

Bridge Commission Decides to Leave Matter as It Is Un-🗼 til Span Is Finished.

PROFITS ARE GROWING

Discovery Is Made That Engine Intended to Operate Draw When Current Fails Cannot Do So and Reason Is Demanded.

VANCOUVER, Wash., Aug. 14.-(Spe-cial)-Until the Columbia River Inter-state Bridge is actually complet-ed and the bridge engineers dis-trarged, the income in tolls will be divided as they are now, and have been-Clarke County, two-fifths and Multhomah County three-fifths. fifths.

This question was thus finally set-tled here today at a meeting of the commission, attended by all members but Governor Withycombe, who wrote he would be unable to attend. A large United States flag is to be flown from theb ridge at all times. That the bridge is a good business

proposition, on a paying basis, and that it will within a few years pay for itself, is shown by figures submitted by Auditor Ras.

Profits Are Increasing.

The income, by months, since open ing, and what was paid by the Portland Railway, Light & Power Company,

February March April May	\$ 3,722,60 7,991,65 11,229,24 31,672,33	3,518.91 5,011.13 4,605,58	\$ 2,019,84 4,472,74 6,218,11 7,066,75

Totals... \$66,208.10 \$25,605.10 \$40,512.91 In discussing the equitable division of the toils, Walter H. Evans, District Attorney of Portland, said that he had conferred with James O. Blair, County Attorney of Clarke County, relative to the advisability of taking the matter into court. He said they always came back to the beginning, that the division is a matter of contract between the two counties, and that the courts would so hold it, and that no matter what the courts held, the Bridge Commis-sion could at any time change this arbitrary division. Mr. Rae said he had figured out from

arbitrary division. Mr. Rae said he had figured out from one standpoint that Clarke County's share would be three and one-half ninths, and Multnomah's five and one-balf ninths. It was shown that the streetcar uses the bridge only, and not the fill built by Multnomah County; that thousands of people use the fill from Portland to reach columbia Beach, at no cost, and that while Clarke Coun-ty people can use this fill also they have to pay toll on the bridge to reach

Word was received yesterday from Royal Welcome Awaits Distinguished Visitor, Who Is Touring United States in Effort to Stimu-

the of to-

Fred Spoeri, of the Pacific Telephone & Telegraph Company, asked permis-sion to run aerial lines across the bridge, to do away with 3000 feet of cable, and thus give better service. He and his company was not inclined to pay anything for the privilege, but members of the Bridge Commission held it ought to be worth something commensurate with the service ren-dered. The bridge engineers recom-mended the proposition be rejected. Son of Nippon Tries to Be Passed aid his company was not inclined to

## Draw Engine Does Not Work.

The engineers have recommended that motor generator sets be installed, so as to make use of 11,000-volt lines to operate the bridge draw in case the voltage on the Portland Railway, Light & Power Company line is pulled down by having so many cars running out to Columbia Beach. The generator sets

would cost \$5288, plus installation costs. It developed that while the power is now sometimes weak, there is a now sometimes weak, there is a gasoline engine on the draw span, which was designed to lift the draw in case of emergency. Dennis Camp-bell, bridge superintendent, said that this engine has been unable to lift the bridge recently in the hot weather, whereupon Mr. Klggins asked that an investigation he made why it will not

Investigation be made why it will not. The biggest day's receipts were on July 4, when \$\$37.10 was collected, and the smallest February 24, a stormy day, \$45.55. The average daily dally avreceipts were \$396.45 and the erage operating expense was \$57.62. A net profit, to be applied on interest charges and retiring the bonds, of \$54,-684.84, has been made, not counting the 2 per cent allowed on daily deposits.

COMMISSIONERS WILL DECIDE

District Attorneys Advise Against Taking Case Into Court.

Advices against taking the Interstate bridge toll question into the courts for settlement was given to the Interstate Bridge Commission yester-day by District Attorney Evans, of Multnomah County, and District Attor-ney Blair, of Clarke County, Washing-

## Alkali in Soap

Bad for the Hair

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than the most expensive somp

or anything clse you can use. the nair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich. creamy lather, which rinses out easily.

dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

TACOMA, Wash., Aug. 14 .- Henry J. to manage. You can get mulsified cocoanut oll McGregor, aged 52, prominent railroad at any pharmacy; it's very cheap, and contractor and superintendent of water a few ounces will supply every member in Tacoma, died today, following an a few ounces will supply every member of the family for months.-Adv. operation for appendicitis.
