

RUSSIAN I. W. W. BLAMED FOR CHAOS

Root Declares Order Is Being Restored and People Realizing German Plot.

AGITATORS HELD TRAITORS

German Money Declared to Be as Active in America as It Has Been Found in Russia, and Country Is Warned.

NEW YORK, Aug. 15.—Confidence in the soundness of the character of the Russian people for self government, was expressed by Elihu Root, head of the special diplomatic mission to Russia, who in two addresses here today at this city's official reception to the mission, denounced the part played in that country during its time of peril by "men corresponding to the I. W. W. here, the extreme Socialists and anarchists with whom the German agents made common cause."

Colonel Theodore Roosevelt, who also spoke at the meetings, first at the city hall and then at the Chamber of Commerce, likewise declared that "organizations like the I. W. W. are actively aiding German propaganda in this country." adding: "Let us make those who oppose obstacles to the success of the war feel that they are unhelpful traitors."

5,000,000 Men Needed First. He further said that "until the United States has placed five million men in the fighting line we will have no right to consider ourselves as standing level with Canada in this fight for democracy."

When the Russian emperor was overthrown, Mr. Root said, in describing at City Hall conditions as he found them in Russia, the Russian people, by institutions of national self government and were bewildered, all instruments of authority having been swept away.

German Throw in Gold. "Into this confusion was thrust a great German propaganda that spent money like water, using millions upon millions to bribe the people and to buy newspapers."

Efficiency Is Demonstrated. "I know of no greater instance in the world of competency and conservative government than has been given in Russia in the last three months," he said. "Russia has found herself, and in every field, military and civil, will give a good account of herself to the democracy of the world, and we need not blush for extending our hand to her."

The mission has returned to America, he continued, "to repeat the message of faith in democracy here, for here, as there, German propaganda is seeking to sap the strength of this free democracy. German money is buying men, inspiring the press and building up a great concealed structure of real treason."

In his later speech at the Chamber of Commerce, Mr. Root said that into the confusion in Russia following the fall of the emperor, "came intervention by that malevolent power which is intermeddling with the affairs of every nation upon earth, feeding, financing all the forces of evil."

GENERAL STRIKE CALLED

(Continued From First Page.) "The treatment accorded our fellow-workers in these places is nothing short of barbarous."

Portland Accused of Mistreatment. The lynching of Frank Little, an Industrial Worker of the World, in Butte is cited in the statement as an example of the "tactics that are advocated against us by the master class."

Portland and Klamath Falls, Oregon; North Yakima, Wenatchee and Ellensburg, Washington, and Moscow, Idaho, are among the cities where I. W. W. are being mistreated, according to the statement.

Copies of two different sets of the notices were furnished, one addressed to "No. 490," the I. W. W. section covering harvesters and agricultural workers, and the other to "No. 573," covering all classes of construction work. Both are headed as follows:

"A general strike August 20, unless all union men now held as class war prisoners are released from jails, bars and camps."

Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for fifty years. Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years.

fore that date." It closes with an injunction: "Remember, August 20."

General Strike Called For

"We must see the release of the prisoners held at North Yakima," Rowan explained, "and especially in Washington state."

"Let our answer be a general strike of all men employed in the harvest fields and the fruit orchards in these states," says the "490" order bulletin.

In the general text the notices say that a "systematic persecution has been carried on against our members," and cite the closing of halls and the arrest of members in Pasco, Moscow, Cle Elum, Klamath Falls and other places.

Vigilantes Are Resented. It asserts that I. W. W. red cards are being taken away and torn up, that men are beaten and that "vigilante committees" are being formed by farmers and business men, while "lynch law is openly advocated by the press and the kind of lies and slander spread broadcast leaves the country by these servile tools of the master class."

Denying of the writ of habeas corpus in Pasco, cited. State and Federal Councils of Defense are working "under the hypocritical pretense," the bulletin said, "that they are safeguarding the interests of the state, while in reality their only object is to protect the profits of the masters."

It refers to the miners and lumber workers' strike already called, and closes with the five demands, which, it says, must be granted to avert action.

IDAHO READY FOR TROUBLE

I. W. W. Will Not Be Released and Plants Will Be Protected.

BOISE, Idaho, Aug. 15.—The demand of the Industrial Workers of the World that members be released on or before August 20 will not be met by Governor Alexander of Idaho. He made this plain in a statement that he issued today.

"I have made arrangements to protect every industry in this state, first by law and second, if necessary, by force," said Governor Alexander. "No organization can dictate the policy of the state government. The law of the state must be supreme."

"No treasonable actions or threats will deter me from doing my duty when the time comes. If any man does not want to work he does not have to. I cannot make him. No man will be permitted to interfere with the industries of this state now engaged in keeping the Nation at war with a foreign enemy with necessary war products or materials."

IDAHO SHERIFFS TO BE READY

Governor Issues Edict to Prepare to Maintain Order.

MOSCOW, Idaho, Aug. 15.—(Special.)—Sheriff Campbell received a telegram this afternoon from Governor Alexander of the Idaho Council of Defense, ordering him to maintain order in the North Idaho and make arrangements to maintain order in case the I. W. W. declared a strike August 20, as threatened.

Sheriff Campbell will leave for St. Maries in the morning. From there he will go to Shoshone County, then to Kootenai, then to the counties further north, where the lumbering industry is likely to be endangered.

