Just One Application and the Hairs Vanish
(Modes of Today.)
A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste, and after two or three minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results buy the delatone in an original package.—Adv.

Y. M. C. A IS FIRST
New Zealand Commissioner Tells of War Work Done.
THREE ON WAY TO FRONT
America's Selective Draft Is Declared Far Superior to Method Used in British Colony, as Labor Levy Was Too Heavy.
"America has solved the problem of conscription far better than England and her dominions," said Mr. W. P. Lascelles, honorary Y. M. C. A. commissioner from New Zealand, who, with two other association secretaries, arrived in Portland yesterday on their way to the battle lines in France.
With Mr. Lascelles was G. W. W. B. Hughes, superintendent secretary for the Y. M. C. A. in New Zealand, and A. N. Lascelles, army field secretary of the Y. M. C. A. at the front. They are studying association methods on the Pacific Coast and will report any improvement in administration that they find in Portland to the Y. M. C. A. headquarters at home.
"New Zealand made the mistake," said Mr. Lascelles, "of drafting everybody. America has solved the problem by selective draft. We took farmers from the fields, workers from the factories and miners from the coal mines and as a result we have been short on labor. The government has admitted its mistake and now is following the policy that America has adopted. We have already contributed \$5,000 men out of a total population of 1,000,000.
Commissioner to Russia lauded.
"The visit of the allied commissions to the United States has done for America what the American commission will do for Russia. It has shown America the mistakes to be avoided and has strengthened her hand in and war. I think that one of the greatest things of the war is the visit of the Americans to Russia. It will mean that Russia will be established in her allegiance to the allies and it will bring her back from the path of anarchy.
"The war has been the making of the Y. M. C. A. in New Zealand. We did not have the sentiment of the people back of the association that you have here. But the men have been writing home from the front and telling their relatives and friends that the only institutions that they meet close to the trenches is the Y. M. C. A. and that it has been a great factor during their leisure after long hours in the front line.
"As a result, all New Zealand associations are out of debt. Y. M. C. A. buildings are being planned and memorials after the war and prepara-

tions are being made to care for the soldiers when the struggle is over."
Mr. Lascelles' son, who is a field secretary, is 20 years old. He was rejected when he applied for service, a stiff knee preventing field duty. Provoked by his rejection, he at once enlisted in the Y. M. C. A. work, determined to get to the front somehow.
Mr. Lascelles has unlimited resources at his command to put association buildings in the field with the troops. He is sent to the front to supervise the secretaries and to establish huts wherever they are needed. For many years he was in business in Timaru, but recently retired.
Coquille and North Bend Lose Pastor
MARSHFIELD, Or., June 5.—(Special.)—Rev. F. S. Shiman, pastor of the North Bend and Coquille Presbyterian Churches for the past four or five years, has resigned his pastorate in both cities and will spend a portion of the Summer in Washington. Mr. Shiman has no assignment and will visit at Malone, Washington, until late in July.
Willard W. C. T. U. to Meet Friday.
The Willard W. C. T. U. will meet Friday afternoon at the home of Mrs. George Pratt, 1007 East Fifteenth street North. The members are asked to come at 7:30 o'clock and bring ten towels and clean old linen, as the afternoon will be spent in sewing for the sailors and soldiers.
Masons Buy Liberty Bonds.
CENTRALIA, Wash., June 5.—(Special.)—The local Masonic lodge last night voted to invest a part of its funds in liberty bonds. The subscription will probably be increased by the lodge later.

