PRESIDENT ALEY OF TEACHERS ON WAY

Head of National Association Soon Will Be Followed by Convention Delegates.

ROOMS NOW ARE LISTED

Opportunities of Schools During War Will Be Theme of Several Papers That Are to Be Read at Coming Sessions.

Robert J. Aley, president of the National Education Association, probably will arrive in Portland late this week to prepare for the big convention which opens here on July 7.

Mr. Aley, who is president of the University of Maine, started from home a week ago, but is filling three or four lecture engagements en route to Portland.

As Durand W. Springer, secretary of the association, already is on the ground, Mr. Aley's presence here will get the convention preliminaries well under way.

The National headquarters now are established in the Multnomah Hotel and all the business pertaining to the convention is being transacted there. A small office staff will be installed this week.

Delegates Expected This Week.

The local convention bureau has completed a registration for all the Portland people who will rent rooms to the convention delegates. Hopkin Jenkins, chairman of the committee on hotel accommodations, said yesterday that all the rooms necessary for accommodation of the visitors have been listed. These rooms, together with the hotel accommodations available, doubtless will provide amply for everybody.

It is probable that the group of convention visitors will begin coming into Portland late this week.

The first official meeting in connection with the convention will be that of the National Council on Saturday, July 7, at 2 P. M. The entire discussion at the afternoon session will be on the subject of "The Obligations and Opportunities of the Schools During the War." All members of the council will be expected to join in the debate.

National Council to Meet.

The National Council is composed of 120 members, representing all the states, 20 of whom are chosen each year for a six-year term. The results of the council's deliberations are reported to the general session. Frequently the course of the convention itself is determined by the action of the National Council. The officers of the council are: President, William B. Owen, principal Chicago Normal College, Chicago, Ill.; vice-president, Augustus S. Downing, first assistant commissioner of education, Albany, N. Y.; secretar Adelaide Steele Baylor, vocational division, State Department of Public Instruction, Indianapolis, Ind.; executive committee, A. J. Matthews, president Normal School of Arizona, Tempe, Ariz.; Ellen C. Sabin, president Milwaukee College, Milwaukee, Wis.; David B. Johnson, president Winthrop Normal and Industrial College, Rock Hill, S. C.

The topic of discussion at the council session on Saturday night will be "Agricultural Preparedness and Food Conservation." Following is the complete programme:

"A Study in Thrift," Arthur H. Chamberlain, secretary California Council of Education, San Francisco.

"Possibilities of Increased Food Production," R. H. Wilson, State Superintendent of Public Instruction, Oklahoma City, Okla.

"Utilization of Pupils in the Handling of Crops," John D. Shoop, Superintendent of Schools, Chicago, Ill.

"Sources of Food Waste," (a) "In Buying, Handling, Distribution and Public Use," J. A. Bexell, dean school of commerce, Oregon Agricultural College, Corvallis, Or.; (b) "In the Household," Kate Devereaux Blake, principal Public School No. 6, New York, N. Y.

Food Storage Considered.

"Food Storage and Preservation," Henry R. Daniel, secretary American Society for Thrift, Chicago, Ill.

"Adaptation of Courses in Domestic Economy and Industrial Arts to Meet Existing Demands," C. H. Dempsey, Superintendent of Schools, Haverhill, Mass.; Milo H. Stewart, principal Technical High School, Indianapolis, Ind.

"Necessity for Economic Equilibrium," S. W. Strauss, New York, N. Y.

Miss Roberta Tanquary, a teacher in the Oakland, Cal., schools, who has been in Europe for the last year or two, will speak on "Life in War Time France." While she was not on the regular programme, Miss Tanquary yesterday advised Secretary Durand that she will be here and that she will speak on that subject.

It is probable that arrangements will be made to have her address in the Auditorium, and to admit the public to hear it.

RITTER CALLED TO BERNE

Conference Expected on Case of Swiss Councillor.

BERNE, June 24.—Dr. Paul Ritter, former Swiss Minister to the United States and now Minister to the Netherlands, had been called to Berne from The Hague.

The purpose of the summons to Dr. Ritter is presumably that he may enter into the consultations in progress regarding the case of M. Hoffmann, the member of the Swiss Federal Council, who recently resigned as the result of his part in the recent attempt to institute negotiations for a separate peace between Germany and Russia.

LOYALTY AVERTS STRIKE

Chicago Carmen Get Advance After Conference of Two Weeks.

