# Hoover's Ability Doubted, Even.

In the House, Representative Meeker of Missouri, Republican, ussalled the bill and questioned the ability of Mr. Hoover, the food administrator, while Representative Lenroot, of Wisconsin, Republican, opposed the broad powers the measure would confer upon the executive.

Criticism of Mr. Hoover drew a speech in his defense from Representative Kahn, of California, Republican, he paid a tribute to his work in Belglum.

The galleries applauded in the House tonight, when Representative London, and rivers in Baker County much of New York, Socialist, twitted the higher, and it is feared that the damse over its refusal last December to age in Grant County may be especially HIC consider his resolution for a food survey.

### Permanent Law Forecast

"I am compelled to support this Mr. London said, "because I think some of the principles of it will become the permanent law of this country. It is inevitable. This opens a new road upon which National legislatures will be compelled to travel.

"If speculation is a had thing in war peace? should we revert to former condi- mlles downstream today. The ferry tions?"

Senator Gore declared the bill "shortsighted policy," and it would result in driving down farmers' prices.

on were found an empty extract strong last night.

The big clock at Sixth and Alder streets awung its dial to the \$135,010 believed to have purchased the extract mark at noon. So enthusiastic "were the workers yesterday and so generous the response that it would not be surprising if the goal of \$200,000 were to be reached late today.

.......................

The Red Cross drive gathered added

nomentum yesterday and was going

Encouragement came from Red Cross headquarters at Washington yesterday in a telegram to W. B. Ayer, general chairman, signed by the secretary of the National War Council, who gratulated Portland on the first day's results.

Quota Will Be Exceeded.

It was evident, the telegram said, that Portland's allotment was too low He urged that the Rose City exceed its quota by a liberal margin. It appears likely that this will be accomplished. Yesterday's luncheon at the Portland

Hotel was enthusiastic. Cheers rang out when the reports of the different teams of workers were given. The Police Band furnished lively airs and the Ad Club quartet sang. A blackboard recorded the results of the day, and the workers went away from the luncheon with added resolve to make

Portland's showing in the Red Cross campaign a big one.

### Workers March Around Clock.

The active contingent formed in pa rade outside the hotel and marched to Sixth and Alder streets, headed by the Police Band, then walked around and around the big clock, winding it up. Chairman W. B. Ayer turned the hand of the clock until it stood at the \$138,010 mark, while the band played "The Star-Spangled Banner." It was a tirring, patriotic ceremony

H. E. Reed started out yesterday with his field artillery to clean up the 20 city districts with volunteer workers who inaugurated a big house-tohouse canvass.

## Women Enlist in Work.

Each district has leaders and the vorkers number nearly 1000, many of them being women. A report will come from this branch of the drive at noon today. Many of the field workers continued their labors well into the night. making a house-to-house canvass. Some of the workers reported that people of small means were responding generously. The first whack at the generous people of Portland was given the heavy artillery, headed by Chairman Aver, but it is determined by those behind the movement that every home and every individual in the city must have a chance to do something for the

Speakers in autos, accompanied by soldiers in uniform and Red Cross nurses in their neat and attractive habits, will be a prominent feature of the drive from this time on.
