

## MEN TOLD TO BE READY FOR DRAFT

Claims for Exemption Must Be Filed Within Seven Days After Designation.

## APPEALS MAY BE MADE

Circular From Provost Marshal General's Office Points Out That Selection and Acceptance Are Not Same as Call.

WASHINGTON, July 8.—Another step in building up the selective conscription Army was taken today with the distribution of a circular of Provost Marshal-General Crowder, notifying the registered men to hold themselves in readiness for appearance before the boards which will conduct examinations and consider exemptions.

How or when the Government will select the men to be examined is not detailed in the circular, but it is revealed that registration cards in each county or city jurisdiction are to be numbered with red ink and that "as soon as the drawing is complete lists showing the order in which these red-ink numbers are drawn will be published in the press and will be posted at the office of each local board." It already has been announced that the selection will take place in Washington, and the general presumption has been that some device similar to a jury wheel will be employed.

Exemptions are to be determined by the local boards, the circular shows, only for the previous, unmentioned specified causes, such as responsibility for the support of relatives, and not for agricultural or industrial reasons. Seven days after designations are posted will be allowed for filing claims. Then there will be an additional allowance of 10 days for filing proofs, and the board must decide within three days after the proof is filed.

When the case of any registrant has been disposed of so far as the local board is concerned, the names of those not exempted or discharged will be posted. Claims for exemption for agricultural or industrial work must be made within five days after such posting and must go direct to the higher board, sitting at the judicial district. Appeals from the rulings of local boards must be made to the higher board within ten days.

The circular does not cover the summoning of the men for actual service, pointing out that selection and acceptance do not mean an immediate summons. Even the time of the drawing is not specified, but issuance of the circular is taken to mean that the work of selection may be in progress within a few days. September 1 has been tentatively considered as the date for assembling the first half million men in cantonments for training.

## FAILURE CAUSES DEATH

BANKER AND MINE OPERATOR COM-MITS SUICIDE.

James J. Ryan Kills Himself After Loss of Entire Means in Seattle Institution.

SEATTLE, Wash., July 8.—(Special.)—James J. Ryan, a brother of Richard Ryan, who figured in the "Dick to Dick" letter during the Ballinger-Pitts hot controversy, shot and killed himself in a Seattle hotel at 2 o'clock today.

Like his brother, Mr. Ryan had operated in Alaska coal and other minerals, at times quite extensively. He was 50 years old and a bachelor. His friends say that he had his entire means, amounting to several thousands of dollars, on deposit in the Northern Bank & Trust Company at the time that institution closed its doors and this had upset him and added to an illness from which he had been suffering for months.

In 1900 Mr. Ryan went to Nome and was employed by P. J. Coston, then trustee of the Nome townsite. Later he went to Katalla to manage the interests represented by his brother, Richard, who at one time sought to locate a townsite on Controller Bay and obtain a right-of-way for a railroad from a point on the bay into the Berling River coal fields. Mr. Coston, his first employer up North, is now a resident of Seattle and today took charge of the body.

## IDAHO RANCHER KILLED

WIFE IS DECLARED TO HAVE CONFESSED TO SHOOTING.

Police Say They Found Revolver Under Table Cloth After Woman Gave Directions—Motive Unknown.

NAMPA, Idaho, July 8.—Juan J. Calzadilla, 45, rich business man and retired sheep rancher, was shot and killed in his home here today. Mrs. Calzadilla, his wife, is being held in the city jail without bail.

The coroner's jury, before which Mrs. Calzadilla refused to testify, returned a verdict that Calzadilla met his death as the result of two gunshot wounds and that they were "probably caused by a gun held by his wife."

Mrs. Calzadilla was found in bed with her baby when the police entered the room. When she was asked if she knew who shot her husband, the police say, she replied:

"Yes, I shot him."

She told the officers, they say, that the revolver would be found on the dining-room table.

The police found it there with four of the six chambers empty.

The motive for the shooting is unknown.

## TURKEY TO DEPORT GREEKS

Breaking of Relations Regarded as Declaration of War.

LONDON, July 8.—According to a press dispatch received at Amsterdam from Constantinople, as forwarded by the Exchange Telegraph, Turkey considers as equivalent to a declaration of war the action of Greece in breaking off diplomatic relations.

The Turkish government, the dispatch says, has decided to deport all Greeks and confiscate their property.

SUFFRAGE LEADER WHO WILL TALK ON CONSTRUCTIVE WORK WOMEN ARE DOING IN WAR, AT BENEFIT AT HEILIG TONIGHT.

