

SEATTLE MAY TAKE
OVER CAR SYSTEM

Operation by City or Receiver
During Strike Considered
by Mayor Gill.

AUTOS DO BIG BUSINESS

Citizens Ride in Makeshift Vehi-
cles With Spirit of Being Out
on Lark—Company Adver-
tises for Men to Run Cars.

SEATTLE, Wash., July 17.—With not a single wheel turning on the Puget Sound Traction Light & Power Company's street railway lines in Seattle since the company's operating employees struck early this morning, the company faces the possibility of having a receiver appointed by the city for the lines or even of operation by the city itself, unless service is restored soon.

Mayor Gill tonight said that the city might take one or the other of these steps. He further suggested the possibility of revoking the company's franchise, in which case it would be allowed to tear out its tracks and remove its equipment.

While Corporation Counsel Caldwell, it is understood, does not favor revoking the franchise for failure to furnish service, he said that the city might ask the court to appoint a receiver to operate the lines, and under this procedure eventually take over the system.

Declaring the strike to be a result of a private dispute between the traction company and its employees, Mr. Caldwell declared "if the company cannot operate its lines by reason of a private dispute, the city may be com-
pelled to ask the court to appoint some one to operate its lines under the direction of the court."

In the face of this possibility, the traction company late today began advertising for men to man the cars, making a special effort to get strikers to return. Officials declare that no attempt will be made for the present to import any workers from outside the city.

Led by a band, which played patriotic airs, the entire body of strikers paraded the downtown streets tonight. Not a single disorder has been reported among them today.

jitney busses, restored to their runs with the cessation of streetcar traffic, privately owned automobiles and trucks temporarily supplied with plank seats, took care of most of the transportation, and the unusual means of travel seemed to strike many of the passengers as somewhat of a lark.

Day ferries, the municipal earlines, the Seattle, Renton & Southern Railway and the two interurban lines entering the city all reported a tremendous increase of business.

PORTLAND CARMEN CONTENTED

Nothing in Puget Sound Troubles
Said to Have Bearing Here.

"Absolutely nothing is in contemplation by the streetcar employees in Portland that could possibly end in a strike," said O. R. Hartwig, president of the Oregon State Federation of Labor, last night.

"Nothing in the Puget Sound strike troubles has a bearing here, as the companies have no affiliation with each other and the public need have no fear of trouble here."

Employees of the Portland Railway, Light & Power Company are nearly all members of the union formed here about a week ago. So far as is known, no differences exist between the men and the company officials.

TACOMA IMPORTS CARMEN

Partial Streetcar Service Is to Be
Renewed Today.

TACOMA, Wash., July 17.—(Special.)—The streetcar stop which has kept all Tacoma walking since Sunday, is at an end, said Manager J. E. Dean, of the Tacoma Railway & Power Company tonight. The strike is not over, however. Seventy-five imported motormen and conductors will take enough cars out of the barns tomorrow to give partial service.

As a precautionary step, screens will be placed over the front and rear windows of the cars. Police will also watch for trouble from the striking carmen.

Timber Workers' Strike Grows.

EVERETT, Wash., July 17.—The timber workers' strike was extended to the Weyerhaeuser mill "B" early this afternoon, closing the plant. Both mills of this company here are now idle.

MOONEY JURY ON TRIP

Inspection of Bomb Explosion
Scenes Attracts Crowds.

SAN FRANCISCO, July 17.—Closely guarded by Sheriff Thomas Finn and four deputies, the jury trying Mrs. Mary Mooney for murder growing out of the bomb explosion here last July made a second trip of inspection to the scenes involved in the trial late today. Accompanying the jury were Mrs. Mooney, Superior Judge Emmet Seawell and attorneys representing the state and defense. In spite of efforts made to keep the public in ignorance of the inspection trip, large crowds gathered when the jurors visited the various scenes.

At the conclusion of the cross-examination of Mrs. Mooney early in the afternoon, the defense rested its case. The state called a number of witnesses in rebuttal.

FIRE CAUSES DAMAGE

Lumber Company Suffers \$25,000
Loss at Cedar Creek Camp.

DALLAS, Or., July 17.—(Special.)—District Fire Warden Fuller reports that the fire in the Sheridan Lumber Company's Cedar Creek camp on Mill Creek has destroyed property amounting to over \$25,000.

The fire is located back of the camp and was caused by the gross carelessness of a watchman at a donkey engine, who fell asleep last Sunday noon when left to guard the property. The fire started from the engine and quickly spread, destroying over one-half million feet of logs and doing considerable damage to the railroad track.