CHICAGO, June 24.—Employes of the surface and elevated streetcar lines were granted wage increases of 3 cents an hour Saturday night after conferences lasting two weeks with officials of the two systems.

Patriotic motives were said to have influenced the compromise, in the desire of both sides not to precipitate a strike at this critical time.

A MASTER FOOD
Grape-Nuts

BROTHERS WHO WERE BUGLERS IN MEXICAN EXPEDITION WILL ENTER ACTIVE SERVICE.

Two Portland boys, Miles and Victor McFarland, who were buglers on the Mexican border, are planning to see active warfare and have a part in fighting for their country and democracy. A third brother, Dr. Earl McFarland, of Portland, will leave in August, probably for France. All three are graduates of Hill Military Academy.

Victor is now in San Francisco in the Reserve Officers' training camp. Miles is at Good Samaritan Hospital, where he underwent a slight operation on his feet to fit him for service. At the close of the Mexican campaign Miles was offered an honorable discharge, but he wanted to do real soldiering and will soon be on his way. He and his brother, Victor, are well known in amateur athletic circles and are popular among their associates.

RUSS FLEET VISITED

Cordial Reception to U. S. Party Not Affected by Mutiny.

NEW ADMIRAL IS HOST

At Request of Sailors at Sebastopol, Rear-Admiral Glennon, of United States Navy, Addresses Them, Urging Continuation of War.

PETROGRAD, June 23.—Rear-Admiral James H. Glennon, United States Navy, and his staff returned to Petrograd today from a visit to the Black Sea fleet at Sebastopol. The cordiality of their reception was not affected by the mutiny among the sailors of the fleet, which started just before their arrival and which now is at an end, tranquillity having been restored.

Admiral Luckin, who had been elected by the sailors and workmen to replace Admiral Koltchak, in command of the Black Sea fleet, greeted the Americans, as did delegates from the Council of Workmen, Soldiers and Sailors who accompanied him. Admiral Glennon and his party also were enthusiastically welcomed on board the ship by the sailors, who gave exhibition drills and showed the visitors every courtesy.

At the request of the sailors, Admiral Glennon addressed them, urging a continuance of the war without cessation.

The American Admiral will leave tomorrow for a visit to Archangel, proceeding later to Helsingfors.

RIVERS CONTINUE FALL

DROP IS REPORTED ALL ALONG WILLAMETTE.

Slight Rise Is Reported at Wenatchee on Columbia During Rainfall. Greater Flood Not Predicted.

Falling water reported from practically all stations indicates that the probability of an increasing flood in the rivers is not great and the local weather office does not predict any marked rise immediately.

The stations all along the Willamette indicate a falling in the water. Rainfall at Wenatchee is accompanied by a report of a slight rise in the Columbia, although this change has not yet been noted at Umatilla or The Dalles, where the water continued to subside yesterday.

Following is the report of the river conditions yesterday:

STATIONS.	Height.	Change.	Rainfall.
Wenatchee	40.4	+0.1	.30
Kamiah	15.0	+0.5	.....
Umatilla	22.5	—0.5	.....
The Dalles	30.1	—0.1	.02
Eugene	4.8	—0.2	.....
Albany	5.7	—0.5	.11
Salem	5.1	—0.6	.08
Oregon City	5.5	—0.2	.13
Portland	23.4	—0.3	.12

RED CROSS DEMANDS GROW

(Continued From First Page.)

nurses will be sent shortly to Roumania to fight disease which has developed among the thousands of war fugitives crowded into that portion of the country still held against the central powers' armies.

Chairman Wadsworth disclosed also that the committee in charge of Red Cross work in France recently cabled that every cent of the $100,000,000 mercy fund could be spent to good advantage in France immediately, and urging that as large a proportion of the sum as possible be allotted to the French war zone.

"There are a million reasons why this Red Cross fund should be over-subscribed tomorrow," said Mr. Wadsworth. "I think I am not wrong in believing the last minute response of the American people will equal its generosity displayed by reports during the strenuous campaign days last week."

Portland's Per Capita 79 Cents.

Figures made public by Red Cross headquarters showed that the highest per capita contributions among cities of more than 100,000 population came from Cleveland, whose record for the campaign is not likely to be challenged. Cleveland's contributions so far make a per capita donation of $6.20. New York City is second with $5.84.

