

SEATTLE STRIKE IS NOW MARKING TIME

Conference Between Employes and Traction Companies Goes Over for Day.

BOTH SIDES ARE HOPEFUL

Strikebreakers Imported From New York Now Number 373—Mayor Gill Says He Will Not Permit Them to Run Cars.

SEATTLE, Wash., July 26.—Arbitration of all issues, and the settlement of the car strikes in Seattle and Tacoma, tonight await the outcome of an adjourned conference to be held tomorrow afternoon between a committee of striking carmen and officials of the Puget Sound Traction, Light & Power Company and the Tacoma Railway & Power Company. Sixteen hundred Seattle carmen and 200 in Tacoma are on strike, principally for recognition of their union.

Tomorrow's conference will decide whether the two sides can agree upon a third arbitrator to undertake the settlement of the dispute with a representative of the carmen and a representative of the operating companies. The conference today ended at 6 o'clock, when both sides asserted that definite progress had resulted.

Union Recognition Is Issue.

The company has hitherto refused to have any dealings with the Amalgamated Association of Street and Electric Railway Employes, to which the strikers belong. Recognition of the union is the principal point at issue. Labor union leaders today discouraged talk of a general sympathetic strike of the building and metal trades.

Pending the outcome of the conference, 373 men, brought across by a continent to break the strike, are being housed in improvised barracks at various of the company's car barns. Their possible usefulness in the situation is somewhat doubtful, in view of Mayor Gill's announced opposition to their operation of cars in the downtown districts. His intention of putting through a city ordinance compelling all car operators to take examination before being permitted to run cars.

More Strikebreakers Arrive.

One hundred and seventy-five additional strikebreakers arrived from New York last night. They were being recruited on the East Side of New York by a private detective agency, and commanded by an older man known as Lynch, said to be a retired New York policeman. Some of the men appear to be able to handle trolley cars.

Six of the strikebreakers who arrived last night were arrested this morning as strikers of the draft registration, making 10 strikebreakers in custody on this charge.

No attempt was made to operate cars today. Mayor Gill said strikebreakers would not be permitted to run cars, and that he would take steps to prevent the operation of cars in the congested downtown districts until some semblance of order had been established in the outlying districts. The Mayor intimated that if the same method is used as was used last Friday and Saturday to run cars into the congested districts with a certainty that trouble will follow, the men manning the cars will be taken off on charges of disorderly conduct.

Emergency Ordinance Advocated.

A draft of an ordinance requiring prospective motormen to demonstrate their qualifications before operating cars, and obtain licenses before operating cars in Seattle, has been prepared by Corporation Counsel Hugh S. Caldwell, and will be introduced at a special meeting of the City Council at 10 o'clock tomorrow morning. The bill was passed on the day of introduction by immediate reference to the public safety committee, which may report it back to the Council at a meeting in the afternoon. Mayor Gill, who was largely responsible for the drafting of the bill, is expected to sign it immediately upon passage.

Fourteen of the 25 men arrested for alleged participation in last Saturday's streetcar riots were dismissed in Police Court today because witnesses failed to identify them.

Dispatches to the Central Labor Council from Spokane today said that all citizens of the Spokane Island Railway Company had joined the Amalgamated Association of Street and Electric Railway Employes, and that the men of the Washington Power Company, another traction corporation, were being organized.

IRRIGATION IS FEASIBLE

More Land Can Be Brought Under Deschutes Near Bend.

BEND, Or., July 26.—(Special.)—Speculation as to the amount of the grade stakes recently placed on the west side of the Deschutes, near Bend, was set at rest today when it was announced that engineers were making a study to determine the possibility of irrigating more land in the Tumalo section by diversions from the Deschutes. The project has been found to be feasible, the only question being one of cost.

If the Crane Prairie reservoir were established water would be supplied in sufficient quantities, it is stated, and it is expected that steps toward this end will be taken at once.

Oregon City Cupid's Aide.

