

NAMING OF RUSS CABINET DELAYED

Non-Socialists' Demands and Departure of Kerensky Responsible.

TECHERNOFF IS OPPOSED

Constitutional Democrats Against Minister of Agriculture, but Premier Says He Will Not Sacrifice Him.

PETROGRAD, July 29.—Negotiations for the reconstruction of the Cabinet are delayed owing to the conditions raised by the non-Socialist parties and also by the departure of Premier and War Minister Kerensky for the front. The Premier has decided that the new Cabinet will be comprised of 15 or 16 members, all equal in power. The Constitutional Democrats, M. Astorff and M. Kishkin, both ministerial candidates, have handed the Premier a statement of the conditions upon which they collaborate. Chief among these are war by the side of the allies until victory is gained, a definite home policy in the struggle against anarchy and postponement of social reforms until the constituent assembly is convened. The Constitutional Democrats are resolutely opposed to the Minister of Agriculture, M. Tchernooff; they also appear to be against the Foreign Minister, M. Terestchenko. But the Premier says that he will refuse to sacrifice either of these officials.

FUNERAL RESEMBLES PAGEANT

10,000 Cossacks March in Glittering Array at Brothers' Burial.

PETROGRAD, July 28.—(Delayed).—Ten thousand Cossacks and representatives of the Petrograd military garrison today marched in a brilliant and colorful procession to bury eight Cossack victims of the Bolshevik uprising of ten days ago. Glittering with the purple and gold of the high priests' robes and radiant with the bright multi-colored uniforms of various military organizations, including the violet red of a Hussar regiment, lacking all conventional solemnity, the funeral cortege was decidedly more like a pageant of the patriotic and loyal forces of the city.

A short distance behind the last hearse, attired in a suit of ordinary khaki and bareheaded, walked the great national figure of the day—Kerensky. He was virtually without guard and thousands of citizens pressed in upon this part of the procession and at times threatened to halt or break up the parade.

KERENSKY QUIETS PAPERS

Two Germanophile Organs Suppressed by Russian Hero.

PETROGRAD, July 30.—There has been allotted to the ministry of the interior 7,000,000 rubles to meet the expenses of elections to the constituent assembly. Premier and Minister of War Kerensky has suppressed two newspapers which were Germanophile organs of the Social Democratic Workmen's party.

AMNESTY GIVEN POLES

Russian Provisional Government Will Restore Rights.

LONDON, July 30.—The editor of the Polish Review, published in London, has received from A. R. Lednitsky, chairman of the committee appointed by the Russian provisional government to settle affairs in Poland, a telegram saying that the government has granted amnesty to Polish prisoners of war who are Russian subjects and who fought against Russia in the Polish Legions and that they will not be treated as rebels.

All Polish civilian prisoners, including Prussian and Austrian subjects, will be treated as subjects of foreign states which are not at war with Russia, and they will recover personal and property rights. The telegram also gives details of various privileges granted Polish war prisoners.

AUSTRIA LACKS IN FAITH

Vice-Admiral Does Not Expect Victory Through Submarines.

AMSTERDAM, July 30.—Vice-Admiral Maximilian Njegovan, commander of the Austrian fleet, in an interview given to the Neue Freie Presse, declared he did not believe submarines would bring about a decision in the war. He said:

"At present the U-boats are much spoken of as making England, Austria's principal enemy, uncomfortable, but they merely are a means toward victory. It would be a mistake to believe from the experience in the war that big ships are useless, but for us the essential type is that of light cruisers. If we had a great fleet, the war with Italy would have been finished long ago. Indeed, the war would never have been possible."

MONTANA FARMERS NEEDY

Half Million Dollars Required for Wheat Seed.

HELENA, Mont., July 30.—Five hundred thousand dollars must be raised to meet the needs of the farmers of Montana, embarrassed by the failure of their wheat and other crops over the entire state, according to C. D. Greenfield, State Agricultural Commissioner. A meeting to devise a means by which the money may be obtained will be held here Thursday night by the Commissioners, members of the State Council of Defense, farmers and bankers. Money is needed specifically for winter wheat seed, and Attorney-General Ford has construed the state seed law to provide only for spring seed.

BELGIUM TO BE KEPT, VIEW

Nation Will Not Be Handed Back, Says German Newspaper.

COPENHAGEN, July 29.—The Berlin Lokal Anzeiger, commenting on the

recent proceedings in the British House of Commons, says: "Mr. Asquith's inquiry as to whether we were ready to restore Belgium's full freedom can only be meant as a rhetorical question, for Mr. Asquith must know that, aside from a handful of dreamers, nobody thinks of handing Belgium again to England and France." The Catholic organ, the Cologne Volks Zeitung, attempts to prove that the retention of Belgium and the annexation of regions in the east are indispensable to that protection of the German frontiers which Chancellor Michaelis specified. The Tages Zeitung adopts this contention enthusiastically. Some of the radical newspapers, on the other hand, seek to give the impression that the government is so bound by the Reichstag resolution that the entente allies have only to propose peace without annexation or indemnities to obtain it.