Over 200 acres of timber have been burned over, but up to the present time no equipment has been burned. A fortunate change in the wind at 4 o'clock saved the lumber camp and dam, but the fire is not yet under control.

KLICKITAT ROADS PRAISED

A. D. Moe, of Hood River, Returns
From Delightful Trip.

HOOD RIVER, Or., July 17.—(Special.)—After an automobile trip yesterday to Klickitat County, communities around Trout Lake and Glenwood, A. D. Moe, publisher of the Glacier, returned with highest praise for the roads of the neighboring Washington County. Mr. Moe characterizes as especially appealing the return journey, made over a wooded highway leading down from Glenwood to White Salmon.

"I am told that this road, which lies, with a smooth surface and well constructed, in the deep shade of magnificent fir trees for much of the distance, does not exceed 7 per cent," said Mr. Moe. "It is one of the best roads I have encountered anywhere."

ASTORIA PORT BONDS SOLD

Morris Bros., of Portland, Buy Issue
of \$500,000.

Five hundred thousand dollars of Port of Astoria 5 per cent bonds, denominations of \$1000, the fourth issue of a series aggregating \$1,125,000, has been awarded to Morris Bros. at 94 and interest.

The Port of Astoria embraces all of Clatsop County, and these bonds are being sold for the purpose of construction of bulk grain-handling facilities, dock improvements, railroad tracks and switches and the purchase of equipment for a dredge and other purposes. This issue of the bonds will mature in sums of \$50,000 on January 1, each year, beginning in 1927, until retired in full, on January 1, 1950.

HOLLWEG TO GO TO ESTATE

Ex-Chancellor Will Devote Leisure
to Historical Work.

LONDON, July 17.—A dispatch to the Daily Dispatch from Amsterdam says that Dr. von Bethmann-Hollweg, the retiring imperial German Chancellor, will proceed to his estate at Hohenhausen, near Berlin, and probably devote his leisure time to historical work.

PACKING PLANTS PROBED

Federal Trade Commissioner In-
vestigating Prices.

CHICAGO, July 17.—Chicago's packing plants, the center of the nation's meat supply, came under the scrutiny of Joseph C. Davies, Federal Trade Commissioner, today, when he began preliminary work in the commission's investigation of food prices and supplies. Mr. Davies toured the packing plants at the Union Stockyards in company with Louis F. Swift and Arthur Meeker.

Government Official to Speak.

DALLAS, Or., July 17.—(Special.)—D. W. Working, State's Relation Service, Washington, D. C., will speak on county agent work before representatives of both commercial and agricultural interests of Polk County in the Dallas Commercial Club room Saturday evening. Polk County has never had a county agent, but on account of the diversity of interests no county has greater need of one, and an effort will be made to secure a man of broad vision and practical experience.

McKenzie Pass Snow-Blocked.

EUGENE, Or., July 17.—(Special.)—The McKenzie Pass will not be open until about August 15, according to Clyde R. Belt, supervisor of the Cascade National Forest, who returned to Eugene last night, after traveling to a point as near the summit as could be reached by his motor car, and where he found the road blocked by snow. Under normal conditions at this time of the year, the road is open, and the trip over the summit by way of the pass.

Dallas to Learn How to Kill Rodents

DALLAS, Or., July 17.—(Special.)—R. A. Vay, bureau of biological survey, Department of Agriculture, Washington, will lecture in the Dallas Commercial Club room on July 25 on exterminating rodents, and will demonstrate the mixing of poison for squirrels. Squirrels are doing great damage to hay, grain and corn in Polk County and an effort will be made to organize community clubs for the purpose of exterminating them.

Mosier Road Dangerous.

MOSIER, Or., July 17.—(Special.)—So dangerous to tourists and local citizens has become the road built temporarily under the Mosier Creek bridge that citizens of the town and valley are soliciting the aid of the County Court to have the county road placed in good repair as soon as possible.

I. W. W. PRISONERS
ON HUNGER STRIKE

Sixty-one Men at Ellensburg
Rebel at Method of Dis-
tributing Food.

MANY MILLS CLOSED DOWN

Only One Lumber Plant at Hoquiam
and Three at Aberdeen Are in
Operation—Attempts Made to
Intimidate Workmen.

ELLENSBURG, Wash., July 17.—(Special.)—Sixty-one I. W. W. who are in detention camp on the Courthouse lawn started a hunger strike here tonight because they thought the corporal of guard did not distribute portions of beef stew equitably.

