ONE MAN KILLED IN STRIKE AT CANNERY

'Toilers of the World' Appears as New Labor Order, Asking Increases in Pay.

APRICOT CROP IN DANGER

'armers Take Steps to Fry Fruit When Five Canneries Close Because of Strikes-Governor Asked to Intervene.

SANTA CLARA, Cal., July 24 .- One man was shot to death and two were seriously injured here early today when striking cannery workers attempted to prevent Frank Enderlin, employed in a cannery cookroom, from

fired his revolver.

Facio Blanco was instantly killed and Sabatel Rossa was shot in the leg. A group of Italians then opened fire on Enderlin, who fell with a bullet in each leg and one through the stomach. Physicians said his wounds would probably prove fatal.

More than 20 shots were fired in the rior.

SAN JOSE, Cal., July 24.—Governor William D. Stephens was appealed to late today by Mayor John Widney, of Santa Clara to take charge of the cannery strike situation, which was reported to him as being out of hand.

This valley produces 1,000,000 bushels of apricots yearly, and a recent heat wave brought the crop in a rush to the doors of the canneries, which were unable to receive it. All five of the canneries now shut down have been working on Government contracts. The fruit is bought subject to strikes, so the crop loss is falling upon the producers, the majority of whom are small ranchers. Some of them took immediate steps to dry their fruit.

An organization known as the Toilers of the World is managing the strike. It was effected by E. B. Mercadier, for some 25 years a resident of

ers of the world is managing the strike. It was effected by E. B. Mercadier, for some 25 years a resident of San Jose and as far as known here is not affiliated with any other body. Mercadier said loday the strike was for a fair wage. Specifically the mendemand 31% cents an hour and the closed shop instead of the existing scale of 25 cents an hour.

The women want a better piecework scale than 10 cents a 50-pound hox for splitting, stoning and peeling the apricots. Their specific demands were not of record lonight. According to Mercadier, some women make as much as 80 cents a day, but the average wag in from 50 to 75 cmis.

The Tollers, who also are known as the Federal Labor Union, also charge that many boys are employed at extremely low wages to do men's work.

BANDIT AND MONEY TAKEN

Mexican General Who Looted Express Company Is Made Prisoner.

NOGALES, Ariz., July 24.—General Fernandez Espinosa, pursued as the leader of bandits who held up a passenger train at Wamoa Station, Sinaloa, dexico, lust Saturday an Wells-Fargo Express car of \$20,000 and took fi000 from the station, was cap-tured with some of his men yesterday. cording to word received here today The greater part of the money was re-

Second Draft to Be Called. A resolution was adopted today calling for submission of new estimates by all departments so that the will war expenditure programme may considered in connection with considered in connection with the pending war tax legislation. The \$5,-000,000.000 Army increase, Secretary McAdoo informed the committee, is largely to provide for the second draft Army of 500,000 men to be called while the first 500,000 are under training. The \$5,000,000,000 would provide for expenditures until July 1, 1818.

During today's debate on the rivers and harbors bill Senator Smoot presented statistics to show that appro-

sented statistics to show that appro priations of the war session already aggregate \$9,226,000,000, so that the new estimates would raise the total of the first year of the war well above \$14,000,000,000.

BUILDERS HOPE EARLY ACTION

Lloyd J. Wentworth, Goethals' Rep-

have not been in personal touch with the heads of either the Shipping Board, Mr. Denman or the Emergency Corporation, General Goethals. When the shipbuilding programme was first broached Theodore Brent, vice-chair-man of the Shipping Board, was here and held a session one day with build-ers as well as inspecting plants. Builders are hopeful that changes on the Board will result in either ex-

perienced shipping men or practical builders being accorded recognition, that more speed may be given both steel and wooden construction. In fact the feeling has been such that some men favored a distinct Columbia River type of wooden steamer being planned that, if adopted by the Shipping Board, would mean a standard ship would be laid down at all yards in this district. In that connection it has been suggested that a board be formed of Pacific Coast builders and that they pass on plans and the ability of builders to on plans and the ability of builders to

No Trouble to Remove Superfluous Hair

(Toilet Tips.)

It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone; apply to hairy surface, and in two or three minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone,-Adv.