INSURANCE PLEA MADE

OREGON COMMISSIONER FIGHTING FOR HOME AGENCIES.

Question of Lower Rates for Shipping by Going to Head Offices Taken Up With Congress.

SALEM, Or., July 30.—(Special).—Insurance Commissioner Wells has received advice from the various members of the Oregon Congressional delegation in reference to the matter filed by the Insurance Commissioner some time ago against a plan to obtain marine insurance on ships by going directly to the head office of the respective insurance companies, rather than through Oregon agencies. It appears that W. H. La Boyteaux, of New York City, chairman of the insurance committee for the Emergency Fleet Corporation, has been advancing the plan of getting insurance direct. Mr. La Boyteaux is said to represent a large insurance brokerage concern of New York. Mr. Wells today telegraphed as follows to Mr. La Boyteaux: "Oregon representatives in Congress advise us you are chairman of the insurance committee for Emergency Fleet Corporation, and that you have arrangements to secure a lower rate for contractors than can be obtained in Oregon. Will this rate be available to all authorized companies here, and will insurance be placed through their independent agents in this state? Before circulating the companies for information I desire advice from you."

NEW TRIAL IS ADVISED

ATTORNEY-GENERAL ACTS IN BEHALF OF THOMAS J. MOONEY.

Recommendation to Supreme Court Based on Purported Exposure of Oxman's Alleged Perjury Attempt.

SAN FRANCISCO, July 30.—A new trial for Thomas J. Mooney was recommended by Attorney-General Webb today in a document filed in the State Supreme Court, where Mooney's appeal from sentence of death for murder is pending.

Mooney was convicted February 9 of murder growing out of the bomb explosion here last July, which killed 19 persons, and was sentenced to death a few days later.

The Attorney-General's action concerning a retrial was based on the exposure of Frank C. Oxman's alleged attempts to suborn perjury in connection with Mooney's trial. Oxman, a star witness against the defendant, is now under arrest and awaiting trial.

After publication of letters from Oxman to F. E. Rigall, of Grayville, Ill., in which Oxman asked the latter to appear as a witness against Mooney, the Superior Judge who presided at Mooney's trial asked Attorney-General Webb to "confess error in the interests of justice."

SHIPS REAL WAR CRUX

"OBSERVER" CONTENTS RESULT RESTS ON TONNAGE.

Outcome Depends Upon Ability to Furnish America With All Vessel Requirements, He Says.

LONDON, July 29.—The Observer, in an article arguing that the Western allies even without Russia are more powerful than the central powers, says: "The real crux of the whole war is to provide ships for the American requirements. We refuse for a single moment to believe that the United States will fail to rise to the crisis. The cause needs every single tone of maritime carrying power that the United States can muster or launch later. No possible shipbuilding effort in this country alone can provide the huge additional tonnage demanded by competing American requirements. To get fairly ahead of the submarines, the United States must launch at least the same amount of tonnage as that mentioned by Lloyd-George in Paris, as Great Britain's output for next year, namely, 4,000,000 tons, and that within the same time."

MEDIATION IS PROBABLE

San Jose Situation Is Reported to Be More Favorable.

SAN JOSE, Cal., July 30.—Declarations by Harris Weinstein, state market director, that he found the canners favorable to a settlement of the strike of their employes and by E. B. Mercader, organizer of the union, that the union could put nothing in the way of a temporary settlement featured the situation today.

Weinstock and Ralph P. Merritt, representing Herbert Hoover, spent the day in secret conferences with cannery representatives and growers. It is said unofficially that the arbitrators will present a contract which will expire December 31 and ask both parties to sign it. It calls for 214 cents an hour straight time. Mercader says the union will accept this.

Three Honor Convicts Escape.

SALEM, Or., July 30.—(Special).—Three prisoners at the penitentiary walked away from the fire field honor gang at the prison yesterday and are still at large. They are Charles Burchett, serving from three to 15 years from Multnomah County on a charge of assault and robbery; George Kemp, serving from one to seven years from Wasco County on a charge of larceny from a building, and Herbert Merithew, alias Curtis, serving seven years from Marion County on a charge of attempting to commit an unnatural crime.

Courtplaster Infected.
FREEPORT, Ia., July 30.—Tetanus germs have been revealed on courtplaster sold here 10 days ago by a

crippled itinerant peddler. A chemical analysis was completed today and the announcement made. An investigation is to be made by the police.

Excess Business Taxed.
ST. JOHNS, N. F., July 30.—A bill imposing a tax on excess business prof-

its has been passed by the Newfoundland Legislature. As many lines of business have been unusually prosperous during the last three years, it is expected that this will yield a large amount of revenue. Other war measures include a provision for food control, with a view to preventing exactions by dealers in foodstuffs and a

system of pensions for soldiers and sailors disabled in the war and the dependents of those who have died while in active service.

Appeal Made to Women.
WASHINGTON, July 30.—Reports from 24 states, showing enormous sur-

pluses of perishable fruits and vegetables with loss, prompted the issuance of a statement by Secretary Houston today urging the women of the country to respond immediately to President Wilson's appeal to save these products.

Among the states particularly affected are Idaho, South Dakota and Washington.
