

EDITORS OF BERLIN GRILL CHANCELLOR

One Scores Bethmann-Hollweg for Saying President Wilson Is Autocrat.

INNER REFORMATION URGED

Appeal Is Made to German People for Immediate Action—Eugene Zimmerman Takes Exactly Opposite Point of View.

COPENHAGEN, June 26.—Germany's leading editors in their customary Monday articles deal harshly with the government in general and Chancellor von Bethmann-Hollweg in particular. Theodore Wolff, in the Tageblatt, reads the Chancellor a lecture for declaring through the North German Gazette that President Wilson is more of an autocrat than Emperor Nicholas was, the writer pointing out that the President in the most important question to be decided, whether war should be declared, had to obtain a favorable vote from the Congress and was unable to do anything without the approval of that body.

Herr Wolff's reference to this fact is made in an appeal to the German people immediately to set about the work of the inner reformation of the state as its most pressing task, and to join in the international work of "smothering the firebrand of demoralizing Chauvinism" wherever it appears.

Eugene Zimmerman in the Lokal Anzeiger, which newspaper is now controlled by the Pan-Germans, takes exactly the opposite tack and holds up Russia as an example to those Germans who are desirous of bringing the democratic spirit into German institutions. The existing system, he declared, is responsible for Germany's brilliant victories. In closing his article with an attack on Chancellor von Bethmann-Hollweg, Herr Zimmerman asserts that the "democracy" which is working for "bad democracy" in Germany have absolutely no support by the German people—the writer evidently choosing to ignore the size of the German Socialist vote.

It remained for George Bernhard to make the most startling statement. In his desire to condemn Chancellor von Bethmann-Hollweg for failing to declare openly and plainly Germany's war aim programme, this writer in the Vossische Zeitung who has been maintaining that the submarine campaign was steadily and rapidly bringing the war to a successful end, now says that Germany must recognize that the only way to be attained by military means it will be only after long delay and that statesmanship must be brought into play.

"OTHER WOMAN" NAMED

MRS. KATHRYN BOONE SAYS HUSBAND GOT HER OUT OF WAY.

Plea for Forgiveness Is Granted, She Says, but He Has Failed to Live Up to Promise to Behave.

OREGON CITY, Or., June 26.—(Special.)—Charges that her husband persuaded her to take a trip to Grants Pass in May of 1915, and during her absence engaged in improper relations with one Lela Ruble, were made by Kathryn I. Boone, who has filed a suit here for divorce from her husband, Benjamin E. Boone.

The Boones were married in Seattle March 6, 1915, and have neither children nor property rights involved in the case. It was not long after their marriage, Mrs. Boone alleges, that her husband began to silt her.

Three months after the marriage the couple were in Portland and here his next-door neighbor, she says, she would remain away from home for several nights and upon being questioned would reply that it was none of her business, the complaint relates.

Following his alleged relations with Lela Ruble, Mrs. Boone charges, Boone became penitent and won his wife's forgiveness upon the promise that he would give up his wandering ways. This his wife alleges he has failed to do.

COURT TO SEE YEGG KIT

ROSEBURG SHERIFF ON WAY TO TESTIFY IN ROBBERY CASE.

Woman Identifies Bucket as One She Lent Suspect About Time That Postoffice Was Looted.

ROSEBURG, Or., June 26.—(Special.)—Sheriff George Quine, of Roseburg, and Deputy Sheriff Frank Hopkins, of Canyonville, carrying a bucket which was used for "cooking" nitro-glycerine, a rusty revolver, file and other implements best known to yeggmen, left here today for Portland, where they will testify against George Collins, Samuel Slide and Patrick Mathison, who are accused of attempting to rob the Riddle postoffice.

The revolver and bucket were found by the officers near the spot where the men camped on the day preceding the robbery. The bucket was identified by Mrs. M. D. Burgoyne, of Riddle, who said she lent it to Mathison. Several other witnesses have also been summoned from Douglas County, most of whom left for Portland today.

Collins and Slide were arrested while in the act of entering the postoffice, while Mathison was taken in custody a few hours later at Riddle Hotel. They are also wanted in connection with the robbery of the postoffice at Phoenix.