Sheriff Howard Garrison, who is acting as custodian of the prisoners for the United States military authorities here, has had them charged with feeding the prisoners. They have been getting two meals a day, served by a local hotel, the food is brought to the Courthouse lawn in large cans and distributed to the men by a corporal of the military guard.

Four Allowed to Fill Up.

This morning 65 who are allowed the use of the lawn were taken for a swim in a nearby fringing canal.

Tonight when feeding time came the trouble started. Sheriff Garrison was informed that 61 out of 65 refused to eat. He ordered guards to let those four men have all they wanted and to let any of the others have a second chance at the food.

Whether or not the hunger strike will be over by breakfast time is doubtful. Sheriff Garrison says is not troubling him.

The food is good and wholesome. The four men who ate had been fasted last night by soldiers at Cle Elum.

HOQUIAM, Wash., July 17.—(Special.)—Though several of the mills in Hoquiam and the Grays Harbor district started up this morning, pickets of the Industrial Workers of the World were able to close down during the day all but one Hoquiam lumber mill, and in Aberdeen all but three.

The Coquille mill is still in running. None of the shingle mills are open, and only a couple of the camps. All plants and camps are being picketed by large crowds of I. W. W. strikers.

Nothing indicating disorder has been reported. The strikers thus far have been peaceable except for efforts at intimidation of workmen which have been practiced in many instances to induce men to leave the mills. Indications are that the percentage of strikers does not exceed 15 per cent of the men idle as a result of the strike.

Contradicting statements of Charles Perry Taylor, made at Olympia Monday at a meeting of the state labor union, and the Industrial Workers of the World, who have absorbed the membership of the Timber Workers' Union until it has only about 150 members left.

The strike was called by the I. W. W. Saturday morning and they declare they will not go back to work no matter what the time. The men might do unless they win in their demand for an eight-hour day. Leaders denounce the statement of Taylor that the strike was called by the Timber Workers' Union and that the Industrial Workers remained at work. They claim full credit for the strike and that all of their members are out.

SHERIFF PROTECTS WORKERS

Destruction of McGoldrick Mill at
Spokane Is Threatened.

SPOKANE, Wash., July 17.—(Special.)—The McGoldrick mill in this city was threatened today by Industrial Workers of the World, who declared their intention of shutting it down or destroying it.

In response to an appeal to the Sheriff's office, Sheriff Reid said a number of deputies hurried to the mill. They found the mill being picketed by a crowd of the World, who declared their intention of shutting it down or destroying it.

The Sheriff's office, Sheriff Reid said, a number of deputies hurried to the mill. They found the mill being picketed by a crowd of the World, who declared their intention of shutting it down or destroying it.

LEWIS MILLS ARE OPERATING

Strike Not Felt Except in Immediate
Vicinity of Centralia.

CENTRALIA, Wash., July 17.—(Special.)—Mills and camps in this vicinity were not seriously affected yesterday by the threatened strike. About 20 men walked out at the Wilson mill camp at Independence and the same number at the Martu camp, north of this city. A few walked out at the Lincoln Creek camp and a few at the Eastern Railway & Lumber Company's camp.

The Platt mill at Frances, in Pacific County, was forced to close, but no trouble was reported from any other mill or camp in Lewis County except those in this immediate vicinity. This fact is attributed to the activities of the I. W. W. headquarters recently opened here.

MORE I. W. W. GATHERED IN

Campaign Against Undesirables Is
Still Pushed at Moscow.

MOSCOW, Idaho, July 17.—(Special.)—The round-up of all the I. W. W. slackers in Latah and Clearwater counties was prosecuted with vigor again today. Sheriff Campbell ran in three this morning from Bovill, including L. G. Verdon, who has been conducting a pool hall there and is the Portland branch of the Portland branch of the Army and Navy Auxiliary to donate a motor ambulance to the Third Oregon Infantry.

AMBULANCE GIFT OFFERED

Senator Chamberlain Submits Plan
to Secretary of War.

OREGONIAN NEWS BUREAU. Washington, July 17.—Senator Chamberlain today submitted to Secretary of War Baker the offer of the Portland branch of the Army and Navy Auxiliary to donate a motor ambulance to the Third Oregon Infantry.

CLATSkanie Weavers Strike

Employees of Kratz Shingle Company

Demand Shorter Hours.

CLATSkanie, Or., July 17.—(Special.)—The employees of the Kratz

Shingle Company went out on a strike Monday. They demanded 10 hours' pay for an eight-hour day. Thomas Doyle was suspected of being the manager of being an agitator. The authorities were notified and the man was requested to leave the state.

Sunday afternoon the shingle weavers held a meeting and decided to strike. Most of them are still in the city waiting for a decision of the company.

