

'KILL THE EMPIRE' HEARON IN ENGLAND

Pacific Coast Pitcher Wins Thrilling Ball Game Played by American Jackies.

GREYS VICTORS, 15 TO 2

Villagers Look On in Amazement When Teams March by Like Circus Parade, but All Turn Out to See Game.

(By the Associated Press.) BASE OF THE AMERICAN FLOTILLA IN BRITISH WATERS, June 20.—"All work and no play makes Sailor Jack a dull boy" is a truism that is being kept in mind by the officers of the American torpedo-boat destroyers, who are doing everything possible to encourage athletics among the men.

The most pretentious programme yet planned for the American Jackies is a big field day at which there will be running races, walking contests, baseball games and many other sports. It will be held in an athletic park which is in course of construction with funds provided by generous American business men in New York and London.

Ball Game Honors Writers. Meanwhile baseball is the only sport possible. A great game was played yesterday in honor of the arrival of the American newspaper correspondents. A large crowd of spectators was present, composed mostly of sailors in blue and soldiers in khaki. The game was between picked teams and all the players wore regulation uniforms which had been brought from the United States.

Girls Learn Slang of Game. The scene of the game was a beautiful green on the cliffs back of the town. From the diamond could be seen the American ships at anchor. There was no grandstand, but the American and British naval officers, as well as many of the uniformed ones and the curious village throng, found the green grass a comfortable vantage point from which to view the game. A goodly sprinkling of girls from the village was present. They already have acquired a certain amount of American baseball slang and during the game frequently made use of it.

Pacific Coast Pitcher Wins. The use of the names of the men or the ships from which they came is impossible, but the American and the greys defeated the blues by a score of 15 to 2. The greys had a pitcher of some repute from the Pacific Coast League whose curves the blues simply could not solve. They would have been shut out but for the fact that the pitcher passed a couple of men, which, combined with poor support, gave the blues their only two runs. But the game was remarkably fast, and was thoroughly enjoyed by the tars and spectators alike.

\$9,000,000 IS POURED IN (Continued From First Page.) drive was indicated by the scattering reports that have come to headquarters to date. Few large cities have been heard from, but the smaller towns have already shown amazing results.

Honolulu Doubles Quota. "Colorado, with a total to date of \$219,617, has \$18,017 more than was expected of her. Utah, with \$212,000 subscribed, or \$12,000 over her quota is second, and Oklahoma is third with \$111,800.

"Hoquiam, Wash., has subscribed in one day nearly two and a half times its apportionment, or \$12,900. "Olympia, Wash., and Montevista, Colo., both have reported at the end of two days' campaign a total of \$730, which is 54 per cent more than they had promised.

"Of the smaller towns, Ellensburg, Wash., Hood River, Or., and Devils Lake, N. D., have all reported about three-quarters of the sums set as goals after a single day's campaigning, and most of the other towns heard from have reported from a quarter to a half of their quota.

Seattle Gives \$100,000. "Very few of the large cities have reported. Denver, with \$200,000 of a promised \$500,000; Seattle with \$106,000 out of \$350,000 and Lincoln, Neb., with 27 per cent of its quota subscribed in a single day, seem to indicate great success in this class of cities."

Totals by cities reported to headquarters, tonight include the following: New York City, \$1,490,000; Chicago, \$2,584,000; Cleveland, \$2,428,000; Minneapolis, \$150,000; San Francisco, \$437,000; Kansas City, \$400,000; Milwaukee, \$352,000; Denver, \$128,000.

Roosevelt Gives Support. Theodore Roosevelt today gave formal endorsement to the Red Cross campaign in this message to Gifford Pinchot:

Under a great and efficient organization. "I most earnestly bespeak the fullest support for it from every man and woman in the United States. Let each give the utmost amount possible according to his or her ability. Let every man serve with his body if possible and if this is not possible, at least let him do everything with his purse to help the soldiers at the front and all who suffer bodily ill because of the war."

SOUTHWEST MEETING QUOTA Kansas Expects to Be "Good for Million and Half."

DENVER, Colo., June 20.—Every report from the southwestern states received by S. Postlewaite-Morris, director of the Red Cross for this division, was optimistic today, though those from New Mexico, Utah and Wyoming were meager.

A telegram from Kansas late today, however, said Kansas probably "would be good for \$1,500,000" instead of the \$1,000,000 reported yesterday. Wyoming, with an allotment of \$200,000, reported \$250,000 subscribed. Utah had sent in but one report tonight, from Eureka, \$500. The state's allotment is \$1,000,000.

The most complete reports at hand were from Colorado, which had raised on the face of the returns received \$427,000 of a \$1,000,000 allotment. Mr. Morris said there was no doubt the state would reach this figure.

let him die broken in purse, broken in health and broken in heart. I think that the treatment of Tom Richardson by the Chamber of Commerce was shameful."

In common with the "First Families of Portland," Mr. West accused the Chamber of Commerce of failing to move in matters of importance. "We have a Chamber of Commerce here that is supposed to take care of things that relate to the commercial betterment of Portland, but it doesn't. It has done very little constructive work. The Arlington Club has controlled it; petty politics has controlled it, and its influence has stopped over the other civic organizations of the city."
