LOCAL HOGS STEADY

Weakening Eastern Market Not Felt Much in Portland.

CHANGES IN CATTLE FEW

Best Steers, Bulls and Calves Unchanged, but Poor Stuff Is Neglected - Top Hogs Firm at \$18.

In spite of the weakening of the hog market in Easiern centers yesterday, it held steady in Portland, with a top price of \$18.00. In cattle there was a decided weakening on the poor stuff, though the best siters, buils and calves were unchanged.

Industrial Notes.

I DAHO mines returned a net profit of \$12.820.180 to their owners in 1916, according to statements received from county assessors by the State Auditor. This exceeds the earnings of 1915 by \$2.818,333. Practically all of the net profit of the mineral production of Idaho came from Spokane County. Earnings shown by other countles are: Custer, \$321,533; Boise, \$127, 205; Lembi, \$146,667.

Ravenel Macbeth, of Custer County, has been making an investigation for the idaho Mining Association of the amount of capital involved in the mineral development of the state. He is also an ardent advocate of good roads and tells the mining men that their welfare is bound up in the state's highway development. In idaho County Mr. Macbeth mide a thorough inspection of the Dewey mine and pronounces it a great property. He states the development has opened a true body of sulphide ore at the water level, leaving no doubt as to its permanency. He ains states that he saw ore from the Ten He aino states that he saw ore from the Ten Mile district that contains the prized tung-

. . . Idaho has no chance of getting water from Jackson Lake, Wyoming, to irrigate lands now arid. The Governor, Secretary of State and Attorney-General made a trip to Jackson Lake and report it impossible to increase the capacity of the reservoir built some years ago by the Federal Government. The entire run-off of the water-shed at the head of Snake Blver is at present being impounded. The reservoir has a capacity of 100,000 acro feet of water, all decreed to lands in the Snake Blver Valley, and promotors of new projects in idaho cannot hope to buy water from the Federal Government at this time, engineers in the reclamation service say.
