Early in the day, however, they had stubbornly refused to cow before the bayonets of National Guardsmen who finally quelled the outbreak.

Fires set within the prison buildings destroyed the prison yard office building, the curio room, the office building and portions of the chapel, the foundry oil house, the lumber store building, a rattan shop and a chair shop, entailing a total loss of \$20,000. Several other buildings were damaged by the flames.

The prisoner killed was Don Fla-herty, a life-term convict from Chi-cago. He died of concussion of the brain sustained in jumping from the burning library.

## 200 Stand Definativ.

As the firemen began to quench the flames many of the revolters gave up and walked forward to be taken to their cells. In the course of a couple of hours all but about 200 of the convicts were thus placed under lock and key. The remainder sullenly stood their ground.

WASHINGTON, June 5.—Démands from business interests for eleventh-hour changes are making the Senate finance committee's task of redrafting the House war tax bill increasingly dif-

ficult.

"Tremendous pressure is being brought to bear," said Senator Lodge, a Republican member of the committee tonight. "Hundreds of telegrams and letters are received daily. A score of lobbylists also are personally active."

The committee plans to complete the bill by Friday. Work went forward today while both houses of Congress were in recess observing Registration Day and Ilquor and tobacco taxes finally were disposed of.

Revenues of \$151,000,000 from liquors, including beer, and about \$68,000,000 from tobacco products estimated from the House rates are expected to show but slight reduction by the committee's revision, despite its decision to place prohibitive taxes upon grain used in distilling whisky and other spirits. Doubled taxes on beer were changed.

Auto Tax Considered. P. Schwartz and D. L. Hill, employes of The Oregonian mechanical department, were about the first ones to register yesterday morning. They were on the ground early when the registration place opened and did their duty promptly.

In concluding work on the tobacco schedule the committee today decided that the increased taxes previously announced upon cigars and cigarettes should become effective within 10 days after passage of the bill instead of after 30 days, as proposed in the House measure.
