

### I. W. W. MARCHES OUT; STRIKE OVER

#### Prescott Citizens Intercept Train and Take Off Nine of Alleged Agitators.

### MINES RUNNING AGAIN

#### Citizens of Jerome Round Up All of Mined They Can Find and Place Them on Cattle Cars, Which Leave State.

PRESBOTT, Ariz., July 10.—About 50 members of the Prescott Home Guard made a trip of about 20 miles in automobiles to Jerome Junction and later intercepted a train on which about 75 alleged members of the I. W. W. were being deported from Jerome, arresting nine of them late today. The men were brought here. They were on their way to Needles, Cal.

JEROME, Ariz., July 10.—The strike of the Metal Workers' branch of the Industrial Workers of the World was regarded tonight by officials as "ended" by the deportations today of 67 Industrial Workers of the World on a "special train" of two cattle cars following a round-up of 100 alleged agitators of the organization by citizens and miners armed with pick-handles.

Sixty-seven escorted out of town. Practically all the men remaining in jail here after the 47 had been escorted to Jerome Junction by an armed guard on the train were released late today on condition that they leave Jerome, and officials said tonight they had departed. One man remaining in jail tonight was to get his liberty tomorrow under similar conditions, it was stated.

Mine operators, leaders of the miners affiliated with the International Union of Mine, Mill and Smelter Workers and the authorities all expressed the belief there would be no further trouble as a result of the strike called last Friday. Extension of the strike that if any of the men deported today returned to the Jerome copper district the "pickhandle" squads of citizens and miners would be reorganized and a second "drive" would be inaugurated.

Properties being worked. Officials of the United Verde and United Verde Extension mines reported their properties were being operated tonight with a full force for the first time since the strike became effective. A number of the smaller properties also resumed operations tonight and others were expected to re-open tomorrow.

KINGMAN, Ariz., July 10.—Four alleged leaders of the Industrial Workers of the World organization were brought here tonight from Goledona, near here, where they were arrested late today. They were being held in the county jail for arraignment tomorrow on a technical charge of vagrancy. The arrests were said to have been an outgrowth of the strike called Saturday night at Pumperd at the Union Basin Mine at Goledona.

The men gave their names as: A. C. Carney, J. Murfin, Roy Maroon and J. W. Smith. All were said to be leaders in the strike movement which was reorganized Saturday by a vote of the miners employed at the union basin mine.

Sheriff expects no trouble. A report received here tonight said that Industrial Workers of the World organizers from Arizona and California were scattered through the Mohave County mining district, but Sheriff J. N. Johnson asserted the situation was under control and no trouble was expected.

John D. Wankin, manager of the Union Basin Mine, announced that miners had been granted an increase in pay of 50 cents a day and he expected to resume operations tomorrow at the mine and mill which have been closed down since last Saturday, when the pumpeen walked out.

NEEDLES, Cal., July 10.—Several Industrial Workers of the World who were reported to have been given 12 hours by Sheriff J. J. Cohanover of Mohave County, Ariz., to leave the mining camps at Goledona, Goledona and Mineral, Ariz., passed through here tonight. They said they were going to Tonopah and Goldfield, Nev.

### TAX REFUND IN DOUBT

#### House Expected to Oppose Bill for Relief of Oregon Counties.

OREGONIAN NEWS BUREAU, Washington, July 10.—The bill authorizing the payment to the land grant counties of additional taxes on railroad grant lands and paying also certain interest and penalties, will encounter difficulty in the House.

It develops today that the bill was not referred to the Interior Department or Department of Justice while pending in the Senate, but will be referred by the House committee on agriculture with custom. Both the Department of Justice and the Interior Department look with disfavor upon the bill, taking the position that the counties should receive no payments other than authorized in the act of June, 1916.

### Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orange cream, makes a quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier. Just try it! Make up a quarter pint of this sweetly fragrant, lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands. Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.

### SON OF HETTY GREEN, WHO MARRIES CHICAGO WOMAN.

### TRIP IS TO CARIBBEAN SEA

#### Million Dollars Spent in Refitting Yacht for Honeymoon—Bridegroom's Gift to Bride Is \$650,000, Check and Bonds.

CHICAGO, July 10.—(Special)—Colonel Edward H. R. Green, son of the late Hetty Green, the "world's richest woman" was married here today to Miss Mabel E. Harlow, of Highland Park, a suburb. The ceremony was performed at Trinity Episcopal Church, Chicago.