DR. ESTHER POHL LOVEJOY.

## WORKS FOR WOMEN

Dr. Esther Pohl Lovejoy Will Talk of National Defense.

## HOME HAS ITS PROBLEMS

Patriotic Night at Heilig Is for Benefit of War Relief Funds Being Raised by Oregon Equal Suffrage Association.

Tonight is Patriotic night at the Heilig, for the benefit of war relief funds being raised by the Oregon Equal Suffrage Association, as part of the week the 2,000,000 women of the National Equal Suffrage Association are doing to help in the war situation.

Besides the Sir Douglas Mawson motion pictures of the Antarctic expedition, which is the attraction at the Heilig, this week, a short music program will be contributed by Hart-ridge G. Whipp, accompanied by Mrs. Thomas Carrick Burke, and a talk on "Constructive Work Women Are Doing" will be given by Dr. Esther Pohl Lovejoy, who has just returned from Washington, where she attended a meeting of the women's committee of the Council of National Defense and of National presidents of women's organizations of the country.

Women Have Big Work to Do. Dr. Lovejoy will talk of the big work that has been revealed as necessary to be done among the women left at home in the war countries, and of the serious proposal now before the various governments to send a commission of women to this country to deal with some problems similar to the commission of men recently here to confer on military matters. Dr. Lovejoy has been asked if she would be a member of the commission to go abroad during or after the war to help reconstruct the freedoms of the devastated countries.

The programme tonight has been arranged to attract a cosmopolitan audience, to provide entertainment for them of an unusual nature such as the pictures are, and to present the constructive work that a few women's party women are doing in the East. A great many of the visiting teachers have been interested in the programme tonight, and will attend after the reception for dooms of women at the Multnomah.

## Patronesses Are Workers.

The patronesses for tonight number some of the foremost philanthropic and social workers of the city. The list includes Mrs. Solomon Hirsch, Mrs. J. D. Farrell, Mrs. Thomas Carrick Burke, Mrs. T. L. Elliot, Mrs. Walter F. Burdell, Mrs. James E. Montgomery, Mrs. C. Lewis Mead, Mrs. C. E. Curry, Mrs. Preston W. Smith, Mrs. John A. Keating, Mrs. J. Andre Foulhouse, Mrs. C. W. Fulton, Mrs. W. T. Foster, Mrs. J. B. Kerr, Mrs. C. F. Swelgart, Dr. Esther Pohl Lovejoy, Misses Frances Leach and Genevieve Thompson.

The committee arranging the benefit consists of Mrs. F. S. Myers, Mrs. H. M. Sawyer, Mrs. C. E. Curry, Mrs. John A. Keating, Mrs. M. Donald Spencer, Mrs. Sarah Evans and Miss Anne Shannon Monroe.

Besides arranging the programme tonight, the committee has obtained a number of tickets for the week and are reselling them, and will take a percentage which represents the profit on the ticket after the cost of showing picture.

There will be a number of the young girls interested in suffrage who will act as ushers.

## CHINESE ARE AT NANKING

(Continued From First Page.)

great edition at the reported success of the Republican forces and declared that the preservation of the republic now is assured.

Retirement of President Li was said to be due to a desire to sacrifice his personal ambition to restore the Republic sympathizers. Li is said to be safely hidden in Peking, but reports that he took refuge in the Japanese legation are not confirmed by the legation's advisers.

LONDON, July 8.—Reuters' Peking correspondent reports that the palace there was bombed by an airplane yesterday.

The dispatch from Peking early this morning announcing the abdication of Hsuan Tung, the young Emperor, who was put back on the throne by General Chang Hsun, is corroborated by a cablegram received today from Reuters' correspondent there.

General Chang Hsun Depressed. It appears that General Chang Hsun, depressed by the failure of his attempt to restore the monarchy, tendered his resignation to the Emperor, who thereupon issued an edict announcing his abdication.

The Republican forces occupy strategic positions in the southern and western outskirts of the city, and there is

## SWEDEN'S HELP TO GERMANY IS GREAT

Millions of Tons of Iron Ore Forwarded to Enemy, Report to Washington Shows.

## HIGH RATE CHARGED ALLIES

Favoritism in Use of Railroads Is Exposed and Step Suggested to Force Idle Ships Into Merchant Services.

