First Plans Contemplate Taking Over Canadian Northern, With Later Acquisition of Grand Trunk Pacific System.

OTTAWA, Ont., Aug. 2 .- Plans of the Canadian government for nationalization for railways in the dominion on a larger scale were announced in Parliament yesterday by Sir Thomas White, finance minister. He declared that in addition to the government-owned Inter-Colonial Railway in Eastern Canada, it is proposed to acquire the entire Canadian Northern railway sys-

Inter-Colonial Railway in Eastern Canada, it is proposed to acquire the entire Canadian Northern railway system of over 2000 miles, of which 5000 miles are situated in the Western wheat belt.

The finance minster stated the Canadian Northern had a common share capital of \$190,000,000, of which the government already owned \$40,000,000 and it was proposed now to purchase the remaining \$60,000,000 of common stock from the private owners. A board of arbitration would be appointed to determine the value, he declared, and afterwards the government would create a new company, appointing its entire board of director: to operate the system. This would mean that with the Inter-Colonial and the Canadian Northern railways; the people of Canada would own a system of railways from the Atlantic to the Pacific. The finance minister said the government favored retaining as many as possible of the operating heads of the Canadian Northern, especially D. B. Canada walked ashore.