OREGON CITY, Or., July 26.—(Special.)—Marriage licenses were issued here today to Lulu M. Richter, 31, and Abe Johnson, 33, of Canby, Or., and Hannah Hall, 21, of Thomas, Or., and 27, of Woodburn, Or.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the Juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

CHARACTERISTIC VIEW AROUND LOCAL HEADQUARTERS OF OREGON NAVAL MILITIA.

Lieutenant T. O. Ellingham, of Seattle, Swearing R. J. Arnold, Carpenter's Mate, Second Class, Into the National Naval Volunteers.

More than 100 members of the Oregon Naval Militia have been sworn into the National Naval Volunteers during the past two days by Lieutenant T. O. Ellingham. Mobilization of the bluejackets will occur about August 1. The Naval Militia training camp on the golf links of the University of Washington, at Seattle, is now practically ready. One division of the Washington Naval Militia will immediately be installed in the camp to test out the facilities. The officers of the Oregon Naval Militia are Lieutenant (Junior grade) Harold C. Jones, acting commanding officer; Ensign Robert N. Munly, division officer for Second Division; Ensign Frank B. Ephaw, division officer for Third Division; Loring J. Whitaker is now recruiting men at Fourth and Washington streets, and Bernard McDonald is raising a division at Astoria.

OUTLOOK SERIOUS, DECLARES BORAH

Russian Defection Throws on America Burden of Carrying on War.

FRANCE WORN TO LIMIT

"We Should Legislate as if Enemy Were at Very Gates, and Stop Debating Millions for Little Creeks," Says Idaho Senator.

WASHINGTON, July 26.—The war situation, particularly with reference to developments on the Russian front, was brought into the Senate debate today by Senator Borah, during discussion of the river and harbor bill. He spoke of the need of curtailing expenditures because of the uncertainty of the immediate future.

800 Strikers Riot at Doors of Fruit Cannery and Fire on Workman's House.

FRUIT ROTS IN ORCHARDS

Large Orders for United States and Allied Governments Held Up by Terror Instilled in Workmen by Migratory Agitators.

San Jose Cal., July 26.—Threats alleged to have been made by strikers or I. W. W. members to poison fruit packed in the canneries here led to a declaration late this afternoon by representatives of the canneries that all of them will close down if the present situation continues another 48 hours.

SAN JOSE, Cal., July 26.—Requests that United States troops be sent here immediately to guard against threatened depredations by striking cannery workers were telegraphed tonight to Secretary of War Newton D. Baker by City Manager Thomas H. Reed, of San Jose, and representatives of the Chamber of Commerce, Merchants' Association, the seven fruit canneries here and officials of Santa Clara County.

The riotous case at the close of a day in which 28 strikers were arrested when 800 men rioted in an attempt to force the Central California Cannery to close down, and 15 warrants were issued for the arrest of persons believed implicated in the firing of six shots in the bombing of the cannery, in efforts to carry out threats to kill him, his wife and six children, who were sleeping in the house. None of the about 100 men who were arrested were in one of the plants and refused to join the walkout for higher wages and a closed shop.

Stickers Threaten Armed Action.

The strikers tonight were reported to have threatened to come into San Jose, armed, tomorrow morning and to shoot anybody who attempts to interfere with them.

In his telegram to Secretary Baker, City Manager Reed asserted that the situation was beyond the control of local authorities and asked for the temporary location of troops in San Jose and Santa Clara. The entire fruit packing industry of the vicinity was threatened to be blown up and burn the plants, to take employees' lives, made by a certain class of migratory workers who assemble and openly threaten women workers, have terrified them to such a degree that they will not come to work. The canneries here have many large orders for the United States Government and the allies. In one factory alone there are 400 cases of packed fruit for the British commissariat.

"We believe the continued operation of these plants is vitally important to the United States and directly important to the War Department, in view of the large war orders placed and to be filled on the trees and in dryers," Sheriff Arthur B. Langford, of Santa Clara County, also telegraphed Governor William Stephens asking the immediate dispatch of troops here.