### PROVISIONAL OFFICERS BEING EXAMINED IN THIRD OREGON

#### Captain V. C. Birney May Be Recalled From Detached Duty in Field to Face Board—Soldiers Remain in Service as Enlistments Expire.

BY WILL G. MACRAE.

WITH THE THIRD REGIMENT OREGON INFANTRY, July 10.—(Special)—The examination of two of the provisional officers of the Third Oregon was held today. The officers first examined were Captain Edward W. Stewart and Lieutenant V. W. Kettle, of the sanitary troops.

In addition to the examination of the Engineer Corps are busy shooting up the targets on the rifle range, the different organizations in camp are hard at work on the eight-week schedule. Monday, Tuesday and Wednesday one hour daily devoted to instruction under the supervision of the battalion commanders. Then from Monday to Friday the time is devoted to the handling of firing squads and general field training. There are also bayonet combats, fire and tactical problems to be worked out. The object of all is to give the soldiers practice in the use of range finders, forcing deployment with sudden bursts of fire, tactical reassignment of sectors to meet the extension of the enemy's lines and the use of combat patrols.

#### Units Sent Out on Duty.

An extra Lieutenant and several squads accompanied Company B yesterday when that organization went into the field. The extra officer was Lieutenant J. W. Walden, Company L. From Company F those assigned with Company B for special duty were Sergeant Willard H. Seidmore, Sergeant John B. Effinger, Corporal Richard H. Busch, Corporal Morton H. Christensen, Privates Larry J. Jefferson, Henry Brandenburg, Jesse Kar, Edward R. Osburn, Edgar E. Foster, Homer E. Brown, Frank Townsend, Charles E. Johnson, Harold Meredith, George Williams, William Armesworth, Ernest E. Bacon and Charles L. Skene. Those assigned from Company L are Sergeant Edward Gohrke, Corporals Herman Hawkins, Edna R. Burke and Privates Douglas B. Parks, Edwin F. Brown, Harold C. Miller, Edward E. Cutler, Allen T. Summers, Irving Balderse, Fred H. Statmaker, Eugene Hart, Ray Mitchell, William Ferguson, Fred L. E. Eldridge, Kenneth E. Conner, John Bier and Walter W. Miller.

The dog Yutch was the only member of Company B left behind. Yutch saw service on the Mexican border and is naturally heart-broken because he was not taken along. Yutch hates an I. W. W. like a German soldier hates an eagle. Yutch was a friend of a friend of Sergeant Major Arthur Sullivan, who saw that Yutch was ordered to Company F for duty, rations and quarters. He daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands. Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.

### EDITORS FAVORING FEDERAL CONTROL

#### Fixing of Paper Prices and Distribution Recommended by Association Body.

### PRICE IS HELD UNFAIR

#### Trade Commission Reports Some of Larger Papers Can Stand Conditions of Past Few Years, but Small Ones Suffer.

MINNEAPOLIS, July 10.—The fixing of prices and distribution of print paper by the Federal Trade Commission was recommended in the report of the legislative committee of the National Editorial Association today. The report was presented by G. E. Hosmer, of Denver, chairman of the committee. The report also said that the censorship question had been settled "fairly and satisfactorily" and that newspapers should be careful not to misuse their privileges.

Of postage rates, the report declared that a fair basis would be one which took into account the difference between a publisher sending his paper 3000 miles and one whose mailing list was two miles. Mr. Hosmer took exception to the imposition of a 5 per cent cost on the price of printing, and declared that while willing to pay their just share of added war burdens, newspapers should not be compelled to pay an additional tax not levied on other businesses.

WASHINGTON, July 10.—In answer to a Senate resolution, asking what it has done to relieve the news print situation, the Federal Trade Commission today, in a formal statement, pointed to a recent recommendation in the past congress that the Government be given power to assume control of news print manufacture and distribution.

The Commission again emphasizes what it considers the need for more power. At one time, it says, a formal complaint against news print manufacturers was considered, but the plan was not carried out for fear of embarrassing the Government in the past, which meanwhile had started prosecution against the manufacturers for alleged violations of the anti-trust laws. In order directing news print makers to desist from their present trade practices would have afforded no practical immediate relief, the Commission declares.

"The Commission," the statement adds, "again earnestly invites attention to the serious condition which is confronting the public and the newspapers of the country. If a situation continues to exist here today and decide to give promise of obtaining in the future where price is based upon panic demands.