Other cities, with their per capita gifts, were announced as follows:

Salt Lake City, $2.31; Denver, $2.18; St. Louis, $2.18; Minneapolis, $1.90; St. Paul, $1.82; Chicago, $1.66; San Francisco, $1.61; Des Moines, $1.53; Los Angeles, $1.43; Portland, Or., $1.12; Spokane, 90 cents; Seattle, 66 cents; Tacoma, Wash., 41 cents; Oakland, Cal., 36 cents, and Fort Worth, Texas, 19 cents.

WESTERN STATES' GIFTS SHORT

Twin Falls, Idaho, Subscribes $75,000 on $10,000 Quota.

SAN FRANCISCO, June 24.—On the eve of the conclusion of the Red Cross campaign for $100,000,000, incomplete figures reported tonight from states west of the Mississippi River to Western headquarters of the Red Cross War Council here, showed that $9,000,000 of this division's quota of $15,000,000 had been obtained.

"Nine states out of the nineteen in our territory will furnish $10,500,000," said Lyman L. Pierce, executive secretary of the Western division, tonight. "It is reasonable to expect the remaining ten states to obtain $4,500,000."

Seven of these nine states and their subscriptions thus far are: Utah, $113,000 over its quota of $300,000; Montana $100,000 over its $300,000 allotment; Idaho, $240,000; Oregon, $650,000; Washington, $900,000; Colorado, $870,000; California, $2,300,000; Kansas and Texas, whose latest returns were not available, complete the nine.

H. W. Stone, Northwestern division manager of the campaign, tonight predicted that Portland's subscriptions will exceed $400,000, twice its apportionment, and that Oregon will contribute $1,000,000 against an allotment of $600,000.

Large cities and counties in Idaho have exceeded their allotment. Twin Falls, Idaho, with an allotment of $10,000, has obtained $75,000 and Ada county has subscribed $45,000. Denver, Colo., passed its allotment, having obtained $570,000.

2000 QUARTS ARE SEIZED

Whisky Is Confiscated by Raiders Aboard Steamer Doris.

HOQUIAM, Wash., June 24.—(Special.)—The biggest seizure of whisky on Grays Harbor since the state went dry was made late today in Hoquiam when officers confiscated about 2000 quarts of liquor and arrested all of the officers of the steamer Doris.

The Sheriff and deputies, members of the Hoquiam police and officers from Aberdeen, called over to assist in the raid, were on hand when the steamer docked here and immediately boarded her.

Bottled whisky was found cached in all parts of the vessel except the crew's quarters.

ZIONISTS EYE PALESTINE

$473,000 Pledged by Convention to Prepare for Occupation.

BALTIMORE, Md., June 24.—A total of $473,000 was pledged here tonight at the annual convention of the Federation of American Zionists toward a fund of $1,000,000 to equip an industrial army to go to Palestine and prepare the way for its occupation by Zionists.

Justice Louis D. Brandeis, of the Supreme Court, pledged $10,000, while Mrs. Joseph Fels, of Philadelphia, pledged $20,000; San Francisco Zionists guaranteed $35,000; Los Angeles, $5000; Ohio, $35,000; Virginia, $5000; Buffalo, $1000; Sioux City, $3500; Philadelphia, $35,000, and Chicago, $32,000. Other contributions are to be counted tomorrow.

The so-called twinkling of the stars is chiefly an effect produced in our atmosphere upon the waves of light.

ELIHU ROOT TURNS APATHY TO CHEERS

Socialist Element Won Over on First Appearance Before Workmen's Delegates.

OFFER OF HELP IS MADE

Self-Control of People Is Praised and Nation Declared to Be on Right Road to Democratic Government--One for Peace.

MOSCOW, Friday, June 22.—The first meeting attended here by Elihu Root and the other members of the American commission today was held in the palace of the Governor-General. There were assembled representatives of the Zemstvo and Munitions Unions, the Zemstvo industrial committee and the local council of the workmen's and soldiers' deputies.

The meeting was in the nature of a test to determine whether the commission was to have the real sympathy of the Socialist element in the country. It is said here that no foreigner ever before succeeded in enlisting the attention and interest of this association of committees representing the working masses of Moscow. But as Mr. Root began to speak antagonism and indifference yielded to rapt attention, and he was warmly applauded at the conclusion.

Efforts Rightly Directed.

"We have seen nothing since we came to Russia," said Mr. Root, "that gives cause for criticism. We marvel at the self-control, the kindliness of spirit and the sound common sense that the Russians display. We feel that the work you are doing in the committees is on the right path toward an actual, permanent democracy.