The situation as regards the number of canneries closed and the strength of the strikers remained unchanged tonight. The strikers are reported to be more than 2000 strong. Three canneries are still closed, but others are working at the slow rate.

Fruit Rots on Trees.

One hundred Oakland high school boys, employed at Sunnyvale, north of here, were said to be on their way here tonight to replace strikers. S. M. Hunter, superintendent of the Oakland schools, telegraphed that students who volunteer for cannery work will be paid full credit for school work.

Effects of the strike were seen today in farms and ranches near San Jose. Thousands of boxes of fruit were given away to the poor, and a large number of harvesters are reported to have joined cannery employes and are demanding higher wages.

A report that 40 soldiers from Camp Fremont, at Palo Alto, had reported and were patrolling the streets of Santa Clara County would be led up Saturday evening if violence was necessary. Camps are on the line between Tillamook and Washington, and Sheriff of both counties will co-operate. Tillamook Sheriff and deputies have also left for the scene.

Trouble was started by 14 I. W. W. who went north last Friday. At different points, where they camped, they were approached by farmers and officials of the county, but were said to have replied: "To hell with work, we are I. W. W." All members of uniform rank Knights of Pythias, of Hillsboro, were sworn in as deputies to the Sheriff this week. They are supplied with rifles which will be used if necessary.

RELINQUISH CAMP HAS TO STOP

I. W. W. Threaten to Tie Up District, Using Violence if Necessary.

HILLSBORO, Or., July 26.—(Special.)—Sheriff Applegate and several deputies left this afternoon for Cocharan to investigate I. W. W. activities.

At Hillsboro, a detachment of I. W. W. has been tied up by a strike, 20 men having left the Wheeler Logging Company and strike leaders have said the camp district would be tied up Saturday evening if violence was necessary. Camps are on the line between Tillamook and Washington, and Sheriff of both counties will co-operate. Tillamook Sheriff and deputies have also left for the scene.

UNIONS REPORTING GAINS

Headquarters Notified That Mills Are Yielding.

OREGONIAN NEWS BUREAU, Washington, July 26.—The American Federation of Labor today received telegrams from Oregon and Washington with reference to strikes and labor troubles in lumber mills and logging camps, which indicate a generally serious situation, but one which gives promise of solution in some individual instances.

The reports are that a number of millmen and logging operators have agreed to establish the eight-hour day and to recognize unions that are affiliated with the Federation, but this is not generally true.

The telegrams declare that some of the larger mills and camps have been employing many I. W. W. to the purpose of heading off any attempt to unionize the workers. On the face of these reports President Gompers believes the Northwest is a fruitful field for organization and is sending additional Federation organizers into the two states to confer with both men and their employers in an effort to end the disruption of the lumber business.

EIGHT-HOUR DAY IS GRANTED

All but Two of Tacoma Mills Shut Down by Strike.

TACOMA, Wash., July 26.—(Special.)—Employees of the Wheeler-Osgood Lumber Company will go on an eight-hour work day beginning August 1. This announcement was made today. It affects 600 men. It is said that the company is the first to grant such a request. None of its employes have walked out to enforce demands for higher wages.

Every Tacoma mill but that of the Wheeler-Osgood and the Addison Hill Lumber Company, which employ approximately 2500 men are out. Five hundred were taken into the International Timber Workers' Union here today. George S. Long, secretary of the firm emergency lumber committee of the West Coast Lumbermen's Association, said today after making a broad investigation that work of the Army cantonment would not be delayed by the mill strike. They said that there is plenty of lumber in the area, and the only difficulty will be in getting men to load it.

FEDERAL TROOPS ARE AT MIAMI

Special Officers Appointed by Sheriff Are Dismissed.

MIAMI, Ariz., July 26.—Two hundred more cavalrymen are to arrive here tonight to aid in preserving order, it was announced by the officer commanding the force of Federal troops brought here some days ago in connection with the strike of copper miners in this district.