Some of the larger newspapers of the country may be powerful enough to weather the conditions which have obtained during the last year or an additional year, or some of them may be powerful enough to secure advantageous positions in the market, but it is of paramount importance that the great body of newspaper publishers of the country shall procure their supplies at a fair price based upon cost and a fair and reasonable profit. Such a price will enable them to continue to exist and to serve the public effectively."

### MERCHANTS TO CUT COSTS

#### Unnecessary Deliveries to Be Eliminated, It Is Planned.

WASHINGTON, July 10.—More than 100 of the country's leading retail merchants met here today and decided to follow suggestions of the commercial economy board of the Council of National Defense for eliminating unnecessary deliveries.

They voted also to do away with the privilege of returning goods, as recommended by the board.

### EXPORT NET TIGHTENS

#### ORGANIZATION OF FEDERAL CONTROL NOW COMPLETE.

#### War Trade Intelligence Division Is Created—Department of Commerce to Issue Licenses Soon.

WASHINGTON, July 10.—Details of the Federal control of exports, operative July 15, were discussed at a conference today between President Woodrow Wilson and Secretary Redfield. The Department of Commerce, it was said afterward, will begin to issue export licenses within two days.

Organization of the department's bureau of export licenses was completed today with the creation of a division of war trade intelligence, with Paul Fuller, Jr., of New York, at its head. Mr. Fuller is widely known as an international lawyer. The intelligence division will be charged with keeping the Government informed of the movement of American exports after they reach foreign shores. The interest will be taken in information for use also in administration of the trading with the enemy bill now pending in Congress.

Secretary Wilson will issue a proclamation putting many other commodities under control. The list now includes footwear, fuels and steel and iron products.

### ROADS TO BE MADE SAFE

#### Clackamas County Announces New Policy for Its Work.

SALEM, Or., July 10.—(Special)—A communication from County Judge Anderson, of Clackamas County, to the Public Service Commission, received today, relative to highway grade crossings, in the Pacific Highway north of Aurora, which the state contemplates improving with paving, indicates that the commission has taken up enforcing safety provisions on all highway grade crossings when such highways are to be improved by the state.

The policy is that the commission probably mean that Oregon's highway system, when completed, will present the safest highway system for travel of any in the country.

### FUGITIVE BREAKS JAIL

#### Man Wanted on Charge Preferred by Doctor, 16, Escapes.

EVRENE, Or., July 10.—(Special)—Daniel Michael of Alima, Lane County, charged with a serious crime against his 16-year-old daughter and who was arrested recently at Prescott City, California, escaped from the jail at that place last night, according to a dispatch received today by Sheriff J. S. Parker. Deputy Sheriff Elkins, of Lane County, is making a long trip by rail and stage to the Prescott City, expecting to bring the prisoner to Lane County for trial.

### SPY PROBLEM HARD

#### Nation Lacks Experience in Dealing With Question.

### TROOP MOVEMENTS OPEN

#### Thousands of Persons Knew Ships by Which Pershing's Troops Moved to France and Even the Date of Sailing.

WASHINGTON, July 10.—Republican Leader Mann declared in the House today that hysteria and "spy craze" possess the Administration. He was speaking in opposition to a section of the trading-with-the-enemy bill designed to permit the President to designate alien enemies. "The departments have gone crazy," he said. "They see a German spy on every doorstep and street corner. We have to carry on this war, but that is no reason why we should be scared to death."

OREGONIAN NEWS BUREAU, Washington, July 10.—The suppression of the German spy is going to be a bigger and a harder problem for the United States than it was for either England or France, and it has taken those countries the better part of three years to get the enemy spy under control. This is necessarily so because there are vastly more German citizens scattered through the United States today than were found in England and France at the outbreak of the war, and in addition to our German population is a vast foreign population of other nationalities of which this Government knows little, either as to activities or sympathies.

The United States, far removed from spy-ridden Europe, has had less experience in dealing with spies than had either of the two great allied powers when war came to them. While the newspapers have refrained from publishing accounts of the movement of troops and of vessels, thus imposing a voluntary censorship upon themselves, the facts which they have suppressed have been generally known, nevertheless, because of the open manner in which the Federal authorities have worked.

#### Movement Made Openly.

Only a few weeks ago, when General Pershing and his staff started for Europe, his movements were open, though not discussed in the newspapers, and the time and place of his departure was known to thousands who made no
