to pay. This store is selling its food stocks and the goods contracted for on the basis of their cost-not on the cost of replacing them. There is nothing wrong with the intent of the other fellow, whether he is in the combination or not-he simply lacks the ABILITY to do the things this concern is doing in these trying times. To do this right we need your help—so phone your orders any time ex-cept Friday evening and Saturday—or come personally Saturday-place and pay for your orders and we will deliver as usual.

partment will be dictated by the busi-ness agent of a labor union instead of the Fire Marshal and his assistants." The two-platoon bill to be voted on in Portland Monday is much more sweeping than was the Chciago bill, in-asmuch as it provides for many things in addition to the question of two shifts for the men.

J. N. TEAL DECLINES PLACE

Ill-Health Prevents Work on Na-

tional Defense Committee.

Joseph N. Teal, prominent Portland attorney and traffic expert, yesterday was offered a place on the committee of inland water transportation of the Council of National Defense. Because of illness he found it necessary to de-

The telegram offering him a mem bership on this important committee, which is now being formed, came from D. Willard, chairman of the advisory committee of the Council of National Defense, at Washington.

The purpose of the committee, for which Mr. Teal's experience and zeal qualified him, is to determine how best the waterways of America may be co-erdinated with other transportation systems from the standpoint of Na-tional defense.

TWO INJURED ON STREETS

Motor Truck Wheel Said to Have Crossed Body.

F. D. Flock and Albert Bennett are at St. Vincent's Hospital, seriously, if not fatally injured as the result of two collisions between automobiles and bi-

cycles yesterday afternoon. Mr. Flock, whose home is at Eva-line, Wash, was run over by a truck at Broadway and Larrabee sfreet yes-terday, driven by W. H. Streeter, 1408 Borthwick street. Mr. Flock has a hadly fractured skull and it is said the bar wheel of Mr. Streeter's truck

badly fractured skull and it is said the rear wheel of Mr. Streeter's truck crossed his body. The Bennett boy, a messenger for the Western Union, was injured at Six-teenth and Washington streets when he was knocked down by an auto-mobile driven by Levi Geer, of Lon-don, Or., a member of the Federal erand uny grand jury.

WATER BLOCKS HIGHWAY Motorists Making Trip to Scattle Must Pay \$4 or \$5 a Car.

The Pacific Highway in Southern Washington between Kalama and Car-rolls Point has been closed temporarily to automobile travel on order of the County Commissioners because of high

water. Motorists making the trip from Port-Motorists making the trip from Port-land toward Seattle and way points north of Kalama will be obliged to use the road on the Oregon side to Goble and there take the Hoven ferry to Carrolls Point, which will place them north of the road difficulties. The charge for this ride across and along the river is \$4 for each carload. Machines may also be ferried from Kalama along the river on the Wash-ington adde to Carrolls Point for \$5 per car.
