TEACHERS TO GET

14 Per Cent General Rise Is Recommended by Finance Committee.

BOARD ACTION NECESSARY

New Schedule, Providing Substantial Advances for Majority of Grade and High Instructors,, Is in Answer to Petition.

The new term of school will begin with a general increase of 14 per cent in the salaries of Portland teachers. meeting their demands made by peti-tion to the School Board, and placing

the district on a par with other Pa-cific Coast schedules.

The new schedule was indorsed last The new schedule was indorsed last night at a meeting of the finance committee and the committee of the whole, with Directors Sommer, Drake and Pike in Kern County, held by the Consolidated Mutual and the North American School Board for ratification, probably at a special session to be called before a special session to be called before Inasmuch as it already has the approval of a majority of the board, by committee action, it is believed to be assured of passage. assured of passage. \$177,638 Added to Payroll.

The new schedule will create an increase of \$177,638 in the payroll, which, for the present schedule, stood at \$1,-279,874.50. It will affect fully 80 per cent of the teachers of Portland by material increases, and will not fall to increase, though in lesser degree. teachers of shorter experience. By the new schedule salaries paid teachers of from two to eight years'

experience are in most cases less than the salaries now in vogue. After the eighth year the increases occur. But the lesser salaries will apply only to teachers who are entering the Portland service, and in no case will there be a reduction in the salary now paid to any teacher. Revision Answer to Demand.

On the contrary, all teachers not affected by the new schedule will receive an increase of \$50, provided that no such increase will be allowed on pre-vailing salaries of more than \$1800. As most of Portland's teachers have been in the employ of the district for a number of years, they will receive direct increases from the new schedule. The schedule is in answer to the petitions of the various teachers' organ-izations for a revision upward. Re-cently a different schedule was devised and tentatively adopted, only to be dropped for the construction of the one which now will be enacted by the board.

O. & C. TAXES TO BE PAID

GOVERNMENT WILL SETTLE WHAT RAILROAD OWED UP TO 1916,

Counties Are Notified, However, That No Further Rights in Premises Will Be Recognized as Existing.

Any of the 18 Western Oregon counties containing Oregon & California grant lands is authorized, under a ruling of the Federal Department of the BARRY AIDES PROMOTED Interior, to accept payment of taxes due on those lands at the time the Chamberlain-Perris bill was passed without prejudicing their rights for the further collection of taxes, penalties and interest.

Advice to this effect was received have received been received by a received by

"This department sees no objection to the course suggested, provided, however, that it be made plain that by entering into such a stipulation the Government in ne way recognizes that the counties have any further rights in the premises. In other words, while it is entirely satisfactory that the counties may expressly reserve such rights as they have, by agreeing to that, the Government does not concede that any such rights exist."
