

MORE ARRESTS OF CHINESE EXPECTED

Oriental Suggest Murder Was Done by Japanese Following Trouble Over Game.

PROSECUTOR IS PUZZLED

Detectives Have No Patience With Plan to Round Up Every Alien Who Cannot Give Account of Himself During Battle.

Further arrests are expected at any moment as a result of the latest outbreak in long war hostilities which erupted Wednesday afternoon in the killing of Back Yee, a Hop Sing tongman. Chief Deputy District Attorney Collier was in conference yesterday morning and afternoon with Deputy Sheriffs and city detectives, planning a wholesale series of arrests of Portland Chinese.

Following the conference, it was announced that the city would be combed today and all suspicious Chinese would be detained. Both Deputy Sheriffs and detectives will also bend their efforts toward apprehending the other members of the Hop Sing and Sney Sing tongs who are charged with murder in the blanket secret indictment returned by the grand jury late yesterday afternoon.

Trouble Over Game Suggested.

Members of the Bing Kung-Bow Leong tong advanced the theory that Back Yee was murdered by a Japanese with whom he is said to have had trouble over a card game about three months ago. They say that a Japanese lost \$1200 in a Chinese fan tan game and that at that time he threatened revenge.

Although Mr. Collier does not hold this theory to be tenable, he is at the same time investigating any possible cause. He is of the belief, however, that it was a tong killing.

"If the Bow Leongs are so certain that this was a Japanese killing they should offer us some proof to that effect," he said yesterday.

Oriental Meet Deputies.

It is known, however, that Mr. Collier is not entirely satisfied that Back Yee was murdered by a Bow Leong gunman. He points to the fact that the Bow Leong tong headquarters Wednesday afternoon at the hour of the shooting, and the police officers in the Bow Leong and Deputy Sheriffs were set for 4 o'clock near the corner where the murder took place a moment later.

Mr. Collier cannot figure why, if they had planned a killing, the Bow Leongs had arranged to meet Deputy Sheriffs near the scene of the shooting at the exact time it took place.

In their assertions that it could not have been a Bow Leong killing, these tongmen point to the fact that the room from which the shooting took place was in the heart of the Hop Sing tong, and that the rival tongmen would not have dared to wait in a vacant room. They say further that if they had planned a killing they would have done it in a vacant room.

There will be little co-operation from the detective bureau, Captain Baty intimated, regarding the plan of District Attorney Collier's plan of "cleaning up" Chinatown by the indiscriminate arrest of every Chinese who is unable to set forth the nature of his livelihood. He said that he has no desire to flood the jail with men who have no connection with this or other tong murders.

Chan Chee and Ah Low, arrested Wednesday night on suspicion of being implicated in the shooting, were released yesterday.

Detective Goltz left for Tacoma last night to return Lew Soon, arrested there at the request of the Portland authorities. He is alleged to be the "brains" of the Hop Sing and one of the men largely responsible for the series of tong murders of last Winter and Spring.

TONGS ARE SUED FOR \$25,310

J. W. Riggins, Victim of Battle in Streets, Wants Damages.

Another damage suit resulting from stray bullets in the tong hostilities the past six months resulted yesterday when J. W. Riggins, a grain handler who was seriously wounded in the battle of June 2, yesterday started suit against the Hop Sing and Sney Sing tongs for \$25,310.

The plaintiff asserts that he was struck in the back by a bullet fired near the corner of Fifth and Flanders streets. His earning capacity has been permanently impaired, he says.

He alleges that the tongs planned the battle and hired gunmen to come to Portland from San Francisco to carry on the war with the Hop Sing and the Bing Kung-Bow Leong tongs.

The suit filed yesterday is the third civil action brought by innocent victims of the Chinese tong wars in Portland since the first of the year.

hearing on that will be held next Monday. Lew Soon had been in the city for several days prior to his arrest last night. When searched by the police he had \$1.00 in gold and currency in his pockets.

RAIN COMES TOO FAST

WATERSPOUT BREAKS IN MALHEUR, DOING MUCH DAMAGE.

Several Orchards and Gardens Reported Washed Out, and Some Ranches Badly Damaged.

BAKER, Or., July 19.—(Special.)—A waterspout broke into yesterday afternoon did great damage in Malheur County. Several orchards and gardens are reported washed out and some ranches badly damaged. No loss of life is reported.

Claude Woods, who came in today, says the heaviest loss was in the vicinity of Brogan and Juntura. The Juntura Canon near Brogan, between 15 and 20 sheep were drowned, and some ranches near Juntura were badly washed out. Mr. Woods said there have been heavy rains in the Eavins and Crane territory and that in his trip from Brogan to Baker in automobiles the rain was so heavy that irrigation ditches had overflowed, and he had to travel a mile through water-flooded roads at one place between Malheur and Brogan.

The rain ended a 30-day drought in that vicinity and aided many dry farmers. Baker County had another rain today, but much more is needed.