WASHINGTON, July 8.—An official report just made to the American Government showing the extent to which Sweden is furnishing supplies to Germany reveals that the Central Powers are receiving enormous quantities of materials that go directly into the manufacture of munitions.

In exporting iron ore to Germany, Sweden, it is shown, has supplanted shipments with imports from the United States.

What this Government will do to end this trade, through operation of the export control act has not been announced, but some of the allies, it is known, are urging the United States to license no food exports to Sweden until a definite understanding has been reached with the Swedish government concerning her exports to Germany.

## Iron Ore Shipments Huge.

Iron ore shipments from Sweden to Germany, the report made to this Government declares, have reached a total of 9,000,000 tons in the last two years, representing an amount equal to Sweden's entire pre-war export.

Another charge against Sweden made in the report is that she discriminated against the allies in the use of her railroads. Overland shipments through Sweden between Norway and Germany have been encouraged, it is declared, while the allies have been subjected to every inconvenience and have been charged exorbitant rail rates.

## 600,000 Tons Are Idle.

Sweden's action in holding within her ports a large amount of merchant tonnage in the world's trade routes, which declares 600,000 tons is lying idle. Sweden's total tonnage is about 2,000,000 tons dead weight, of which she requires about 400,000 tons for her own export and import trade.

The allies, unable to force Swedish tonnage in the world's trade routes, now look to the United States for help and, it is said, believe her shipping will be put into service by the United States and Great Britain come to an arrangement as regards bunkering.

Coal, under this arrangement, would be refused to ships of any nation refusing to put ships into services the allies demanded should be kept open by neutral ships.

## GERMANY AIDING HINDUS

COUNSEL FOR BOPP WILL DEFEND THOSE ACCUSED OF PLOT.

Warrants Will Be Served on 139 Today on Charges of Planning Revolt and to Outfit Ships at Sea.

SAN FRANCISCO, July 8.—One hundred and thirty-nine warrants, based on indictments returned yesterday by a Federal grand jury here, in connection with an alleged world-wide plot to foment revolution in India and to provision from this port capital German warships at sea, will be served tomorrow and as soon thereafter as the defendants named can be found, according to announcement made tonight by James Holohan, United States Marshal.

Many of the men indicted are within this district and these will be taken into custody tomorrow, according to Marshal Holohan. Warrants for persons outside this district have been telegraphed to various parts of the country and these will also be served tomorrow. Several defendants have already arranged the \$10,000 bail set for each by the United States District Court.

Indication that Germany has interested herself in the defense of the many Hindus indicted was found tonight by Federal authorities in the announcement that the San Francisco attorney, who was counsel for Franz Bopp, ex-German Consul-General, and his aides when the former was convicted of violating American neutrality, will defend Ram Chandra and his associates.

## Battery Auxiliary to Meet.

Battery A Auxiliary will meet with Mrs. Albert J. Hoover, 841 Tacoma avenue, tomorrow afternoon to make sewing kits for the boys of the battery. A full attendance is desired.

# Gray's Twenty

A profit-sharing policy that should appeal to every man in these times of high prices. A policy through which we do twice the business formerly done without increasing expense. A policy through which we guarantee to save each and every customer more than one-half the profit they pay other stores doing business under the old system of selling, who charge long profits in season and cut prices out of season. Our price every day in the year is lower than special prices at other stores on equal quality.

We guarantee to duplicate in value suits sold at other stores for \$25, \$30 and up to \$35 AT OUR PRICE, \$20.00, every day in the year.

We guarantee to duplicate in value suits sold at other stores for \$35, \$40 and \$45 AT OUR PRICE, \$30.00, every day in the year.

Every man knows Chesterfield are the best and now sell for less.

## 2 DIE TRYING RESCUE

GOLDEN GATE FERRY CRUSHES BOAT LOWERED TO SAVE MAN.

Members of Crew Meet Death in Paddle Wheel in Vain Attempt to Prevent Suicide.

SAN FRANCISCO, July 8.—Three men met death in the bay tonight. Two of them sacrificed their lives in an attempt to rescue the third, who, in an attempt to end his life, had leaped from the deck of the ferry boat Melrose on the 6 o'clock trip.

"Immediately when the cry of 'man overboard' sounded, Captain William Richter ordered one of the forward lifeboats lowered.

This was done so hastily that the three deckhands who had taken their places in the boat found themselves drifting under the blades of the paddle wheels of the ferry boat.