Colonel W. A. Holbrook, who has charge of the military department here for a time, paid an official visit to the soldiers' camps here and at Globe today and departed late in the day for Flag, Ariz.

Special officers appointed by local authorities to assist in maintaining order when the strike situation first developed here were dismissed today.

Local officers have been assured the Federal troops will remain here as long as they are needed.

COLORADO FARMERS ASK AID

Fears Expressed Attempt Will Be Made to Burn Crops.

DENVER, July 26.—Appeals for protection, inspired by alleged threats to burn their crops, were received from farmers of Logan, Phillips and Clearing Colorado counties today by officers in charge of recruiting a home guard such men as applied for work as harvest hands and pay the wages these men asked or their crops would be destroyed.

Students Are Entertained.

The students of the Summer school of the University of Oregon were entertained yesterday at a tea in the north gallery of the Public Library. Mrs. Stella Walker Durham received the guests and Mrs. Mabel Holmes Parsons presided at the tea table. About 100 guests attended.

ZOO AUCTION SALE IS PLAN

Monkeys, Deer, Elk and Bears Will Be Offered to Public by City.

An auction sale of monkeys, deer, elk, bear and other animals is in store for Portland. Plans have been formulated by Mayor Baker for thinning down the number of animals at the zoo because of the high cost of living and also because he believes the institution will be just as attractive with fewer specimens.

The city charter requires an auction for everything disposed of by the city. Commissioner Mann has put in a bid already for some of the elk to be turned loose in the Bull Run reserve.

TAG-DAY PERMIT SOUGHT

Old Issue to Be Raised Before New Council.

Tag days, which were put under the ban in Portland by the old City Council, are to become an issue before the present Council next Wednesday.

Mayor Baker will submit a request from W. G. MacLaren, of the Pacific Coast Reclus and Protective Society, for a tag day permit to the Council for decision. Mr. MacLaren says the society has had a tag day each year for several years past and gains much of the financial support for its baby home from this source.

The Super-Malignant Germ

This is the germ that kills; that is so virile, so full of malignant power that it baffles all the skill of medical science. It is the bacillus that is fatal to human life in tuberculosis, pneumonia, diphtheria and all serious germ diseases.

For the principles of human life and germ life are about the same, and the drug has not yet been discovered that will destroy all kinds of germs and yet be harmless to the human body.

But you can kill the super-malignant germ and all other kinds of germs, before they enter the system, by using Lysol.

Make your home germ-proof the same way hospitals do: disinfect with Lysol. Then you will make a better fight against disease than it can make against you and yours.

The Super-Malignant Germ

This is the germ that kills; that is so virile, so full of malignant power that it baffles all the skill of medical science. It is the bacillus that is fatal to human life in tuberculosis, pneumonia, diphtheria and all serious germ diseases.

For the principles of human life and germ life are about the same, and the drug has not yet been discovered that will destroy all kinds of germs and yet be harmless to the human body.

But you can kill the super-malignant germ and all other kinds of germs, before they enter the system, by using Lysol.

Make your home germ-proof the same way hospitals do: disinfect with Lysol. Then you will make a better fight against disease than it can make against you and yours.

Lysol Disinfectant

Use it in sinks, drains, cesspools, toilet and bath to prevent your home from being invaded by typhoid and other infections.

Use it in scrubbing water—soap alone will not kill malignant germs. Use it to disinfect dark, sunless corners—germs thrive in such places.

Remember there is but one true Lysol Disinfectant, and that is the product bottled, signed and sealed by Lehn & Fink. Buy only in original yellow packages. Three sizes, 25c, 50c, and \$1.00. Sold everywhere. Complete directions with every bottle.

Lysol Toilet Soap Contains Lysol, and therefore protects the skin from germs. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he has none, ask him to order it for you.

Lysol Shaving Cream Contains Lysol, and kills germs on razor and shaving-brush (where germs abound), guards the tiny cuts from infection, and gives the antiseptic shave. If your dealer has none, ask him to order a supply for you.

OUR SIGN IS OUR BOND