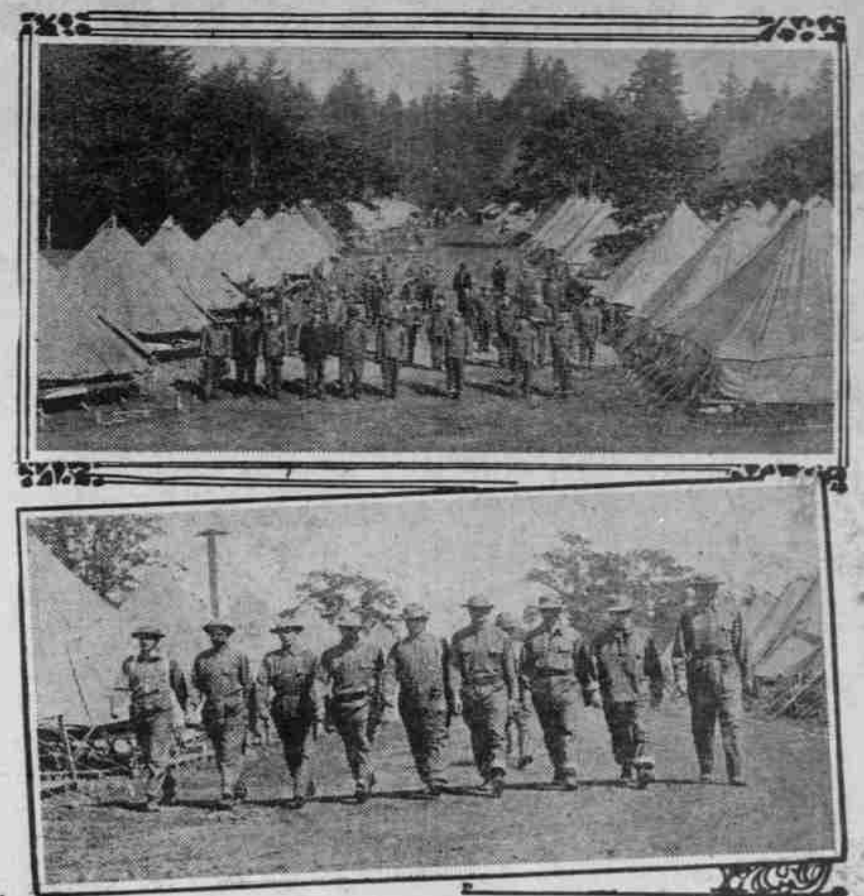

OTHERS MAY LEASE LAKES

Jason Moore Proposal to Come Before State Board Again.

SALEM, Or., June 26.—(Special.)—The question of what disposition Jason Moore intends to make of his lease on Summer and Amert lakes will arise again at the next meeting of the State Land Board.

Secretary of State Olcott today received an inquiry from the City Safety Deposit Company of Omaha, asking what has happened to the Jason Moore proposition and what steps must be taken to obtain a lease on the Summer and Amert lakes for its potassium salts.

1300 STRUCTURES NEEDED

Plans for Operation of Main Line Passenger Trains Between Portland and Tacoma by Way of American Lake Announced.

TACOMA, Wash., June 26.—(Special.)—C. E. Atlas, of Portland, began work today as secretary for the contractors' board and will direct much of the work on the new American Lake cantonment for the Hurley-Mason Company, Cornell Bros., J. E. Honnell and A. F. Albertson, the contractors who will construct the 1300 buildings needed to house the 46,000 troops which will be mobilized there this Fall as the first unit of the selective draft Army. Frank J. Walsh, formerly of Portland, will be

in charge of sewer construction at the post.

Two thousand men have registered for work on the vast job and they will all be at work within two weeks. Several thousand more will be employed when the job is in full swing.

Plans for the operation of main line passenger trains between Tacoma and Portland by way of the American Lake Army post, the establishment of an adequate mail service and for a traffic agreement between the Northern Pacific and the Oregon-Washington companies under which the latter road will operate into the Army post over the track of the former, were announced by I. B. Richards, general superintendent of the Northern Pacific. The Northern Pacific will run three of its principal trains through the American Lake post and will curtail the service over the Point Defiance line to two trains a day.

The new timetable is now being prepared and will be announced in a day or two. It will go into effect July 1.

Washington Dean Seriously Ill.

SEATTLE, Wash., June 26.—(Special.)—Dean Arthur Sewall Hagggett, head of the college of Liberal Arts and professor of Greek, University of Washington, is dangerously ill at the Seattle General Hospital. Several physicians have been called into consultation. Dean Hagggett developed pernicious gripe several days ago and previous to that had been ill with rheumatism. He was taken down while sojourning at a country resort. Serious complications have set in and his condition is low.

