30 Arrests Are Made. It was pointed out at the Depart-ment of Justice tonight that more than 10,000,000 men are required to register under the law and that it would be surprising indeed if such a day were to pass off without incident, as no general election ever held in this coun-

Attorney-General Gregory's orders had caused the arrest of about 30 per-sons up to today in connection with anti-draft propaganda. Only a few more, probably less than half a dozen, are expected before Tuesday. Such a showing is looked upon as extraordi-nary and as a convincing indication that despite oratory and the few con-spiracies discovered to interfere with it, or to prevent the response of the men of draft age, there has been no substantial movement to defeat the purpose of the law. The department expects that there may be a number of evasions of the registration provision that will look

Many of the large manufacturing plants of this city are taking an active interest in the liberty bond campaign. They are arranging for noon-day mestings of their employes, when the de-tails of the bond plan are explained and an opportunity given the opera-tives to subscribe. This detail is in the hands of H. Two similar meetings will be held at the plant of the Northwest Steel Company at 11:15 o'clock Monday and Tuesday mornings. Employes of the Port-land Lumber Company will be told of the bonds at another meeting at 12:30 o'clock Wednesday afternoon.