"The government of Germany, the German social system, even German Socialists are all militaristic in their essential nature. They shall not gain control of free America, and if we can help you to prevent their gaining control of free Russia we shall be happy in feeling that we have assisted in the perpetuation of the ideals of our fathers who fought and sacrificed to make us free."

The representatives of the various groups replied, formally welcoming Mr. Root and the other members of the commission. The only inharmonious note was sounded by M. Grigorieff, representing the workmen's council.

Hope for Peace Expressed.

He said:

"We hope that peace will be concluded as soon as possible. And this will be different from past peace treaties, because peace will be concluded not by diplomats but by the masses. I hope that America will help Russia in its desire for peace in the near future."

The entire assemblage arose and cheered the Americans when they left the hall.

At the second meeting before the city Duma Mr. Root said:

"We have heard reports about dangers threatening your new liberty, but we hope you will find a way of expanding your experience in local self-government into power which will govern the whole nation. We have the marvelous spectacle of a people remaining peaceful and preserving the rights of others without the enforcement of law—a people waiting only for the establishment of a strong government, which will lay down the proper basis for law and order. You have made sacrifices in the past; we know that you will still make sacrifices to preserve your freedom, won at such a cost.

Sacrifices Must Be Made.

"You must make sacrifices. You must struggle until your liberty is secure. We have faith that Russia will do this."

The Mayor, in reply, said:

"The aims of the war, the definition of problems standing before humanity, have been given by your great pacifist, President Wilson, who, in preserving the ideal of peace, has realized the vital important of the struggle. His way of speaking appeals to us."

On motion of the Mayor the meeting unanimously decided to send a message to President Wilson thanking him for sending the Root commission to Russia.

T. R. SAYS NONE CAN IDLE

RED CROSS PLEA IS TO FEED U. S. SOLDIERS TAKEN PRISONERS.

Even Rich Must Work to Help Care for Men at Front and Others Must Train, Colonel Thinks.

OYSTER BAY, N. Y., June 24.—In a Red Cross appeal delivered before he unfurled the National and Red Cross colors before the Oyster Bay Reformed Church at Brookville at noon today, Colonel Theodore Roosevelt pleaded that the Nation should begin to think about the fate of the American boys who may be captured by the Germans. Unless steps are taken immediately to provide for them in German prison camps, he said, they will be subjected to hardships and starvation, as were the English prisoners before their Red Cross workers could arrange to take care of them.

"I want the Red Cross to prepare for this duty at this time," he declared. "Steps should be taken now. If not, our men will starve in Germany. The British prisoners starved until their Red Cross supplied them with food.

"The man who can't go to the front should render other service. Most of all there should be shame attached to the wealthy man who idles. If any young man is in doubt whether to fight or do other work, let him give the Army the benefit of the doubt and fight. The rest of us should stand by in every possible way. That means to buy liberty bonds, to subscribe to the Red Cross and so on."

Speaking of the fighting material of the Nation, the Colonel said:

"Every young man who hasn't imperative duties ought, from this time on, to fight or train himself with the idea that he must go abroad."

Baby Is Drowned in Spring.

PHILADELPHIA, June 15.—Playing with his 5-year-old brother, Harry, and several companions near his home, 18-months-old John Buck tumbled into a spring and was drowned. The cries of the boys attracted Mrs. Buck, the child's mother, and she dragged the little victim from the water. The body was sent to the Methodist Hospital, where efforts to induce respiration were futile.

A pinch of sugar dropped into the tea when it is set to steep will cause the leaves to open in about half the time usually required for steeping.

No Neutrality Here

As between clothes made to give the wearer lasting satisfaction and clothes cheapened to meet a cut price, there can be no neutrality for us.

This store has enlisted for life in the cause of good clothes—no compromise, no straddling, no middle ground.

You'll not find us advertising Kirschbaum Clothes at $25 today and nondescript merchandise at $9.99 tomorrow.

Good clothes, first, last and all the time.

Kirschbaum Clothes
$15, $20, $25 and Up!

Phegley & Cavender Corner Fourth and Alder Streets.

MASONS GO TO CHURCH

"JOHN, THE BAPTIST," SERVICES ATTENDED BY 150.

Rev. Joshua Stansfield at First Methodist Church Discusses Mission of Patron Saint.

More than 150 members of the Portland Lodge, No. 55, of the Masonic order attended the evening services at the First Methodist Church last night, where the Rev. Joshua Stansfield preached on "John, the Baptist."

