Foreign Minister Declares Teuton Nations Never Be Crushed.

AGREEMENT IS DESIRED

Germany, Says Count Chudenitz, Is Fighting Defensive Warfare and Has No Desire for Forced Conquest.

VIENNA, via Copenhagen, July 29,-Reiterating that Austria-Hungary was ready to accept an honorable peace, but that the dual monarchy, in conjunction with its allies, would fight to the last extremity if the entents powers declined to enter negotiations on the basis of a peace by understanding, as recently outlined by the German Imperial Chancellor and the Reichstag, Count Ottoker Czernin von Chudenitz, the Austro-Hungarian Foreign Ministhe Austro-Hungarian Foreign Minis-ter, in an interview today discussed at length peace possibilities.

The Austrian statesman took occa-sion to reply to the speech made by David Lloyd George in London, July 21, when the British premier character-ized the address delivered in the Reichstag by Dr. Michaelis, the German chancellor, as a sham. The count said Mr. Lloyd George was mistaken when he represented the Reichstag peace resolution to be a "piece of bluff." Germany on Defensive.

"The chancellor and the Reichstag," the foreign minister said, "declared that Germany was conducting a de-fensive war and that the German people fensive war and that the German people only asked for an honorable peace by means of an understanding and an agreement offering the basis for a lasting reconciliation of the nations. The chancellor and the Reichstag solemnly replied that the German people desired no forced conquest and abhorred economic isolation and incitement to enmity between nations after the war.

"I must reply to Premier Lloyd George with the question: 'What are we finally to expect from the entente?' What we desire is quite evident from the well-known declarations made in Vienna and from the demonstrations by the German people showing that a complete agreement exists to the very

complete agreement exists to the very last detail between Vienna and Berlin. "What the Chancellor and the Reich-stag declared is what I declared months ago as an honorable peace, which the Vienna government is ready to accept and whereby it seeks a lasting recon-ciliation of the nations. But there also exists a complete agreement that we never shall accept a peace which is not honorable for us.

Austria to Fight to End. "If the entente does not wish to enter negotiations on the basis which we have clearly indicated, we shall con-tinue the war and fight to the last ex-

"I don't care whether this admission is regarded as a sign of weakness or of strength. To me it seems only a sign of common sense and morality which revolt against the idea of pro-longing the war. I am absolutely con-vinced the entente will never succeed in crushing us, and, since in our postvinced the entente will never succeed in crushing us, and, since in our post-tion of defense, we have no intention of crushing the enemy, the war will end sooner or later in a peace by under-standing. But, to my way of thinking, the natural conclusion is that the fur-ther sacrifices and suffering imposed on all humanity are useless and that it is necessary in the interests of humanity to reach a peace by understanding

as soon as possible. "As we have fought in conjunction with our faithful allies, so we shall make peace in conjunction with them now or later, and we shall fight in con-junction with them to the last exremity unless the enemy shows a wil lingness to understand our viewpoint. Continuing Von Chudenitz said:

"I shall not put the question who was responsible for the war, because it is useless to discuss the past in this But I shall speak of the future and I wish to express the de-sire that the world may succeed after the conclusion of peace in finding ade The road may be difficult,