Crashing into the lifeboat, the Melrose shattered it, killing two of the men, Carl Hane and Julius Fernandez. Other rescuers succeeded in getting a rope around the shoulders of the

man who had leaped overboard and hauled him ashore. The man was breathing when rescued, but died on the way to the harbor emergency hospital.

"The Melrose backed into the lifeboat," said a witness. "The ferry boat engines were reversed, probably with the intention of getting nearer to the

Manager.

## The "Safety Valve" in Modern Bookkeeping

"Every bookkeeping department needs a 'safety valve,'" says Mr. R. O. Morgan, Credit Manager of the Oliver Chilled Plow Works, South Bend, Ind. That is what he calls the proof sheet. He knows the need for and the value of "control" in bookkeeping, which the proof sheet gives.

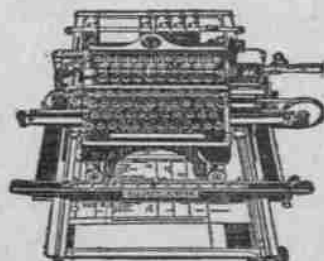

His books were formerly kept by twelve hand bookkeepers. There was no way of locating errors at once; no means of absolutely checking the accuracy of each day's work; no record to help in checking back over the month's work.

With the installation of four Elliott-Fisher Bookkeeping Machines, Mr. Morgan established "Proof Sheet Control." Now he writes:

"The Oliver Chilled Plow Works has not had to check back the postings on a single ledger since Control was established. It is an achievement never accomplished by us under the hand system, and the simple explanation of this record is the proof sheet."

Mr. Morgan frankly admits he was at first skeptical with reference to the advantages of the proof sheet, and even desired to curtail its use. But now, he says, "results have proven conclusively the advisability of the proof sheet. It is a feature of the utmost importance. The system not only lightens the burden in this department, but has done much to simplify the statements which go out to dealers."

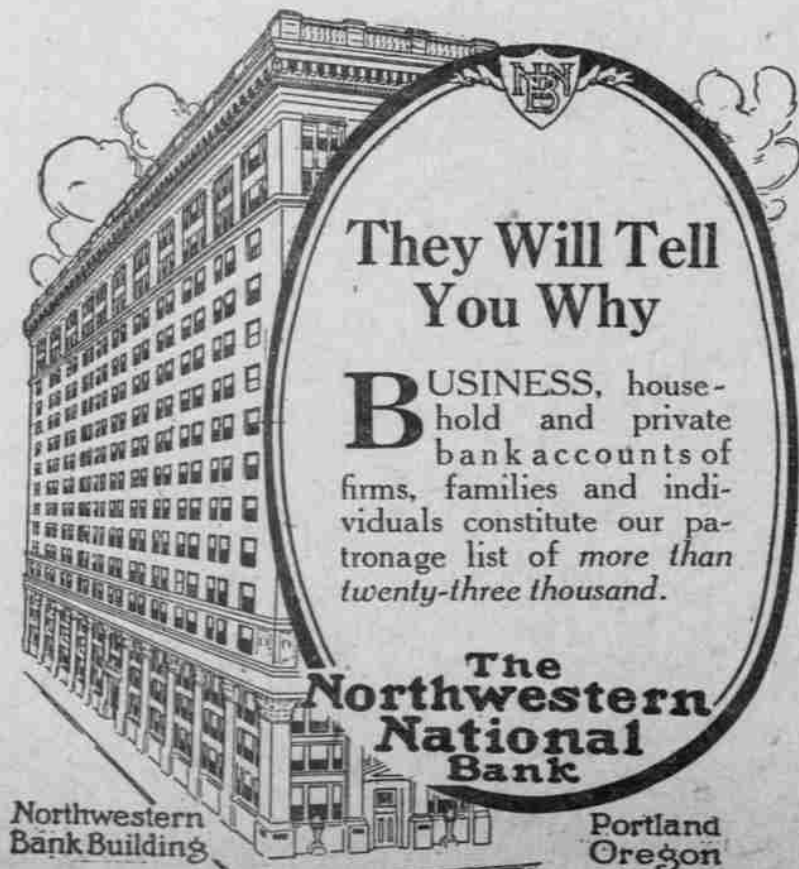

Learn how Elliott-Fisher Bookkeeping Machines, with proof sheet control, can help your Bookkeeping Department. Get in touch with the local Elliott-Fisher office either by phone or letter. Elliott-Fisher Company, 305-307 Oregon Bldg., 5th and Oak Sts.

Note the flat writing surface on which forms are held in the natural flat writing position. This makes the proof sheet possible.