This date is of especial significance in the Masonic order and is set aside for church attendance. The members last night assembled at the Masonic Temple and marched to the church for the service.

In his sermon, Dr. Stansfield said in part:

"John, the Baptist, a patron saint of all good Master Masons, was 'great' in humility of spirit, sturdiness of character, and fidelity and loyalty to truth and to his time. He was indeed 'a burning and a shining light.' The theme of his preaching was the 'Coming Kingdom of God,' and the conditions of its coming; an awakened conscience; a humbling sense of sin; a sincere repentance, and an earnest desire for goodness. 'John was a burning and shining light,' shining because he burned. A self-consuming light is the brightest human light. John was such.

"No niceties of conduct or mere properties of life can give 'light,' the light that truly shines. This is a great truth and law of life."

ARMY TO NUMBER 50,000

AMERICAN LAKE CANTONMENT PREPARES FOR TRAINING.

Tentative Plans Call for Construction of About 1300 Buildings to House Soldiers.

TACOMA, Wash., June 24.—(Special.)—The great selective army of nearly 50,000 troops, to be stationed at the cantonment for training this Fall, will include four brigades of infantry comprising 12 regiments, one brigade of heavy artillery, one brigade of light artillery, including two regiments of three-inch guns and one regiment of 3.8-inch guns, one regiment of engineers, four aero squadrons, two balloon companies, one supply train, one ammunition train, one headquarters train, one hospital and sanitary train, one field telegraph battalion, one field signal battalion, one division headquarters and one division quartermaster with attached staff. In addition there will be thousands of horses and mules.

Tentative plans call for the construction of about 1300 buildings. Forty buildings will be used by the hospital and sanitary detachments, 50 will be miscellaneous structures and seven will be devoted to the Y. M. C. A. This is exclusive of the cantonment, adjacent to the mobilization camp, for regulars, where approximately 35,000 to 40,000 guardsmen from Northwestern states will be encamped.

SINN FEINERS ARE VIOLENT

Windows at Cork Smashed and Republican Flag Raised.

CORK, Ireland, June 24.—The Sinn Feiners were active here early today, when they smashed windows in a number of recruiting offices and hoisted the republican flag on the courthouse flagstaff and committed many other acts of violence.

The Sinn Feiners at a big meeting later today adopted resolutions denouncing the national convention as a diplomatic attempt on the part of the government to place Ireland in a false position and prevent the fulfillment of Ireland's claims to sovereign independence. The resolutions demanded that the executive convene the council to express the opinions of the people and elect representatives to a peace conference.

ACTRESS TO AID RED CROSS

Myrtle Stedman to Solicit Funds at Rally Tonight.

Myrtle Stedman, pretty motion picture star, who is in Portland for a few days, will be an added attraction at the big Red Cross rally at Sixth and Alder streets tonight from 5:30 to 6:15. She appears through the courtesy of the management of the Peoples Theater.

Miss Stedman, who has a wide following among moving picture fans, will auction off two boxes at the Peoples Theater, good for any night this week, except Saturday, the proceeds to go to the Red Cross.

She will accept cash gifts also for the fund from those who have not yet subscribed.

SOUTH AMERICA BOOMING

Japanese Captain Reports Big Trade With England and America.

TOKIO, June 7.—Laden with a cargo of 5800 tons, including 5000 bales of wool, worth 2,000,000 yen, and general South American merchandise, the liner Kasado Maru, of the Osaka Shosen Kaisha, reached Nagasaki Tuesday. She is the first liner returning home since the O. S. K. opened a new line to South America.

Interviewed soon after his arrival there, Captain Yamane is reported to have said that German influence in commerce and trade in Brazil is powerful, although practically almost all railways are now controlled by British capitalists. Their investment is roughly estimated to amount to 1,000,000,000 yen.

General conditions in trade, commerce and industry are prosperous, and unusually high prices are now being paid for imported goods on markets. Most of the goods on the markets are imported from Great Britain and the United States.

Generally speaking, there is great hope for the future of the trade between Brazil and Japan. The Kasado Maru has been placed on the Yokohama-Bombay line. She will sail from Yokohama for Bombay June 7.

JAPANESE SAILORS QUIT

Shipowners Report Desertions Nearly 500 in Past Year.

