FOREST FIRE CONTROLLED

Assurance Is Received From Fighters in Crater Reserve.
The fire in Crater National Forest is under control, according to advices received yesterday by C. H. Flory, assistant district forester, from foresters at Medford.
Breking forth in the timber near Prospect, on the Crater Lake road, the flames at first made such progress that messages were rushed to this city asking for immediate aid. George H. Cecil, District Forester, with a large force of fire fighters, left Portland Tuesday night.
"The forests are very dry," commented Mr. Flory, "and campers, hunters and anglers, by the exercise of foresight, can aid us materially by taking every precaution against spreading fire."

FUEL REPORT DUE TODAY

Municipal Investigator Into Prices Will Announce Findings.
A detailed report on Portland's fuel situation is due today from Ivan Humason, special investigator appointed by the City Council. He told Mayor Baker yesterday that he expects to have the report ready to file with the Council today.
Mr. Humason has gone into the question of available supply as well as the propriety of present fuel prices. It is said the city is virtually 100,000 cords of cordwood short. A great part of this is made up by the increased amount of slabwood, however.
Last year there were shipped into Los Angeles 1,480,000 pounds of butter at 24 cents a pound in cartons lots.

AUTO HITS EXPRESS WAGON

Sleeping Driver Bruised and Frightened Horse Runs Away.
Sleeping on his express wagon proved to be a dangerous napping place for W. Wohlfeld, of 1912 East Eleventh street, yesterday, when an automobile driven by Mrs. W. C. Peere, of 443 East Twen-

ty-seventh street, struck Mr. Wohlfeld's wagon, at Tenth and Hoyt streets.

The wagon was standing at the corner and Mrs. Peere made a quick turn to avoid striking a woman and small boy, who were crossing the street. The machine hit the rear end of the express wagon, throwing Mr. Wohlfeld to the ground, and causing his horse to run away. Mr. Wohlfeld was taken to the Emergency Hospital, where a few minor bruises were dressed.
Chloroform was produced in 1831.

Meier & Frank Co. LOWER PRICE Downstairs STORE
