Boys and Girls Expect to Sell Animals and Realize About \$50 Each-Salem Bank Backs Plan for Children.

BY ADDISON BENNETT. Last Spring the United States National Bank, of Salem, Or. set aside a fund of \$1000 for the financing of a Boys' and Girls' pig club, in which the pupils of the public schools of Marion County were invited to participate. Something like 100 of the pupils went into the club and the bank put up the money for the purchase or feeding of most of these animals. The active manager of the affair was George W. Eyre vice-president of the bank, but he had the co-operation of all of the members of that institution as well as the as-sistance of W. M. Smith, County School Superintendent, and the Oregon Agri-cultural College. The college backed up the enterprise by giving such serv-ices as were required through Professor

The bank officials are so well satisfied The bank officials are so well satisfied with the success of their venture that they decided to give the members of the club an outing, and yesterday they brought about 50 of the youngsters to Portland and took them out to the stockyards in North Portland, where the boys and girls had the time of their lives. They were shown first all through the yards, were instructed in the man-ner of receiving and unloading stock, the manner of distribution to the various pens, the system of selling, of weighing, of payment—in fact, they were instructed in all operations at the

Administration Building Seen.

W. H. Daughtry, manager of the stockyards company, acted as chape-ron, and after this thorough inspec-tion the members of the party were taken through the fine new administration building and shown all of the ac-tivities carried on therein. Shortly after noon the party assem-

bled at the Transit House, the hotel conducted at the yards, and there they sat down to about as fine a meal as one often partakes of in the best hotels. After fully discussing the edibles the oratory began, the following being the speakers: R. L. McGee, toastmaster; W. H. Daughtry, Professor Allen, Agent Eagan, of the Southern Pacific at Sa-lem: C. M. McAllister, of the Stock-yards Company; C. N. Maris, G. W. Henof the Stockyards Company; Miss Rickets, a Marion County teacher in whose school is the largest pig club in the county, and George W. Eyre, the 'daddy" of the club.

After the banquet, and the oratory, the party was escorted to the buildings of the Union Meat Company and were shown through the entire plant, no de-tall being overlooked from the place where the animals come in to the shape in which the "remains" pass out as food of some shape, or as hair, wool or some other by-product. It took two hours or more to make this trip, but it.

The company is to furnish all the hours or more to make this trip, but it was time well spent, and even the elders were deeply interested. Then The Coregonian artist took a few pictures, after which the special cars arrived over the lines of the Portland street railway and the Kenton-North Portland street railway, and the party was taken to the Union Depot, where a train was waiting to take them to Saiem.

HONOR GIRLS ARE DELAYED

Misses Danforth on Road 20 Hours Returning From Camp.

Delays because of tire and engine trouble kept Miss Lucile Danfort ., head of the Girls' Honor Guard in the state, her sister, Miss Wanda Danforth, and Miss Ethel Clark 20 hours on the road from the Honor Guard camp at Columbia Beach, near Seaside, to Portland. They arrived late last night.

Considerable apprehension was caused in Portland by their failure to arrive arly yesterday, as they had expected. They left the camp at 2:30 yesterday morning, to be driven to their homes by Victor P. Onslow, of Portland. Blowouts and various other difficulties made the trip a succession of delays.

work when the checks were passed out today. This is exclusive of approxi-mately \$11,000 which covered the mo-tor truck payroll. The number of men employed by the Hurley-Mason Company, Portland and Tacoma, contractors on the job, was \$8830. This was exclusive of 129 men

employed by the Independent Asphalt Company, making a total of 3019 men employed. In the same period \$325,000 was paid out for material. More than \$1,000,000 has been paid out in wages at the cantonment since the great work was begun eight weeks ago

In all probability the Pacific Coast Commissary Company will receive a contract from the War Department for the feeding of the first 15,000 men of the National selective Army who will arrive here about September 10. Bad Checks Passed on Naval Officials at New York-Principal of Academy at Montclair, N. J., Imposed On.

WASHINGTON, Aug. 20.—A mysterious stranger passing himself off on naval officers and others as a son of Secretary Daniels has obtained considerable money and, to date, has eluded

capture.

The Navy Department today issued a warning against him. According to the announcement, his first appearance was July 9, when he introduced himself o officers of the receiving ship at New York and was invited to luncheon. He said he had lost about \$47 and succeeded in "borrowing" \$20 from the ship's paymaster, furnishing a regular Navy receipt which he signed "Herbert J. Daniels." July 25 the same man called on the

principal of the Montchir, N. J., Acad-emy, introduced himself as Frank Daniels, a son of the Secretary, and said he had been commissioned by Rear-Admiral Usher to arrange an encamp ment on the academy campus for 20 sailors. He also expressed a desire to visit Thomas A. Edison, and this was arranged through Dr. M. Reese Hutchison, Mr. Edison's confidential man, who first took the stranger to his own home for luncheon and then to the inventor's laboratory at Orange, N. J. The statement says that Dr. Hutchison lost \$250 by cashing the stranger's lost \$250 by cashing the stranger's

Meanwhile the imposter had again called at Dr. Hutchison's home, saying he was going to stay there a week. He borrowed a camera from a servant and then went to the Edison storage battery plant, where he got \$30 from the superintendent on a bad check.