PARIS TERMS NAMED
Deputies Demand Return of Alsace-Lorraine.
REPARATION WANTED, TOO
Secret Vote Also Strongly Favors Continuation of War Until All Invaded Territory Is Gained.
Premier Approves Action.
PARIS, June 5.—By a vote of 453 to 55 the Chamber of Deputies in secret session has adopted a resolution declaring that peace conditions must include the liberation of territories occupied by Germany, the return of Alsace-Lorraine to France and just reparation for damage done in the invaded regions. The resolution, which was accepted by the government, also favors the creation of a league of nations for the maintenance of peace. The resolution reads: "The Chamber of Deputies, the direct expression of the sovereignty of the French people, salutes the Russian and other allied democracies and indorses the unanimous protest which the representatives of Alsace-Lorraine, torn from France against their will, have made to the National Assembly. It declares that it expects from the war imposed upon Europe by the aggression of Imperialist Germany the return of Alsace-Lorraine to the mother country, together with liberation of invaded territories and just reparation for damages.
"Far removed from all thoughts of conquest and enslavement, it expects that the efforts of the armies of the republic and her allies will secure, once Prussian militarism is destroyed, durable guarantees for peace and independence for peoples great and small, in a league of nations such as has already been foreshadowed.
"Confident that the government will bring this about by the co-ordinated military and diplomatic action of all the allies and rejecting all amendments, the Chamber passes to the order of the day."
Speaking to the resolution, Premier Ribot said: "This resolution affirms our national sovereignty. It declares that in a democracy like ours there can be no secret treaties. None can or wants to finess with the national sovereignty. None has entertained such thoughts. French policy is the policy of frankness and clearness."
Major Newell Ordered to Vancouver.
OREGONIAN NEWS BUREAU, Washington, June 5.—Under orders issued

today Major Isaac Newell, infantry, is ordered to Vancouver Barracks for duty with the new Forty-fourth Infantry. Captain Raymond A. Wheeler, now at Hawaii is ordered to join the Fourth Engineers at Vancouver.
MURDER TRIAL OPEN TODAY
Charles Lee Yin Will Answer for Participation in Tong War.
Charles Lee Yin, alleged Chinese gunman, will be placed on trial in the Circuit Court today on a charge of second degree murder. He is accused of killing Ham Quong Fong in the second outbreak of long hostilities on February 24. Two other unidentified Chinese, who have not yet been apprehended, were indicted with Yin for the Fong murder.
The killing of Fong took place on Fourth street, between Everett and Flinders, in the sight of scores of people. The gunman boarded a taxi in which Fong was riding and emptied their gun at him, killing him almost instantly. Lee Yin later was identified by several witnesses.
42 AT REED GRADUATED
Commencement Address Delivered by Dr. L. R. Briggs.
Forty-two graduates from Reed College received their diplomas yesterday at the commencement exercises on the college campus.
Dr. LeBaron Russell Briggs, dean of the faculty of arts and sciences at Harvard University and president of Radcliffe, delivered the commencement address, and Dr. Edward O. Sisson, formerly professor of education at Reed College, and now commissioner of education for the state of Idaho, gave a short talk.
The luncheon of the alumni of the college was held immediately after the graduation exercises.
RAILROAD SIDE PRESENTED
Traffic Manager of O. W. R. & N. Co. Justifies Requested Rate Rise.
F. W. Robinson, traffic manager of the O. W. R. & N. Company, spoke before the Rotary Club at its luncheon yesterday at the Benson Hotel, in behalf of the proposed 15 per cent freight rate increase, which is before the Interstate Commerce Commission.
Mr. Robinson pointed out that the

present rates are based on the minimum operating expenses at a time before the cost of every element in transportation had increased as it has since the war. Costs in transportation, he said, have increased from 15 to 200 per cent, and the proposed increase in freight rates is not an effort to secure dividends, but an effort to secure money to carry on the operating expenses and save the roads from going into bankruptcy.
claim the two precincts' returns will swell the recall plurality.
The election is one of the closest ever held in Baker County and a contest is expected should the recall win by a narrow margin because Judge Messick's friends today claimed that there were irregularities in the counting.
About 70,000 tons of cork are annually needed in the bottling trades in the British Isles.
BAKER RECALL IS CLOSE
Opponents of Judge Messick Claim Victory; Contest Probable.
BAKER, Or., June 5.—(Special.)—With only two small precincts to hear from and with a lead of 17 votes according to the recall of County Judge J. B. Messick and County Commissioner J. P. Rittner tonight claim victory and declare their candidates William Duby and Judge John Fraser were elected county Judge and Commissioner. They

Progress
WE BELIEVE this firm was the first in Oregon to have an automobile funeral car. This is only one example of progress we have made in creating an institution which ranks among the most modern in America.
Our most advanced step came when we left the noisy, crowded business section and built this establishment in a quiet, but most accessible part of Portland.