TOKIO, June 7.—Desertions from Japanese ships, which have attracted much attention lately, have numbered 464 in the past year, according to information supplied by Japanese steamship companies. It is believed, however, that the total, including men who have left tramp steamers, will far exceed this number. Most of the deserters are sailors or stokers.

The Japanese steamship officials blame the desertion on higher wages offered by foreign companies. Many of them are reported to have found work of an entirely different nature, such as munition making. Their positions are being filled with negro or Indian laborers.

One hundred and six of the Japanese have quit in London and 50 in San Francisco. When Japan's merchant vessels called at Marseilles, that port was well known as the scene of many desertions.

A. E. WINSHIP IS IN TOWN

Editor of Journal of Education Expects Large Attendance.

Albert E. Winship, editor of the Journal of Education, Boston, reached Portland yesterday on a brief visit, coming from Montana. He will leave tonight for the East. Mr. Winship predicts a heavy attendance at the National Education Association Convention from various parts of the country he has visited.

Mr. Winship was taken for a motor trip in the country yesterday by O. M. Plummer and Mrs. Plummer and daughter, Ruth, and Mr. and Mrs. D. W. Springer helped entertain him while here.

A clothes basket fitted with roomy side pockets in which different garments and household articles may be put saves a hurried sorting of pieces on wash day.

MISSION MAY SEE WEST

ITALIAN PARTY CONSIDERS EXTENDING ITS STAY.

California and Northwest States to Be Visited If Party Accedes to Urgent Invitations.

NEW YORK, June 24.—The Italian mission headed by the Prince of Udine may lengthen its stay in this country to include a tour of California and states in the Northwest, it was announced tonight at the close of a round of social engagements that included a courtesy visit to Colonel Roosevelt at Oyster Bay.

The mission had planned originally to return to Washington after its visit here, and a day in Boston and then return to Italy. However, Western cities with large Italian colonies have sent invitations couched in such urgent terms that the mission may reconsider its programme and make visits to Kansas City, Denver, San Francisco and other cities.

The mission during its last day here attended a luncheon at the Long Island Country Estate of Lloyd C. Grisscom, former ambassador to Italy.

Colonel Roosevelt, whose home is only a short distance from the Grisscom estate, called there to pay his respects. The prince returned the call, accompanied by Mr. Marconi and Francisco Saverio Nitti, members of the Italian parliament.

U. S. SAILORS OPEN CLUB

VICE-ADMIRAL SIMS IS AN UNEXPECTED VISITOR.

British Sailors Guests of Americans at Entertainment Provided by Amateur Talent of Flotilla.

(By the Associated Press.)

BASE OF THE AMERICAN FLOTILLA IN BRITISH WATERS, June 24.—The opening of the United States Naval Men's Club on shore in this picturesque little village last night was attended unexpectedly by Vice-Admiral Sims. He announced that the club was only the forerunner of others planned for his men during their shore leaves.

The sailors, who brought along many British sea fighters—a visible sign of the new alliance—gave Vice-Admiral Sims an enthusiastic reception.

"I know," said the Admiral, "no matter what happens in this fight for civilization, Great Britain and America will not fail, but will go on together to victory."

Admiral Sims' remarks came at the close of three hours of entertainment, prepared by amateur talent from the flotilla.

Aggie Students Go to Fields.

BOZEMAN, Mont., June 15.—The majority of young men engaged in the study of agriculture at the State College of Montana left for the farms and ranches of Montana during the early part of May to do their part in increasing the food supply of the state and Nation. The exodus was stimulated by the decision of the college to grant credits for the semester's work six weeks in advance of the end of the semester provided the student so released should go actively into the work of agricultural production.

The largest known deposits of molybdenum ore in the world are reported to have been discovered in Southern Peru.

JULY 1 "FOOD SUNDAY"

MR. HOOVER CALLS ON PASTORS TO PREACH CONSERVATION.

Annual Waste in America Placed at Billion Dollars, Which Could Be Saved, Says Message.

NEW YORK, June 17.—Co-operation with the Department of Agriculture in impressing upon the people of the country the necessity for the "largest possible production of food and the smallest possible quantity of waste" is urged by Herbert C. Hoover today in a [illegible] of various denominations, distributed through the Federal Council of the Churches of Christ in America.

(From the Oregonian.)

WE have already started OUR part in Saving This Million Dollars by adopting a strict policy that assures the "Elimination of All Waste" and the continuation of "Business as Usual," without charging any more than usual in the Grille and Pompeian Restaurant.