There is no thought here of releasing the 50 I. W. W. prisoners, but there is a definite movement on foot to have the aliens deported. It also is understood that Federal troops are to be sent into the industrial centers of North Idaho.

GOVERNOR LISTER IS FIRM

Washington Will Not Deviate From Policy With I. W. W.

OLYMPIA, Wash., Aug. 15.—Governor Ernest Lister returned here tonight from a day's outing and when he saw the dispatch from Spokane Industrial Workers of the World headquarters refused to comment further than to say:

"Washington will follow out its proclaimed policy of handling the I. W. W. situation."

Charles Lovan Kline, gunner's mate, third class, Reading, Pa.

Captain Oliver, master of the Campana, is also a prisoner on the U-boat.

The other members of the armed guard, who were landed safely at a French port, are:

Henry Montgomery Lusik, seaman, Ennis, Tex.

George Franklin Wilcox, seaman, Cleveland, O.

Karl Melvin Smith, seaman, St. Louis.

WEST "ALL RIGHT," SAYS VISCOUNT SH

Guests From Japan Become Hosts to Entertainers at Pacific Port.

GENEROSITY IS PRAISED

No Pending Questions Between Japan and America but What Are Susceptible to Fair Adjustment, Says Plenary Envoy.

A PACIFIC PORT, Aug. 15.—All doubts and misconceptions which may have existed between Japan and the United States have been wholly cleared away in the three days which have elapsed since a Japanese mission landed here three days ago, Viscount K. Ishii, Ambassador extraordinary and plenipotentiary, declared in an address here tonight.

"You have convinced my government and people that the heart of the great West is all right," he said, "and that friendly co-operation, from now on, is to be the keynote of all relations between America and Japan."

The Ambassador, after three days of entertainment, turned the tables and gave a dinner to Breckinridge Long, third assistant secretary of state, and his staff, the Army and Navy officers assigned to the mission, and state and city officials who have participated in their welcome. At the Viscount's request, Mr. Long waived a dinner which he had planned to give.

Viscount Ishii, apparently in high good humor, jested with his four score guests.

Kindness Like Whirlwind. "During the past three days I have been making what I believe you call in America a whirlwind campaign," he said. "Your kindness has been the whirlwind and I and my colleagues have been the wind-driven leaves. Fortunately most of us are young men, still in the prime of life, and we are endeavoring to stand up as bravely as possible to the kindly blast."

"I am fully convinced that this city, headed by its gallant Mayor, has entered into some kind of a conspiracy to outdo its world-wide reputation for hospitality. And when you remember that this conspiracy has been aided and abetted by the Federal Government and by this sovereign state, you will form some idea of what it means to stand directly in the path of the wind."

"Asks from all pleasantries, I have indeed much occasion to thank you tonight. The unstinted honors you have extended to this mission are a notice to all the world that America and Japan are standing side by side in the great issues of the day."

Generous Attitude Praised. "You have spoken the word here which binds us in harmony of purpose. Your attitude is clear, your sincerity and understanding on the part of the people of both countries as to our mutual aims and aspirations. The hand of friendship which you have extended to me personally will be accepted by the people of Japan as a tender of sincere friendship toward the sovereign and the people whom I have the honor to represent."

"You have made the work of this mission easier, and it will proceed to the seat of government in Washington buoyed up with the assurances of America's friendly spirit. Your generous attitude makes it possible for every fair-minded man to believe that there are no pending questions between America and Japan which approached in this spirit—are not susceptible of honorable and fair adjustment."

Tomorrow the mission will go on an extended trip to visit various National beauties. Because of lack of time, a military camp on today's sight-seeing programme was sketched, but no stop was made.

FIRES SWEEP OVER CURRY

Merchandise Timber Near Brookings and Farm Buildings Burn.

MARSHFIELD, Or., Aug. 15.—(Special.)—Fires have done considerable damage this season in Curry County. Brookings lumber operators have sent forces to fight a fire in merchantable timber sweeping southeast. A sheep and cattle ranch on the Colbrook ranch was swept clean and feed for the season destroyed. Near Corbin, half way between Port Orford and Rogue River, between 3000 and 4000 acres are burned over.

Whitworth brothers, ranchers, lost their farm buildings. Fires are reported in the district south of the Rogue, but they are said to be under control.

ARMY STAFF IS DIVIDED

Special Officer Will Direct Movement of Men to Europe.

WASHINGTON, Aug. 15.—General Army orders made public today create a new division of the Army Staff which will handle all business pertaining to the shipment of troops and supplies to Europe. Brigadier-General Francis Kernan, assistant chief of staff during Major-General Scott's absence in Russia, is detailed as chief of embarkation service, with Colonel Chauncey B. Baker as his chief assistant.

Included in the plan is the organization of a special corps of embarkation troops to handle supplies and ammunition shipments. All commercial shipping used for Army purposes is also placed under General Kernan's jurisdiction.

WOOL SUPPLY IS SHORT

Bathing Suit for Each Man Would Exhaust Material.

CHICAGO, Aug. 14.—There is only enough wool being produced in the United States to provide every man in the country with a bathing suit annually, according to statistics discussed at the National sheep and wool bureau conference here today.

The bureau voted to put its services at the command of Herbert C. Hoover, food administrator.

ROSEBURG REQUEST DENIED

Closing of Indian Office Permanent, Says Acting Commissioner.

OREGONIAN NEWS BUREAU, Washington, Aug. 15.—Senator McNary, at the request of the bankers and business men of Roseburg, today protested to the Interior Department against the