I. W. W. QUIET AT KLAMATH

One of Leaders Arrested at Dorris,
Cal., by Federal Officers.

KLAMATH FALLS, Or., July 17.—(Special.)—All is quiet in the I. W. W. situation here today. Carl Ikelidim, thought to be one of the leaders here, today was arrested at Dorris, Cal., and is being brought back here by Federal authorities. Twelve alleged members of the organization arrived here yesterday. Heavy guards still are being maintained in every road leading into town and at all manufacturing plants. At an enthusiastic meeting of 200 men at the opera-house last night a citizens' committee was organized for the protection of homes and local property interests.

STRIKE PROGRESSES ON SOUND

Half Dozen Plants on Seattle Water-
front Crippled or Closed.

SEATTLE, Wash., July 17.—The lumber strike made decided progress on the Seattle waterfront today. Half a dozen plants are crippled or closed, among idle plants being the big Schwabacher mill, the logging camp of the I. W. W. in Clallam County, were closed today. The loggers, members of the I. W. W., clamored for eight hours' Mills at Port Angeles closed yesterday. The Lumbermen's Protective Association says only 2500 strikers in the Northwest have quit work. The International Shingle Weavers' Union says 10,000 men walked out.

STATE OFFICIAL INVESTIGATES

Specimens of Stock Poison From
Klamath Ordered.

SALEM, Or., July 17.—(Special.)—Dr. W. H. Lytle, State Veterinarian, today telegraphed to the Klamath Falls for specimens to investigate the nature of poisoning which has killed many head of stock in Klamath County the past few days, and which has been suspected as work of the I. W. W.

Dr. Lytle stated today that he may have been relinquished his post as State Veterinarian, but he has been a short time to make a first-hand investigation of the stock troubles.

Lead Output Cut by Strike.

FLAT RIVER, Mo., July 17.—Serious curtailment of the output of the lead belt, the most important in the United States, was foreseen today unless the foreign laborers who were driven out by American miners last week, were or are replaced immediately. The mines are running at only part capacity. There has been no renewal of violence against the foreigners and no further trouble is anticipated.

Elma Fire Laid to I. W. W.

ELMA, Wash., July 17.—(Special.)—Fire, supposedly by the I. W. W., broke out early Sunday in the camps of Schafer Bros., west of this city, and destroyed nearly a million feet of cedar lumber. Even the place where the mine there are two or three camps of the I. W. W. containing between 75 and 100 members.

ALL PICKETING IS FORBID

WASHINGTON SUPREME COURT
GIVES DRASTIC DECISION.

Injunction Against Seattle Bakers' Union Made Complete and Cause
for Damages Recognized.

OLYMPIA, Wash., July 17.—(Special.)—Strike picketing in all forms is prohibited in Washington by a decision of the Supreme Court on complaint of N. H. St. Germain, of Seattle, against the Bakers' Union.

In granting an injunction in the Kings County Court, Judge Boyd J. Tallman had modified the order to permit two pickets wearing sashes with the words "unfair to organized labor" displayed to use the pavement in front of St. Germain's Cafe. On St. Germain's appeal the Supreme Court reverses this provision, orders the injunction made complete, includes the entire union and directs the lower court to issue judgment against the union for nominal damages assessed in loss of business by St. Germain through previous picketing.

The Supreme Court decision, written by Judge Mount St. Germain, with the exception of Judge Holmes, who supports the lower court. Chief Justice Ellis and Judge Chadwick concur in separate opinions.

Under today's ruling, considered the most drastic labor decision yet made, strikers may state their grievances to others, but no organized form of picketing is permissible under penalty of damages assessed against the union involved.

VANCOUVER, Wash., July 17.—(Special.)

The decision of the Vancouver City Council two weeks ago to prevent picketing in Vancouver by making it punishable by a fine of \$300 or 90 days' imprisonment last night was called back to third reading for further consideration and amendment.

Vancouver has so far had little trouble with labor agitators. During the construction of the cantonment buildings at Vancouver Barracks a union organizer from Portland tried to organize the carpenters and make the work close shop job, but he was repulsed from the military reservation by military authorities.

CALIFORNIA SUMMER ATTRACTIONS

SHASTA RESORTS

Delightful places for a vacation outing. Shasta Springs, famous for their water, and many other mountain resorts along the Sacramento Canyon. Here you may hunt, fish, climb mountain peaks, or rest in comfort, to your heart's content.