MISS LUSK QUIZZED BY FEDERAL AGENTS

Girl Tells of Trips She Made With Husband of Woman Whom She Kills.

OFFICIALS WORK SECRETLY

Teacher Expresses Desire to Recover and See Man Prosecuted. Sheriff to Go to California to Question Woman.

WAUKESHA, Wis., June 26.—Miss Grace Lusk, psychologist and teacher in the city schools, who shot and killed Mrs. David Roberts last Thursday and then shot herself, today was questioned by District Attorney Tullar, Chief of Police McKay and a stranger whom Henry Lockner, Miss Lusk's attorney, said was an agent of the Department of Justice of the United States Government. Tullar and the local officials refused to disclose the identity of the stranger at the conference and would offer no comment on Lockner's identification of him.

The state officials also were silent as to the admissions made by Miss Lusk, but her attorney was willing to discuss her conversation freely. She repeated, he declared, all she had told in the letter to Mrs. Roberts, left unmailed and found the day of the shooting. In this letter the schoolteacher told of taking trips with Dr. Roberts, of having gone to Chicago and having met him in Peoria.

It is expected no effort will be made tomorrow to go deeply into the case, but that only enough evidence will be taken to warrant an indictment.

Miss Lusk expressed a desire to recover so she may see Dr. Roberts prosecuted for his part in the tragedy.

Her statement that the only person whom she told of her clandestine love affair was Miss Winifred T. Frye, of Santa Barbara, Cal., made Miss Frye loom up as one of the star witnesses in the case.

Sheriff Morris will leave for Santa Barbara shortly after the inquest tomorrow to take a detailed statement from Miss Frye.

CORVALLIS HAS ELECTION

New City Officials Named and 3 Bonding Measures Are Carried.

CORVALLIS, Or., June 26.—(Special.)—New city officials were elected here yesterday. They are: J. C. Lowe, Mayor, manager of the local telephone company; A. T. Grusset, Municipal Judge; J. D. Wells, Chief of Police; L. J. Corl, Treasurer, and the following Councilmen: Henry Eberting, John F. Moore, W. C. Schreiber, J. M. Conner, A. W. Hawley, Harper Mocklin and C. F. Wagner. The water board will include W. S. Burnap, J. H. Harris, A. J. Moore, W. H. Kline, William Bogue and F. E. Miller. Bonds were voted for a \$10,000 auto

TIME IS MONEY

An old saying and true. Are you making the most of time? Your savings account, if you have one, will surely answer the question. Your deposits should mark time with each week. It pays to be regular. truck fire-fighting equipment, valuating the city indebtedness and for refunding the cost of the street intersection pavement to the property owners to whom it had been previously assessed. In addition to carrying three bonding measures, the voters also carried two measures to make paving easier to get, and approved a referred ordinance to put Sunday picture shows out of business.

LUMBERMEN VISIT BEND

Southern Operators Inspect Timber Holdings in Oregon.

BEND, Or., June 26.—(Special.)—After passing Monday in Bend a party of Southern lumbermen, consisting of E. A. Frost, F. D. Whited and J. L. Keenan, of Shreveport, La., and C. W. Nelson and C. D. Johnson, of St. Louis, accompanied by Robert A. Booth, of Eugene, left here this morning for Klamath Falls, some going by automobile and some by rail. From bits of information which the party dropped while here, together with the fact of Mr. Booth's presence with the party, it is believed that the visit to Klamath Falls may indicate a new lumber development in that section. It is understood that the visitors, who have been in Oregon for several weeks, are interested in finding a desirable fir or pine operation, or both. They have already spent some time in the fir country.

"One of the Five"

We have made the Cord tire a luxurious economy

Yesterday a Luxury—today an Economy—

Things move fast in the tire world—yesterday the cord tire was a luxury—a doubtful extravagance—today the 'Royal Cord' has made an economy of a luxury.

The birth and the phenomenal success of the United States 'Royal Cord' Tire has changed the aspect and reversed the experience of thousands of motorists.

Extreme resiliency with extreme wearing qualities have been at last accomplished in a Cord Tire.

Put a United States 'Royal Cord' on one wheel against any other cord tire.

Measure the economy.