SAN FRANCISCO

A stop in this city is always a pleasure. The cool Summer climate, the air of Bohemianism, the fine hotels, restaurants, parks and boulevards, all contribute to the enjoyment of the visitor.

CALIFORNIA BEACHES

Along the "Road of a Thousand Wonders," from San Francisco, are many delightful beach resorts. Some of the most enjoyable are Santa Cruz, Del Monte, Monterey, Pacific Grove, Santa Barbara, Long Beach and Venice, where the carefree people bask in the California sunshine.

A round-trip ticket, with stopover privileges, will enable you to visit all of these places, making a delightful Summer outing.

CABINET IS REMADE

Sir Edward Carson Leaves
Navy for War Council.

ERIC GEDDES FIRST LORD

Winston Churchill Becomes Minister of Munitions and Edwin Montagu Receives India Portfolio.

LONDON, July 17.—Sir Edward Carson, Lord of the Admiralty and joined the War Cabinet without portfolio, according to an official announcement of new ministerial appointments issued this evening.

Sir Edward will be succeeded by Sir Eric Campbell Geddes, who has been director-general of munitions supply. Winston Spencer Churchill succeeds Mr. Christopher Addison as Minister of Munitions, Dr. Addison becoming a Minister without portfolio in charge of reconstruction.

Montagu Secretary for India. Edwin Samuel Montagu, a former Cabinet Minister, is made Secretary for India.

One of the most acceptable appointments, so far as the general public is concerned, is that of Mr. Montagu. He is one of the few members of the Asquith administration, in which he was Minister of Munitions, to join the Lloyd George ministry.

Mr. Montagu has had considerable experience in the affairs of India, having once held the post of Under-Secretary for India.

Lately he has been in charge of a large committee exploring the ground for reconstruction after the war, and before the recent resignation of J. Austen Chamberlain as Secretary for

India was announced, it was generally supposed Mr. Montagu eventually would become Minister of Reconstruction.

The necessity for finding a new Secretary for India, however, caused a reorganization of the plans, and Dr. Addison, who had been slated for the projected Ministry of Health, now becomes head of this reconstructive committee, which has been created into a kind of ministerial department.

Coal Miners Demand Wage Increase. BILLINGS, Mont., July 17.—Montana coal miners in convention here today appointed a committee to present demands to the operators for an increase in wages.

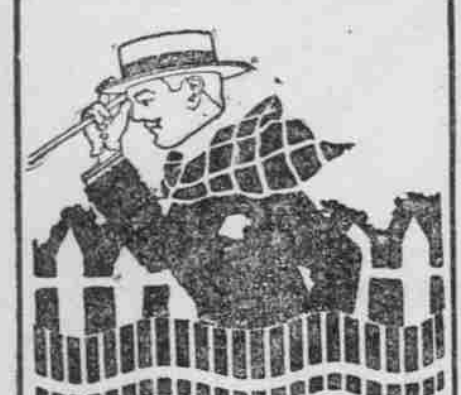

"Say Doctor, This Prescription Works Like Magic"—Physician Explains Why Nuxated Iron QUICKLY PUTS ASTONISHING YOUTHFUL POWER INTO THE VEINS OF MEN AND BRINGS ROSES TO THE CHEEKS OF NERVOUS, RUNDOWN WOMEN

Ask the first hundred strong, healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron." Dr. Howard James, late of the Manhattan State Hospital of New York, and formerly Assistant Physician Brooklyn State Hospital, says: "Thousands of anemic, nervous, run-down people suffer from iron deficiency but do not know what to take. To quickly enrich the blood, put roses in the cheeks of women and give them that youthful 'punch,' vitality, and 'stay-there' power, there is nothing like organic iron—Nuxated Iron. A patient of mine remarked after a six weeks' course of Nuxated Iron: 'I have gained. I have seen Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of snap, vigor and increased staying power.' No matter what other iron remedies you have used, if you are without a physician's prescription, on an absolute guarantee of success or money refunded, it is dispensed in this city by The Owl Drug Co. and all good druggists.—Adv.

OVER THREE THOUSAND PEOPLE ANNUALLY TAKING NUXATED IRON

See how long you can wait or how far you can walk without becoming tired; next take two five-grain tablets three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen Nuxated Iron increase the strength, power and endurance of delicate, nervous, run-down people 100 per cent in ten days' time in many instances.

NOTE: NUXATED IRON recommended above by Dr. James can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by The Owl Drug Co. and all good druggists.—Adv.

The "Difference" of our Men's Wear should not be defined by pointing to any one exclusive feature. It is the combination of many qualities that make Mathis wear truly "different" — the "difference" desired by particular men.
